Goes to Troutdale. Today Mr. Good went to Troutdale and made a thorough inspection of the Union Meat company's plant there. The packing business built up in Portland by J. B. O'Shea is extensive and com-plete, and a vast amount of detail work is, involved in anything like an expert examination of the property and busi-mess. On this work Mr. Good and his assistants are now engaged.

Option Was Takes. It is maid that on his last visit an option was taken on the Union Meat company's packing business and all property and appurtenances thereto, and today he is carrying out the usual plan of the large packing concerns in making a final.ex-mination and accounting of every part of the business before closing the pur-chase. It is said the Swift company will be ready to take over the Portland plants June 1.

The authorities were informed by Evans that the dead man had trouble several times with members of a tough scow gang, near Martin's dock the mem-bers of which had threatened to "get" him and "do him up." C. H. Smith, working on a sewer, is alleged to be a member of this gang; Watland was with Smith for some time previous to his death and was taken to a saloon by him. It is also declared by Evans that he has personally investigated the affair and has positive evidence that at 11 o'clock Sunday night Watland was per-fectly sober.
