CAPTAIN SLOVER MAKES B. P. McGINNIS GIVE UP HIS REVOLVER AND TOOLS.

Give me your revolver and your tools. You are a disgrace to the police department," said Police Captain Slover last night to Patrolman B. P. McGinnis, whom he and Inspector Bruhn detected in a flagrant breach of duty.

CALLS HIM DISGRACE TO THE DEPARTMENT

McGinnis was lodged last night in the city prison. Chief Grismacher ordered McGinnis to be arrested for a suit of civilian clothing this morning, declaring that he did not want such a man to wear the garb of a police officer.

PATROLMAN SPENDS NIGHT IN CELL, AND ON CHIEF'S ORDERS SENDS FOR CIVILIAN CLOTHES IN WHICH TO LEAVE STATION—GIRL ONLY FIFTEEN YEARS OLD.

For several days Captain Slover has known that some policeman had been seen at night in the company of a girl on Portland Heights. Last evening, about 11 o'clock, Inspector Bruhn went to the Heights and for an hour and a half kept a strict lookout.

MR. BARSTOW TELLS WHY OFFER IS LIBERAL

Mr. Barstow of the Willamette Valley Traction company gives the following succinct reasons why his company should be given a Portland franchise:

GIVES SEVEN REASONS WHY CITY SHOULD GIVE FRANCHISE TO TRACTION COMPANY.

1.—Gives city \$50,000 compensation in 25 years. 2.—Under lease with city for front street line will pay city \$1 for each and every car owned by private or other parties passing over this line, the company to be limited to a charge of \$2.50, same as United Railways. 3.—Offers to sell to city lines south of Jefferson to city limits at end of four years for \$100,000. The amount which the city will receive will be: \$50,000 in 25 years; \$60,000 value of front street line; \$450,000 in 25 years, 100 per cent on present traffic; \$550,000 in 25 years. 4.—The other company does not agree to hold to any definite terminal; it will pay only \$150,000 during 25 years to the city; it does not agree to give front street line to city, but requires city, if city desires it after five years, to pay handsomely for it; it asks for twice the mileage of streets and gives only about one fourth the compensation to the city.
