

CHOICE WORKS OF MASTERS SHOWN

The Sculptor and the King, by George De F. Brush.

A large number of art critics, art students, art lovers and merely art beholders made up the throng that gathered at the Art museum last night at the invitation of Mrs. H. W. Corbett, Mrs. W. S. Ladd, Miss Henrietta H. Falling and the directors and their wives, on the occasion of the opening of a splendid art exhibit now shown in the galleries. That the collection of paintings is a good one needs only the names of the artists to prove; that it was enjoyed last night needed only a glance at the spectators to show.

Commercial club were among the contributors. The following are the artists whose work is shown: Art, D. C.; Bariloff, Leon; Billebeck, R. A.; Blomberg, J.; Book, Theophilus; Borah, Knut; Bondin, Louis Eugene; Brush, George De Forest; Bunce, Gensley; Cohen, Lewis; Corset, J. B. C.; Bourbet, Gustave; Cousin, E. L.; Daubigny, C. F.; Dummer, Honore; Davies, Arthur E.; Davis, Charles H.; De Haas, M. F. H.; Delacroix, Eugene; Dlx, Narcissa Virginia; Dubouchet, Du Mond; Frank Vincent; Dupre, Jules; Eaton, Wyatt; Gault-Lalour, Henri; Fuller, George; Gosart, Jan; Gosella, Albert; Hall, Oliver; Harrison, Birge; Hart, James; Hassell, Ida; Hassam, Childs; Henner, J. J.; Howe, William H.; Hunt, William Morris; Innes, George; Jacques, Charles Japy; Louis, Karl; Wilhelm; Keith, William; Knight, D. Ridgway; Mabuk, Jan (Gossart); Macomber, Mary L.; Martin, Homer; Matejka, V. Louis; Michal, George; Millet, J. F.; Mioniselli, Adolph; Murphy, J. Francis; Ochtman, Leonard; Rainger, H. W.; Ravanne, G.; Redfield, Edward; Ri-hot, Theodore; Richardson, Mily C.; Rigolot, A. O.; Rousseau, Theodore; Roybet, Ferdinand; Ryder, Albert R.; Sauter, William; Talcott, Elias B.; Troyon, Constant; Twahtman, John H.; Van Marcke, Emilie; Volton, Antoine; Weir, J. Alden; Weyden, Roger van der; Whitmore, William J.; Williams, Gustave; Wiggins, Charles; Williams, Frederick Ballard; Wyant, A. H.; Ziem, Felix.

There were many expressions of surprise last night that Portland should contain so many and such choice works of master artists. A large number were pictures exhibited at the exposition last summer and purchased there. The Inness and Corot paintings, of which there were ten in all, were among those attracting much individual attention. The Earlain "Aqueduct" and cloud picture called for the admiration they created at the fair. The group of Metting portraits on the lower floor were interesting as presenting a number of varying subjects in the same work. The Monticelli paintings were a delight to students for their wonderful coloring, though not so popular with the casual observer for their subject matter. The dainty Twahtman landscapes hung together, were much admired, while the spirit caught by Wyant in his "Avalanche Lake" was a subject of discussion.

It is a large picture, striking in subject and exceedingly well hung. The Daumier decorative picture, the Ziem, owned by I. N. Fieschner, and the Henner by Mrs. A. Wolfe, were especially mentioned for their rarity. A large picture attracting much comment partly for its familiarity to so many was George DeForest Brush's, "The Sculptor and the King," which is owned by Miss Henrietta Falling. All the pictures received their share of approbation. Some have received medals at various exhibitions; others may not have been exhibited at all, but all are worthy of consideration. A large attendance is expected and long hours have been given that all may be accommodated. The rooms will be open every day from 9 to 6 o'clock, and on Wednesday and Saturday evenings. On Thursday, Saturday and Sunday afternoons there will be no admission fee. The pictures will remain hung till Saturday, March 17, and that they may not be suspected they were exhibited at all, but all are worthy of consideration.

CHILD'S AWFUL SKIN HUMOR

Screamed with Pain—Suffering Nearly Broke Parent's Heart—Twelve Years of Misery—Doctor Called Case Incurable—Helped from First, and

SPEDILY CURED BY CUTICURA REMEDIES

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of a doctor. Under their treatment the disease spread to four different parts of his body. The longer the disease lasted the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard down stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

HOWEVER HARRIMAN CAN SECURE WAY ACROSS IT

Thus O. R. & N. May Establish Its Grade at Maesley Junction, Court Holding That It First Surveyed Line.

Presiding Judge Arthur L. Fraser this morning decided that the Portland & Seaside, railway, account of the conflicting bank line, owned a 300 foot right of way across the land of the College Endowment association near St. Johns, but that the O. R. & N. had a right to institute proceedings for a right of way across the Hill property. Thus the O. R. & N. will have a right to establish its grade at Maesley Junction, the court holding that it was the first road to survey the line across the property. Judge Fraser said in his decision that owing to the many moves that had been made by both companies before the suits decided this morning were brought, the court could not give a final decision on the right of way. He said that the O. R. & N. had the right to survey the line across the property, and that the Portland & Seaside company was not made a party to such condemnation proceeding. It is not affected by the judgment rendered therein. And the O. R. & N. not having acquired any right either by purchase or condemnation, it is not bound to construct its railroad across the 300-foot strip of land should not now be permitted further to enter upon, occupy or work on the construction of its road thereon until it has, either by purchase or condemnation, secured a right of way across said land; and that, hence, the temporary injunction heretofore issued in the case of the Portland & Seaside company vs. the O. R. & N. should be continued in force until such time as the O. R. & N. shall have acquired by purchase or condemnation a right of way across such land, and unless the O. R. & N. shall have used diligent efforts to acquire such right of way, it may be allowed to acquire such right of way within a reasonable time hereafter, such injunction should be made perpetual.

Severe Cough—Consumption Threatened

Mrs. Mary Painter, who was reduced to a shadow and threatened with consumption, is restored to health and strength by Duffy's Pure Malt Whiskey. Her husband, who had been reduced to a shadow and threatened with consumption, is restored to health and strength by Duffy's Pure Malt Whiskey. As soon as I began to take it my cough ceased and I was able to eat and sleep as usual. "It is with great pleasure I write to tell you what I think of Duffy's Pure Malt Whiskey. I sincerely trust it is the greatest medicine ever made. I took a cough this spring and it got so bad my friends thought I had consumption. I was as thin as a skeleton, had given up and could scarcely live, so I bought two bottles of Duffy's Pure Malt Whiskey. As soon as I began to take it my cough ceased and I was able to eat and sleep as usual. "Please send us another dozen bottles, as we cannot get along without it."—MRS. MARY PAINTER, Phoenix, Mo., Sept. 15, 1904.

How to Exercise the Bowels

Your intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it. You see, the food is Nourishment or Poison, just according to how long it stays in transit.

MY MY MY CASCARET POCKET POCKET POCKET. The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil. This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task. Another remedy is to take a strong Cathartic, like Sals, Calomel, Jalap, Phosphates of Sodium, Aperient Water, or any of these mixed. What does the Cathartic do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the intestines through the tiny suckers.

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it. That's why Cascarets are the only safe medicine for the bowels.
