FRANK SMITH STILL ELUDES POSSES AND SECOND OF HIS VICTIMS IS DEAD

Captain O. D. Henderson, Who With Sheriff Shaver, Was Shot Last Night, Died Early This Morning.

OFFICERS MEET THE FUGITIVE UNEXPECTEDLY NEAR WOODBURN

Sheriff Has a Chance of Recovery—At One o'Clock Today Word Comes That Smith Was Seen Near Gervais.

Gervais, Or., April 28.—(Bulletin.)—At 1 o'clock this afternoon word was received from St. Louis that Smith was seen passing the residence of Mrs. H. B. Bennett, two miles west of Gervais at 1 o'clock this morning. He was running and almost exhausted. The posse at this and other points started in pursuit at once.

(From a Journal Staff Correspondent.)
Gervais, Or., April 28.—A posse of armed men in scouring the country in search of Frank Smith, the murderer who eluded pursuit last night a mile south of Woodburn, by shooting and fatally wounding Captain O. D. Henderson of Woodburn, who has since died, and seriously shooting Sheriff Shaver of Clackamas county. The shooting occurred on the railroad track south of Woodburn. Smith escaped by jumping down a steep embankment and running across the country in a westerly direction. Darkness assisted the fugitive and the pursuing posse lost track of him. This morning however, the posse, led by Chief of Police Burns, of Oregon City, Detective Snow of Portland, and a posse of 25.

They traced the murderer for the distance of a mile in the direction of Gervais. He is believed to have slept a few hours early this morning in a barn on the Brown farm, near Woodburn. The place was thoroughly searched today and traces of the fugitive found, and a posse is now patrolling the railroad tracks between Woodburn and Gervais and searching every residence, barn and building in the vicinity. The chase is likely to continue through the night.

Shooting This Morning.

At 12:30 o'clock this morning a posse of four walking along the track towards Gervais encountered Smith 200 yards south of Woodburn. Sheriff Shaver of Clackamas and Captain Henderson of Woodburn were on the track. Sheriff Culver and military man were on the road along the side of the track. They were within 10 feet of Smith before they recognized him.

Town Turns Out.

Fire Alarm Calls Posse From Oregon City, Keened by Chief.
(Special Dispatch to The Journal.)
Oregon City, April 28.—(Sheriff John R. Shaver was just completing his second term of office and was a native of Oregon. Mr. Shaver was about 52 years of age and was born in Portland. His father was a pioneer and a prominent steamboat man. Mr. Shaver has been a resident of Clackamas county for a number of years, residing on a farm at Molalla up to the time of his election to the office of sheriff. He leaves a widow and no children. He was a harnessmaker in Woodburn.

Countrywide Under Arms.

The country under patrol is in the shape of a triangle having its apex at the town of Woodburn, Gervais and St. Louis, an area of about 13 miles. A cord of officers and armed citizens is patrolling the district in case the fugitive is in hiding which resulted in the capture is inevitable. No one is certain, however, whether he passed before the dead line was established.

Reward Dead or Alive.

Thousand Dollars Offered for Capture of Smith After Latest Murder.

(Special Dispatch to The Journal.)
Salem, Or., April 28.—Posse are trying to run to earth Frank Smith, the outlaw and murderer of Policeman Hanlon of Oregon City and Captain O. D. Henderson of Woodburn, while the life of his third victim, Sheriff Shaver, of Oregon City, hangs by a slender thread. A reward of \$1,000 has been offered for Smith's capture, "dead or alive."
Captain Henderson and Sheriff Shaver were shot early this morning while attempting to effect Smith's capture. The pitched battle which resulted in the wounding of the two officers occurred in the outskirts of Woodburn, where Smith was surrounded in the brush at an early hour yesterday afternoon. At 1 o'clock this morning he attempted to rush to safety, springing from the brush and taking the officers unaware. He fired the first shot at a distance of six feet, bringing down Captain Henderson. Firing as he ran he wounded Sheriff Shaver and made his escape.
The two wounded men were brought to this city on a freight train and immediately removed to the hospital, Shaver being taken to the Salem hos-

pital and Henderson to the Samaritan. Captain Henderson died during an operation. Sheriff Shaver passed through the necessary operation, but is announced by physicians to be in a very critical condition.

