

GALLOWAY'S BRIGHT PROSPECTS FOR ELECTION TO CONGRESS

Predicted That Democratic Nominee Will Carry Yamhill by Several Hundred Votes—Main Fight Is in Marion and Clackamas Counties—Whirlwind Campaign.

Charles V. Galloway.

(Special Dispatch to The Journal.) Oregon City, May 18.—Charles V. Galloway will carry Yamhill county by several hundred votes, and in no county of the state will Hawley have such a plurality as Galloway will receive in old Yamhill. His plurality here will more than offset the vote that Hawley will get in Linn, and he is going to be elected sure. The main fight is in Marion and Clackamas, and this is where Galloway is going to spend the final week of the campaign.

This statement came from a prominent Yamhill county Democrat, who was in the city yesterday. He is just in from a tour of almost the entire first congressional district, and says that the election of the Democratic nominee for congress may be regarded as a certainty. Here in Clackamas a large number of Republicans have openly stated that they are going to vote for Galloway, and this is especially true of the younger Republicans. The Democrats are confident that the county will go for Galloway and they hope for a duplicate of the special election of three years ago, when Reames turned the county over, carrying it against Hermann by more than 300 votes. In the recent primary election, Hawley received a few more than one third of the Republican vote.

Mr. Galloway will make several speeches in Clackamas during the final round-up. He will talk at Molalla, and will probably speak at Canby. Chairman J. J. Cooke of the county central committee is now arranging for a rally in this city just before election day and Galloway may talk at that time. The date will probably be Saturday evening, June 3.

Democratic nominees for county offices talked last night at Macksburg and Eagle Creek, and the former meeting was enthusiastic. The prospects are brightening daily for the success of the Democratic ticket in Clackamas. Meetings will be held tonight at Missouri Ridge schoolhouse and George, and the week's tour will end Saturday afternoon at Molalla, and in the evening at Beaver Creek.

Galloway is making a tour of southern Oregon, delivering speeches at all the principal towns. He left Grants Pass yesterday morning for Gold Hill, addressing a large audience in that camp yesterday afternoon. He spoke in Grants Pass the night before, and went from Gold Hill to Medford.

Mr. Galloway is drawing large crowds at each place, and is winning many supporters. His views on all issues of the campaign are especially pleasing to this section of the state, as they bear directly on the development of this section, such as the opening up of railroad lands to the miner, the establishment of forest reserves on less rigid lines, and the allowing of equal privileges to owners of large and small flocks of sheep, in the matter of range. Mr. Galloway is frank in the expression of his views on the tariff and confesses that he is neither a protectionist or a "standpatter."

Mr. Galloway makes no attack upon his opponent, and is making good his promise that the campaign, so far as he is concerned, will be a clean fight. The impression he created here was a most favorable one.

DOGS AND HORSES EATEN IN GERMAN EMPIRE

Canines' Favorite Food in Certain Sections of the Fatherland.

(Journal Special Service.) Washington, May 18.—Consul Harris of Mannheim in a report to the state department on the price of food stuffs and the meat shortage in Germany, quotes an interesting article from a local newspaper on the increasing use of horse and dog meat. The article says, in part: "While the number of horses slaughtered in the fourth quarter of 1904 amounted to but 44,659, and in the first quarter of 1905 amounted to but 35,955, it rose in the fourth quarter of 1905 to 52,684. Most of these horses were consumed in a few north German states. In Mecklenburg-Strelitz were slaughtered 29 steers and 136 horses; in Mecklenburg-Schwerin 748 horses and only 214 steers. The number of horses slaughtered in south Germany is comparatively small, as also in Saxony, where only about half as many horses as steers were consumed. On the other hand, in the matter of slaughtering dogs Bayern took second place with 1,464 head.

"A similar condition was shown only in Anhalt with 159 dogs slaughtered for food. In the other German states this species of flesh is less valued. In Prussia only 525, in Bavaria 151, and in Baden 3 dogs were slaughtered in the last quarter of 1905. To be sure, here are reckoned only the common species of dogs, which under official inspection were compelled to give up their lives and allow themselves to be eaten. According to official records there were 2,405 dogs slaughtered during the fourth quarter of 1905, as against 1,762 during the same period of 1904."

NEW PASTOR INSTALLED AT ILWACO CHURCH

Rev. Andrew C. McIver Is Duly Placed in Charge of Presbyterian Congregation.

