TELLS BY THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on," said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing normal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

Woman's Trials.

The bitter trial is a woman's life. It is to be childless. Who can tell how hard the struggle may have been she learns to resign herself to her lonely lot? The absence of this link to bind marital life together, the absence of the one pledge to mutual affection is a common disappointment. Many unfortunate couples become estranged thereby. Even if they do not drift apart, one may read the whole extent of their disappointment in the eyes of such a childless couple when they rest on the children of others. To them the largest family does not seem too numerous.

Our Spring Millinery Silk and Dress Goods SHOWS

TRIUMPH

Second Floor Salons—Annex

The Millinery style center—becoming hats for everybody at everybody's price. Best materials, best styles, best values—these are the reasons for the leadership of this great Millinery Store.

And isn't it a showing of exquisite hats? As bright and entrancing as a rose garden in Oregon and the month of May. We won't attempt to describe the display—simply can't! Might as well try to tell the full charm of the rose garden, which, as you know, is impossible. It's a question of seeing. These are the merest hints. And the hats are trooping in by every express—going out down every elevator, every moment, in possession of new and happy owners. Colorings are bright—we said that before—shades are prettier than ever; Sailors are much in evidence. The new sailor has a large, deep crown with narrow brim, a little shorter in front than back. It is smartly trimmed with quills and wings. Flowers are used in profusion and with abandon. But we have neither time nor space to tell the pretty story in full, come in and meet the new guests; our courteous corps of ushers employed in the Millinery Salons will present them to you formally and show you 'round to your heart's content. Of course, if you want to buy, they'll be happy to turn saleswomen, and sell you the beautiful millinery.
