### SPRING CATARRH

Woodard, Clarks & Go. Sell Myomei Un-

The changeable weather of spring is directly responsible for the prevalence of estaschal troubles in Portland at the

present time.

As a result Woodard, Clarke & Co. have had a larger sale for Hyomei the past week then ever before in the years that they have handled this reliable treatment for the cure of catarrh.

Unlike the ordinary remedies that have been used in catarshal troubles, there is no stomach dosing with Hyomei. It is breathed through a neat pocket inhaler that comes with every outfit, and its balsamic, antiseptic healing penetrates to the most remote cells of the mose, throat and lungs, killing all catarrhal germs, healths the irritated mucous membrane, and effecting a complete and permanent cure.

If there is a single catarrhal germ in the system. Hyomei will search it out and absolutely destroy it, completely has made so many cures among Woodard, Clarke & Co.'s customers that they offer to pay for it themselves if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1, consisting of an inhaler, medicine dropper and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There, will not be even this small expense if Hyomei does not cure, as Woodard, Clarke & Co, will return your money.

If not convenient to obtain Hyomel of Woodard Clarke & Co., or some other druggist it will be forwarded from the laboratory by mail on receipt of price. The R. T. Boots Company, Hyomel bldg. Ithuca, New York.
