

YOUNG GIRLS HEAR PLEA FOR REVOLT BY Mlle. ANDREIEVA

(Journal Special Service.)
New York, May 5.—Twenty-five young girls, students from Barnard college, the female seminary annex to Columbia university, attended a reception last night in honor of Mlle. Andreieva, the Russian actress, whom Gorky tried to pass off here as his wife. The reception was held at the residence of Professor Dewey of Columbia university and the girl students were there at his invitation. The utmost secrecy was observed by the young women. A dozen other women of Dewey's acquaintance were also present. At the reception Mlle. Andreieva made a speech and called for funds to aid the Russian revolution. After the address the actress held a levee and spoke flatteringly of the charms of American women. She did not mention the unpleasantness which her association with Gorky occasioned.

CITY WARRANT RAISED FROM \$3 TO \$359,000 BY FORGER

(Journal Special Service.)
New York, May 5.—In the presentation at a recently opened bank of a warrant on the city treasurer which had been raised from \$3 to \$359,000, officials of the bank and police department were astounded by the energy, so audacious and at the same time so apparently idiotic, that they were divided in opinion as to whether the perpetrator, H. L. Whaley, a former dealer in engineering supplies in this city, was unbalanced or actually trying a desperate forgery scheme to get hold of a vast sum of money. The warrant was held, but not cashed. Whaley departed. He was arrested later. A frank confession that he had presented the warrant did little to enlighten the officials as to why he dreamed of carrying out such a wild plan.

GOES TO ALASKA ON COLUMBINE

Colonel Roessler to inspect Lighthouse Stations on the North Coast.

WILL MAKE TRIP BY THE INSIDE PASSAGE

New Station at Eldred Rock Will Be Placed in Commission and Considerable Buoy Work Will Be Done in Wrangle Narrows.

Colonel S. W. Roessler, United States engineer, left this afternoon for Seattle, where he will board the lighthouse tender Columbine for an extended tour of the lighthouse stations in southeastern Alaska. Twelve stations will be visited and three weeks will be necessary to make the trip.

The Columbine will take the inside passage. The first stop is to be made at Trepoint lighthouse, where supplies are to be landed. Considerable buoy work is contemplated in Wrangle Narrows. The new light and fog station at Eldred Rock, near Skagway, is to be placed in commission on June 1, and the government vessel will carry all of the machinery and the force of mechanics necessary to assemble the plant.

Colonel Roessler, upon his return, will visit all of the stations under his jurisdiction on the Oregon coast. Captain Werlich, lighthouse inspector of this district, upon the return of the Columbine, will also visit the Alaska stations on the tender Helen. A close inspection is to be made of the new stations at Scotch Cap and Satschiff, in Dutch Passage.

RECORDS ARE LOST.

San Francisco Fire Destroyed Papers of Steamship Company.
E. P. Baumgartner, local agent of the California and Oregon Coast Steamship company, is in receipt of a communication from George D. Gray, president of the company, to the effect that the San Francisco fire destroyed all of the records of the organization. The office of the company was at the corner of Battery and Market streets. Upon opening the vault in which the books and money were contained, Mr. Gray made the discovery that nothing remained of the records but a pile of ashes and the coins had been melted into a conglomerate mass. A trial balance for the month of April, which President Gray carried in his coat pocket, is the only one of the company's papers still intact.

HAS ROUGH PASSAGE.

Women in Our Hospitals

Appalling increases in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations. Why should this be the case? Simply because they have neglected themselves. Female troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the abdomen, nervous exhaustion, pain in the small of the back, dizziness, flatulency, displacements of the organs or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or prolapsion of the organs, back bearing-down feeling, inflammation, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

San Francisco, May 5.—Sailed yesterday, schooner Mabel Gale for Portland and William Olsen for Astoria. Astoria, May 5.—Sailed at 7:30 p. m., steamer Costa Rica for San Francisco. Astoria, May 5.—Condition of the bar at 8 a. m. smooth; wind north; weather clear.

WILL SHIP SUPPLIES.

North American Commercial Company Buying Wares in This Port. Representatives of the North American Commercial company are in Portland negotiating for the purchase of supplies to be shipped to the stations maintained by that company at Dutch Harbor and Pribiloff islands. Arrangements have been made to have the steam schooner Homer carry a cargo from this port to the points named. It is the intention to have the vessel sail the latter part of this month, and two trips will be necessary. On the return voyages the season's catch of seal-skins will be brought to this city.