As soon as the latest deed of the desperado became known four posses were immediately organized at Woodburn, and are now scouring the country for trace of Smith. The men in the posses are determined, and it is probable that Smith will be shot on sight without an attempt being made to take him alive.

Rewards to the amount of \$1,000 have been offered for the capture of Smith "dead or alive." County Judge Scott has offered a reward of \$150 and Sheriff Culver \$250 additional. Officers throughout the district have dropped all other duties to pursue the outlaw.

A long distance telephone message from Aurora at 1 o'clock this afternoon stated that it was thought Smith was doubling on his tracks and that shots had been heard south of the city, leading to the belief that the posse had come in contact with the desperado and that a battle was in progress.

Mrs. J. R. Shaver and children left Oregon City this morning on a special to reach the bedside of their husband and father.

Captain James Shaver, brother of the wounded Clackamas county sheriff, left for Salem as soon as he heard of the shooting. He sent a telephone message to Captain Del Shaver, another brother, this morning saying that the wounded man is resting easy and stands a fighting chance for his life.

Captain O. D. Henderson was born in Scotland and was a member of the Presbyterian church. He was a member of the Second Oregon when that regiment was in the Philippines, holding the position of quartermaster's sergeant. He was captain of a company of the Oregon National Guard. He leaves a widow, but no children. He was a harnessmaker in Woodburn.

SMITH IS SURROUNDED.

Police Informed That Capture of Oregon City Suspect Is Certain.

Chief of Police Grismacher received word by telephone from Chief Burns of Oregon City this morning that Frank Smith is surrounded in the woods by a posse one and one half miles from Woodburn. His capture or death is believed to be certain.
L. E. Palmer, a farmer living near Salmon, telephoned this morning from Marmot, a station on the O. W. P. line, that a man resembling Smith passed his place at 2:46 o'clock this morning and acted in a suspicious manner. He drove to Marmot, five miles distant, to send in his report. The police, in view of the positive word received from Chief Burns, think the man seen by Palmer was not Smith, as he could not have covered the long distance between Woodburn and Salmon in a night, even though he were familiar with the road and had a horse.

FATHER SENT HIM TO GRANDMA IN SEATTLE

Passengers on Train Took Interest in Lad, Traveling Men Adopting Him for Time, and He Left for North With Pockets Bulging.

Little Willard Nelson, aged 7 years, was the youngest refugee to travel from San Francisco to Portland alone. He arrived in the city yesterday afternoon, and last night, the center of an admiring crowd of traveling salesmen, he continued his journey to Seattle, where a fond grandmother awaits him. On his coat was a tag, telling his name, his destination, the name of his father and his grandmother in Seattle, and asking trainmen and relief committees to take good care of him and see that he made the journey safely.

ARMED MEN RIDE TO COAL FIELDS

Troop of Constabulary Leaves Reading With Winchesters and Horses.

Reading, Pa., April 28.—(Bulletin.)—Troop C of the state constabulary left here, mounted, today for the coal fields, each armed with a repeating rifle, a revolver and a "blackjack."

Wilkesbarre, Pa., April 28.—The outlook in the anthracite region has begun to assume a serious aspect. President John Mitchell of the miners, after receiving a formal reply from the operators today declining the proposition he had submitted to settle the anthracite differences, issued a statement saying that he could not forecast the outcome until a convention was held.

CHILD DRINKS ACID AND DEATH FOLLOWS

(Special Dispatch to The Journal.)
Eugene, Or., April 28.—Jennie, the 2-year-old daughter of J. D. Carver and wife, of this city, died here yesterday from the effects of swallowing a quantity of carbolic acid two days before.
The girl found the bottle of poison while playing about the house and drank the contents. A physician was summoned immediately and emetics applied but the child's life could not be saved.

