violation of the franchise granted them by the city council, and that they did not comply with the requirements and conditions named by the council when the franchise to enter the city was granted. On account of the failure of these applicants for franchise to place more permanent beginnings of work in the city as an indication of good faith, they further allege that the franchise granted the company is defective and unlawful. The Home Telephone company last evening and during the night placed 64

Greater Safety and Security Greater Economy With Electric Lighting. Electricity for light is only expensive to people who are wasteful and careless. To you who are careful the cost is very little. It is economical because it can be quickly turned off when not in use. There is no temptation to let it burn, when not in use, to save both of lighting and adjusting. Install Electric service and "begin to live"; the Electric current will not only afford you the BEST illumination, but will help you in a hundred convenient ways that you never thought of. The SEWING MACHINE, the FAN, can be operated by Electric power in any room by merely connecting with a lamp socket. There is no greater convenience in the home than the ELECTRIC FLAT IRON. It saves time—strength—money. Your capacity for work is doubled—with less labor, less fatigue, less expense. Your opportunity for recreation is more than doubled, because electricity saves your time.