MUNICIPAL OWNERSHIP IS THEME OF BAKER

Brooklyn Congressman Speaks to Local Democratic Clubs on the Subject.

Former Congressman Robert Baker of the borough of Brooklyn, New York, spoke for an hour and a half last night on "Municipal Ownership" to the members of the Young Men's and the Municipal Democratic clubs. The occasion was held at Unity hall, which was comfortably filled with listeners. The Long Island congressman began by telling of the rise of the movement for municipal ownership in New York and of the support of Thomas P. Ryan of \$100,000 to Republican Chairman O'Dell as a bribe, he said to keep the conservative element of both parties in power. He also spoke of the large bribes that are alleged to be annually paid the legislature of New York by the insurance companies.

Regarding the recent merger of the electric light and power systems of the Pacific coast, Mr. Baker said that this would result in poorer service and higher prices. He emphasized this statement by referring to the consolidation of the seven gas companies in the city of Brooklyn, when \$5,000,000 worth of property was watered to such an extent that 5 per cent dividends were paid on \$45,000,000.

The joint meeting of the two clubs was originally called for the purpose of ratifying the state and county nominees. This was done before it was known that Mr. Baker would be the present. The ratification exercises will be held next Friday evening at Unity hall and both clubs will be present and participate.

CLOSED TOWN EFFORTS RESULT IN FIGHTS

(Special Dispatch to The Journal.)
Clatskanie, Or., May 5.—There is a great deal of excitement in Clatskanie over the efforts of one of the ministers and several of the citizens who are attempting to close up the town over the heads of the councilmen. Several fights have been the result, which has been the means of adding about \$100 to the city treasury. H. McKel, one of the merchants, was convicted at St. Helens of molesting an officer.

DARING ESCAPE OF PRISONER

Was Under Sentence of Death for Murder but Eluded Most Vigilant Guards.

SCRAPED HOLE IN FLOOR WHILE SENTRY WATCHED

Tied Bedclothes Into Form of Figure Which He Placed in Bed—Used Nail to Burrow in Cement—Dropped Into Cell Underneath.

(Journal Special Service.)
Berlin, May 5.—Facts have just come to light which throw a clear light on the clever manner in which a Polish soldier named Rosinski escaped from the prison in Posen. Rosinski was under sentence of death for murdering and robbing a wealthy landowner. The condemned man was guarded most carefully. An armed sentry patrolled the corridor onto which the cell of Rosinski opened, and was instructed to keep constant watch on the prisoner's doings through a peephole in the cell door. In spite of all this Rosinski escaped and for a while it seemed inexplicable how he could do it. Since then, however, a careful investigation has brought to light all the facts in the daring escape.

Rosinski tied his bedclothes and spare body linen into the shape of a man and placed it in the bed, under which he crept. The sentry was thus deceived, and actually under the guard's eyes Rosinski scraped a hole in the floor, presumably with a nail, which was afterwards discovered. He had found a place where the floor had been repaired, and the material used was so soft that he could make a hole large enough to drop through into the cell underneath. This was unoccupied, and the door, consequently was not locked. Rosinski calmly walked out and reached the courtyard unobserved in the darkness. The wall was too high, but he managed to reach the top with the aid of the window sills and dropped down onto the other side in safety and freedom. His hymnbook was found, covered with blood, on the top of the wall. The sentry had heard a noise in the cell, but fancied it came from the lower tier cells. At 3 o'clock, however, he called the inspector and the flight was discovered. Although Rosinski wore the uniform of his regiment, the soldiers who scoured the surrounding country for many miles were not able to find the slightest trace of the escaped criminal. The police authorities, through Germany have been notified and requested to watch out for the fugitive.

BEGIN BUILDING OF MODEL CITY ON LAKE

(Journal Special Service.)
Chicago, May 5.—The stupendous work of building a model city to accommodate 100,000 people has been begun with the clearance of a 6,000-acre tract on the shore of Lake Michigan in Lake county, Indiana. The new city is to be built to accommodate the tollers in the mills to be erected by the newly organized Indiana Steel company. The plant will cost \$10,000,000 and will be

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate

Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation. ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Why ORINO is different. ORINO Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs

can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Billousness and Sick Headache. Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion. ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.

Prepared only by FOLEY & CO., Chicago, Ill.