Fund for Relief of San Francisco Sufferers Continues to Grow—Two Thousand Dollars Added Today.

SHIPMENT OF SUPPLIES TEMPORARILY STOPPED

Relief Committee Telegraphs to General Funston Asking Instructions—O. R. & N. Gives Employment to Many—Y. M. C. A. Baths Enjoyed by Refugees.

This morning \$2,124.40 was added to the funds in the hands of the finance committee of the local relief committee. That brings the total up to \$202,612.05. The Oregonian fund has not been turned over to the committee as yet, but Chairman R. R. Hoge said this morning that it was expected to be as soon as some details were arranged.

The employment office established by the O. R. & N. Co. for the benefit of the refugees from San Francisco in room 13, Worcester building, will be open all day tomorrow to register those wanting work and assign to their various stations those who apply. Several hundred men have thus far been added for by the O. R. & N. and work will be given several hundred more.

The Army headquarters of the women's relief committee will be open all day tomorrow to care for the incoming refugees and receive supplies. Any person having articles to donate is asked to call up any of the following: Mrs. Louise H. Tarpley, Main 2459. Mrs. John Shepard, Main 2462. Mrs. Zora Snow, Main 2914. Mrs. Adolph Wolfe, Main 5214.

On the east side of the river donations may be sent to the Irvington clubhouse, or telephone Mrs. James Laidlaw, East 304.

SM Plenty of Goods.

That Portland has not run out of goods for the relief of the sufferers of San Francisco was evidenced this morning when Mrs. L. H. Tarpley sent a man to 60 different houses to gather up donations of all kinds.

The work of outfitting the unfortunates who arrive from the south continues at the army and with each incoming train the supplies grow smaller. At present the Women's Relief committee need men's clothing and undergarments, women's shoes, umbrellas, women's clothing, shoes, undergarments and baby shoes. In some instances the goods offered have been practically worthless and have had to be rejected. Only the best articles can be used, and particularly in this case with shoes.

The Women's Relief committee says that it is impossible to acknowledge the receipt of each individual package of money received from churches, organizations and individuals as listed. In order that an accurate account of moneys received and expended may be kept, all purchases made are on the basis of receipts allowed by all the stores of the city and the bills are being audited as fast as paid.

Our Acknowledgment Donations.

Packages are constantly being received and the receipts signed therefor are the only acknowledgment sent out. So many packages arrive from the interior towns of Oregon that it would take more time than the committee can afford to acknowledge each receipt.

General Funston has been telegraphed for instructions as to what is most needed and until a reply is received (Continued on Page Two.)

\$100,000,000 IN VAULTS

Huge Sum Available in San Francisco Banks, According to Conservative Estimate of Business Men of City.

WOMEN TO ESTABLISH EMPLOYMENT BUREAU

Score of Young Ladies of Good Family Who Lost Homes Start Marriage Bureau and Ask for Husbands and Protectors—Clearing Ruins at Santa Rosa.

(Journal Special Service.)
Oakland, Cal., April 28.—Careful estimates of the resources of San Francisco banks that will be available on the opening of the vaults place the figure at \$100,000,000. The actual loss to bank property by earthquake and fire is estimated at \$2,350,000. Everything goes to show that the banks of the ruined city in an admirable condition.

The women of Oakland and San Francisco meet today to establish an employment bureau, which is the most needed and will be formed at once.

Twenty-five young women of good families, whose homes were destroyed, have established a marriage bureau on the waterfront. A big sign proclaims: "Wanted—Husbands and Protectors."

At Santa Rosa the bodies of two men were taken from the ruins today. One was that of a traveling man named Ward and the other that of Smith Davidson, a local capitalist. This makes a total of 54 bodies recovered.

