HIGH SCHOOL TRACK MEET IS UNDER WAY

Interscholastic Field Competition May Be Held in Tacoma Next Month.

Manager M. H. Baldwin of the Portland Manager M. H. Baldwin of the Portland team was first communicated with. At the outset he wanted concessions in traveling expenses which Manager Lambert Davis of the Tacoma team thought he could not safely allow. But a letter has been received from him modifying his demands to a point satisfactory to the Tacoma team. The Seattle leam, on account of the short distance to the meet, will be at small expense to attend. Word has been received from to attend. Word has been received from Spokane that the team there stands ready to pay the major part of the expenses of sending a dozen men to the sound. But little is known here of the timber the Bunchgrassers can pro-duce, and there is more curiosity about the Spokane team than either the Seaz-tle or the Portland athletes. Portland has asked that the weight events, consisting of the hammer-throw, the shot-put and the discus event, he cut out and the 50-yard dash substituted. Tacoma is willing, and no objections are expected from the other cities.

NELSON WORKING OUT AT FAIRVIEW HOT SPRINGS

Dopesters of the Fighting Men Find It a Hard Task to Figure Out Who the Contestants Will Be in the Final Battle for Championship.

Los Angeles, May 10.—Battling Nel-son has decided to retain his training quarters at Fairview Hot Springs, in-stead of moving to Baldwin's ranch, as

quarters at Fairview Hot Springs, instead of moving to Baldwin's ranch, as
was at first arranged. Bat has a typical
location for training quarters as Fairview is near the sea where he gets
plenty of ozone and the country is level
and well adapted for road work.

Herrera is now working in earnest.
Both he and his manager, Tommy
Jacobs, state that when Aurelio steps
into the ring he will be in the pink of
condition. He has been going out on
tha road nearly every day, but up to
now has been doing little boxing.

Both Nelson and Herrera are taking
a keen interest in the bout between
Attell and Herman, scheduled tomorrow
evening. All of these lads have agreed
with Manager McCarey of the Pacific
Athletic club that the winners of the
two contests shall meet. This contest,
when it comes off, will be a fitting
elimax to the two splendid bouts already arranged. It will have a peculiar
interest, especially if Attell should beat
Herman, as it would give Arteil a
chance to wear the championship belt
of the lightweight class, whereas he already has a right to claim the titles
of champion feather-weight and bankam. of the lightweight class, whereas he already has a right to claim the titles of champion feather-weight and bantam. In watching the preparatory work of Attell and Herman it gets harder every day to pick out a probable winner. When watching Herman at his daily work one thinks that it would be impossible for any lad of his size to put him out. But the next day, when watching Attell go through a few lively bouts with his training partners, he appears so ciever and quick that everything locks to be his. As a matter of fact the two boys are so evenly matched fact the two boys are so evenly matched that nobody can possibly give a set-tled opinion of the outcome of this con-test without prejudice.

Williamette University, Salem, Or.,
May 10.—The Williamette baseball boys
suffered their first defeat of this season by being taken into camp by the

Both teams played good ball until the third inning. Here the Willamette lads had a balloon ascension, which netted Pullman six runs. After the third. Willamette had men on bases every inning, but only in the fifth were they able to score.
