

SHIPS SEARCH FOR GOULD'S YACHT

Millionaire, Wife and a Party of Friends Missing for Four Days at Sea.

TERRIFIC STORM RAGES ALONG VIRGINIA COAST

Revenue Cutters Ordered to Look for the Niagara and Tow Her to Safety If She Is Afloat—Grave Fears Entertained.

(Journal Special Service.)
Norfolk, Va., Dec. 22.—Revenue cutters have cleared from this port to make a thorough search for Howard Gould's yacht, Niagara, which has been missing four days. On board the yacht are Mr. and Mrs. Gould and a party of friends, and the most serious alarm is felt for their safety. A terrific storm is raging off the coast, many wrecks are reported and it is feared the Niagara has been unable to weather the gale. Orders have been given the captains of the revenue cutters to carry their search at least 100 miles out to sea in the hope that if the Niagara is afloat and in danger she may be towed to safety. The last seen of the Niagara was on Sunday last, when she was standing close by the schooner Bella O'Neil, off Hatteras, endeavoring to induce the captain of the Bella O'Neil, which was leaking badly, to abandon his ship and go aboard the Niagara.

SHOPPING IS STOPPED BY PROPHECY OF DISASTER

Remark Made by Actor, Predicting Boiler Explosion, Affects Holiday Trade.

(Journal Special Service.)
Providence, R. I., Dec. 22.—A prophecy made six weeks ago by a troupe of entertainers in the Providence opera house has caused an incredible restlessness among the thousands of Christmas shoppers. The prediction was that between December 16 and 24 there would be a boiler explosion in one of the Providence department stores. The story spread like wildfire and it is almost the universal subject of conversation. Proprietors of stores are doing everything possible to allay the scare, having had special inspections made of the boilers. One of the largest stores has had the fires drawn from under the

Dr. Oliver C. Haugh of Dayton, Ohio, who murdered his whole family by the use of a rare poison, then cremated their bodies by setting fire to the house. On the left is John Haugh, his brother, Jacob, his father, and below his mother.

APPLIANCE INVENTED TO PREVENT SEA-SICKNESS

(Journal Special Service.)
Washington, Dec. 22.—According to German papers forwarded by Consul-General Guenther of Frankfurt, Mr. Otto Schlick of Hamburg has invented an appliance which reduces the rolling of ships to a minimum. It is stated that if its claims are proved it will prove of great importance, not only that sea-sickness would be done away with, but the efficiency of warships would be greatly enhanced, as the hitting ability would be vastly increased. Much interest appears to be manifested in this invention in shipbuilding circles. Recently experiments with the appliance took place at the works of the Hamburg-American line in the harbor of Hamburg before a company of interested parties. Into an old torpedo-boat one of the appliances had been built amidships. The appliance has turbine paddles and is so constructed that it can make simultaneously rotating and pendulous motions. By the combined motion the rolling of the ships is to be averted. The apparatus was set in motion by steam power, making 2,300 revolutions a minute, and the result is said to have been such as to justify the belief that it would accomplish what is claimed for it.

Dining the President.
(Journal Special Service.)
Washington, Dec. 22.—President and Mrs. Roosevelt will be the guests of honor at a dinner given by Vice-President and Mrs. Fairbanks at their magnificent new home on Farragut square. A large number of invitations have been sent out by the hosts and a brilliant party is expected to gather around the festive board tonight.

NEW HAMPSHIRE UP IN ARMS OVER BELMONT TRACK

Million and a Half Race Course and Monte Carlo Arouses Entire Granite State.

(Journal Special Service.)
Salem, N. H., Dec. 22.—Thirteen thousand New Hampshire farmers have officially labeled the new \$1,500,000 Belmont track and Monte Carlo now building in this town a moral peril, and pledged their support to battle against it. So great is the fight that not only is the entire Granite state up in arms against it, but public sentiment is compelling the Massachusetts churches and civic organizations to pass resolutions of support and encouragement. The head of the syndicate is Andrew Miller of the New York Jockey club, and the name of August Belmont is used continually as the backer of the men employed on the works. The company, which is called the New England Breeders' club, is operating under an ironclad ten years' charter, which, its opponents say, permits gambling in all its forms within the enclosure, yet this charter went through the legislature without protest and \$250,000 had been spent on the finest racing grounds in the world before the state sat up and took notice. The matter will be taken to the courts.

Specials Today.

MOST PROSPEROUS YEAR IN HISTORY OF KANSAS

(Journal Special Service.)
Topeka, Kan., Dec. 22.—The report just issued by the Kansas department of agriculture shows that 1908 has been the most prosperous year in the history of the state. The value of the farm products and livestock amounts to \$408,639,823, which is the best showing ever recorded by the state. The report shows that the wheat crop was the fourth best ever produced in this state, amounting to 77,178,177 bushels, or about 12,900,000 bushels more than in 1904. It is greater in value by \$41,222,705, or almost 11 per cent, than in 1904.

No Remedy to Fit.
From the San Francisco Chronicle.
"I will never forget my first experience in hospital work," said Chief Surgeon Miller of the Central emergency hospital. "There was a green nurse in the detention-ward and we had a very violent case in there—a man in the worst stage of delirium tremens. I was awakened in the middle of the night by the head nurse, who requested me to come at once to the patient. When I got there I found him raving and very violent, with the new nurse scared out of her wits. I said: 'Why did you let him go so far? I left you some medicine to give him as soon as he got delirious.' 'Yes, doctor,' she replied, 'but you told me to give that to him if he saw any more snakes, and this time he was seeing blue dogs with pink tails.' Westfall hoodlums stole a team, harness and sleigh for a pleasure trip, and ruined the whole outfit."

A NEW YEAR'S NECESSITY

Is good teeth, and one that cannot be neglected, as your health and happiness depends on them. A visit to Wise Bros. will convince you that their methods are not only painless, but thoroughly scientific and durable. Their crown and bridge work is marvelous.