The work of clearing the debris continues. Banks are preparing temporary quarters and will soon be open for business.

The Bar association has agreed not to file any suits affecting land titles for a period of six months.

At Palo Alto hundreds of men are at work today clearing up the ruins at the Stanford University buildings. It will require weeks to complete the work and ascertain the true extent of the damage.

Six lines of street cars are operating today in San Francisco. The transportation committee meets this afternoon and it is believed will grant permission for the general resumption of the car lines.

It is reported that gnomes have been operating in the vicinity of Merchant and Sansome and the regulars have been ordered to shoot looters on sight.

BURNED TO DEATH.

Clarke County Woman Receives Word That Sister Lost Life in Disaster.

(Special Dispatch to The Journal.)
Vancouver, Wash., April 28.—Mrs. Rosa Morgan of Washougal, who was in this city yesterday, states that she has received word from San Francisco of the death of her sister, Mrs. Morgan's sister was burned to death in the fire that followed the earthquake. So far as known this is the first case of Clarke county people or their relatives losing their lives in the San Francisco disaster.

THIRTY CHINESE DROWN IN STEAMER COLLISION

Singapore, April 28.—The British steamer Haversham, carrying 3,000 Russian soldiers, crashed into and sunk the local steamer Bentong, drowning 29 Chinese this morning.

Paris, April 28.—The Castellane divorce trial was postponed today until after election.

OFFICIAL LIST OF DEAD

Reports of General Greely and Coroner's Office Show Total of Six Hundred and Thirty-Three Deaths to Today.

RED CROSS ROBBED OF FOOD BY WAGON LOAD

Nearly Six Hundred Injured in Hospitals, Several Score of Whom May Not Survive—Sanitary Conditions Satisfactory but Distribution of Supplies Is in Bad Shape.

(Journal Special Service.)
San Francisco, April 28.—The official record of the dead and injured as a result of the earthquake and holocaust that followed in San Francisco, as made public today by General Greely, shows that 295 bodies have been recovered and 593 injured are in the hospitals. Of the latter 150 are in a serious condition and many are not expected to survive. The coroner's death list numbers 225. Four deaths occurred yesterday as a direct outcome of the fire.

While health conditions in the stricken district remain entirely satisfactory to both civil and military authorities, the distribution of supplies is in a far different state.

On-stance that serves to illustrate the situation that confronts the authorities is given in a report from Dr. L. J. Bunkin, sanitary inspector for district No. 1. Dr. Bunkin reports that a man named Golenski, in charge of a distributing station at Hamilton square, was issuing supplies in a wholesale and reckless manner; that there were at least 20 persons giving orders at this place; that thousands of dollars' worth of supplies were being wasted, and the situation growing worse every hour.

The Red Cross society reports having been robbed of many wagon loads of provisions and other supplies by fraudulent representations on the part of outsiders, and that the officials in charge have adopted preventive measures. In some cases supplies were stolen by the wagon load.

The plans for rebuilding a model city along new lines are rapidly taking form. The supervisors are already receiving numerous applications for building permits. Temporary one-story wood or galvanized iron buildings may be erected without permits.

Leading architects incline to a complete revision of the regulations that apply to the construction of buildings, as a result of the lessons taught by the disaster. A general widening of the downtown streets is likely.

Almost all of the principal streets from Fillmore to the ferry have been cleared of debris and donkey engines and gangs of workmen are busy in many quarters.

Among the buildings that will be immediately rebuilt are the Olympic club, on Post street, the Western Union building at Montgomery and Pine, the Walter building at Market and Eddy, St. Joseph's church at Teuth and Howard, Levi Strauss building, Crossley and Blatto buildings, and the Ormonte and Mecca hotels.

Thomas Hedges of New York has applied for a permit to erect a 12-story steel building on Market street just above the Mutual bank building.

John D. Spreckels and his family left the city today for San Diego on the steamer Breakwater.