(Special Dispatch to The Journal.) Ilwaco, Wash., May 18.—Rev. Andrew C. McIver was installed pastor of the Presbyterian church here Tuesday night. By appointment of the presbytery of Olympia, Rev. A. M. McClain of Castle Rock presided over the meeting, preached the sermon and propounded the constitutional questions. Rev. D. A. McKennis offered the installation prayer and delivered the charge to the congregation. Rev. Frank H. Mixsell of South Bend delivered the message to the pastor.

The service was very impressive throughout and was fittingly closed by Rev. Mr. Mixsell, who has only recently come from the great evangelistic meetings in Philadelphia, where he was engaged as a singer.

The church at Ilwaco has taken on new life since Mr. McIver came to the work and it is especially fitting that he should be installed as the permanent pastor. The church recently expended \$1,000 in remodeling its house of worship and had scarcely finished that when steps were taken to build a home for the minister, and about the first of the year Rev. Mr. McIver moved his family into a comfortable manse costing over \$1,000.

In February last Mr. McIver was assisted in evangelistic services by Rev. J. E. Snyder of Vancouver, and Rev. A. M. McClain of Castle Rock. At the close of these meetings the membership of the church was practically doubled and the congregation extended a warm welcome to Mr. McIver to become its permanent pastor, which was finally culminated in the impressive service of last evening.

GRAND RONDE BAPTIST ASSOCIATION AT COVE

(Special Dispatch to The Journal.) Cove, Or., May 18.—The 26th annual meeting of the Grand Ronde Baptist association opened its four days' session at 10 a. m. with Calvary church at Cove. The officers are Rev. J. E. Horn, Baker City, moderator; Rev. E. W. White, Baker City, clerk; Rev. J. O. Maxwell, Haines, treasurer.

Delegates began arriving yesterday and it is likely all the churches within the associational jurisdiction will be fully represented, besides the visiting delegates from the first church in Baker City and La Grande.

By arrangement at Haines a year ago with Bethel church, North Powder was to have been the entertaining town, but on learning the important question that unification of all Baptist churches east of the Blue mountains would tend to double the usual attendance, Calvary was appealed to and she promptly responded by extending the invitation to meet at Cove, which is amply able to successfully entertain on short notice a larger gathering.

The following is a list of towns having church representation here: Baker City, Burns, Cove, Elgin, Enterprise, Grouse, Haines, Mount Pleasant, North Powder, Ontario and Wingville.

CHICKENPOX ASSAILS PUPILS OF AURORA

(Special Dispatch to The Journal.) Aurora, Or., May 18.—A teacher at the public school here lately discovered that one of the pupils had what she thought was chickenpox, and sent the boy home with a note to his parents to quarantine him. It was chickenpox, but the pupil would not stay quarantined and went back to school. The school directors consulted a doctor about the matter. The doctor advised that the pupil be allowed to attend school on the ground that he had already infected the scholars, and sure enough, he had, and now half the children in town are itching and scratching.

GRAVES TO CONSTRUCT ELECTRIC POWER PLANT

(Special Dispatch to The Journal.) Spokane, May 18.—The Inland Empire Railway company states that his company will spend \$700,000 in the development of a power site 12 miles northwest of Spokane on the Spokane river, supplying power to the company's electric systems and invading the electric field in this city. The company claims water rights for six miles along the river and will erect a dam 60 feet high where Deep creek enters the Spokane river. The company claims water to the extent of 3,000 cubic feet a second and also the use of the river bed, banks and lands adjacent to the storage reservoir. The work starts immediately. It is planned to develop 3,000-horsepower at a cost not exceeding \$30 per horsepower.

BIRTHDAY ANNIVERSARY OF CZAR IS OBSERVED

(Journal Special Service.) St. Petersburg, May 18.—At the conclusion of the imperial palace at Peterhof, where he has taken up his residence for the summer, the czar passed his 53th birthday today. The customary official observances of the anniversary were held and during the day the foreign diplomats presented messages of congratulation in behalf of their respective rulers and governments. Flags were displayed on all public buildings in the capital and special services of

WELCOME PLANNED AT CONDON FOR GOVERNOR

(Special Dispatch to The Journal.) Condon, Or., May 18.—Extensive preparations are in progress by the Democrats for the reception of Governor Chamberlain, who is to speak here Saturday night. Some of the local leaders have planned to meet the governor at
