

DEMAND FOR BUCKWHEAT

Yet, While Formerly Raised Extensively, Little is Produced by Farmers Now.

CAN BE GROWN IN WILLAMETTE VALLEY

W. S. Hurst, Former Buckwheat Miller, Says It Would Pay Farmers to Go Into Business—Now Millers Buy Almost All From New York.

There is an increasing demand for buckwheat in this territory, and manufacturers are asking why more of this grain is not produced in Oregon. Some years ago there were quite a number of farmers who had patches of buckwheat, but an overproduction sent the price down to such a figure that it was no longer profitable to raise it.

Cereals millers of Portland are of the opinion that the demand for buckwheat is growing rapidly. At this time they secure the bulk of their product from New York growers.

SEATTLE-CROOK TAKES NEW PLAN TO GET CASH

Mose Goldsmith Invited to Room at Fashionable Hotel and Robbed.

Special Dispatch to The Journal.—Seattle, Dec. 30.—One of the boldest of thefts took place yesterday evening when Mose Goldsmith, owner of the Strand theatre of this city, was held up in a room of the Lincoln hotel and made to pay \$2,750 by a man giving the name of Burke. Goldsmith received a call from Burke over the telephone, in which Burke arranged for a business meeting with Goldsmith.

Scale Minute Insect

"Scale is the minutest kind of an insect, but it bores into the bark and not only sucks the sap of the tree but pours its eggs as well. The little twigs die first. In the fall the presence of scale may be known if the leaves continue to hang on the tree after the time for them to fall. In the spring the leaves which are infested with scale will not leaf out properly. When the fruit appears it will be speckled with scale."

WALLOWA RIVER FISH HATCHERY'S BIG SEASON

(Special Dispatch to The Journal.)—Elgin, Or., Dec. 30.—A. D. Allen, superintendent of the Wallowa river fish hatchery, reports the most successful season, considering the difficulties and disadvantages with which the management has had to contend. The total number of eggs secured was 2,500,000. This number would have been doubled had it not been for the recent cold weather, which caused an ice jam to form against the upper rack, compelling the management to remove several sections of the rack, thereby liberating 2,000 salmon. These fish were of the sockeye and silver side species, and few eggs have been secured from them. Of the number of eggs secured 2,000,000 had hatched and those remaining were in good condition. Had it not been for the forming of the ice jam the number of eggs secured would have reached the 5,000,000 mark. The superintendent is well pleased with the hatchery so far.

ELECTRIC RAILROAD PLANNED AT BAKER CITY

(Special Dispatch to The Journal.)—Baker City, Or., Dec. 30.—A scheme for an electric railway from here to Haines and North Powder has been launched here. It is understood that the necessary capital has been secured to construct such a line and that work will be commenced as soon as the weather permits. This city is the moving spirit in the enterprise, and says that it would be a great advantage to the construction work. It is proposed to run the line from here to Haines, which is 16 miles distant, and thence on to North Powder, 29 miles. The line will pass through a rich farming country.

HON. M. HOGAN THREATENED WITH CONSUMPTION

Kept Losing Flesh—Grew Weak CHILD DYING WITH CROUP Doctors Did Them No Good

"What puzzled me in the beginning was that I kept losing flesh without any cause for it. I could do so. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon be cured by a good remedy, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance, never thought of as consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do if you consulted a doctor. He didn't do me any good. I kept going down hill and the outlook was bad. Things took a different turn, however, when I heard of Dr. Acker's English Remedy for the Lungs, for I took it, and it not only cured my cough and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Dr. Acker's English Remedy in the home, and it is a good thing to do so, for one night my youngest child was seized with Croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the child the proper doses of this GRAND MEDICINE. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It is both an expectorant and a tonic, and a cough of Consumption and my child of Croup, and I know what I am talking about." (Signed) Hon. M. Hogan, 242 Center St., New York.

Be sure to ask for DR. ACKER'S ENGLISH REMEDY For the Lungs. All Druggists 25c, 50c, \$1.00.
