

CONGRESS TO GET PACKERS REPORT

President to Send in Neill and Reynolds Statement and Demand Inspection.

BIG STICK HANGS OVER HEADS OF MEAT TRUST

Opposition to President's Plan Will Mean a Warning to Foreign Lands Not to Purchase Products in American Markets.

(Journal Special Service.)
Washington, June 1.—President Roosevelt has decided to send the Neill and Reynolds reports and the executive message demanding the regulation of packing-houses and official inspection of all meat products to congress next Monday.
The president will insist that governmental inspection be established in conformity with the provisions of the Beveridge amendment to the agricultural bill. He will insist that the packers pay fees to defray the cost of the inspection to be provided by the government. He will not accept the measure prepared by Chairman Wadsworth and Representative Lorimer of the house committee on agriculture—the measure which the New York and Illinois congressmen in question declared, during the absence of the president from Washington, would be accepted by him and by all interests to be affected by the proposed legislation.
If the reputed representatives of the packers in congress fight the plan of inspection and sanitary regulation that has been proposed, the president will interpret such action as a confession that their products are not fit for human consumption.
Their opposition will pave the way for a second and more sensational message, which, in effect, will be a warning to foreign countries not to purchase meats and canned packing-house products in American markets. Should the packing-house interests insist on raising the issue of constitutionality with respect to the compulsory inspection feature of the Beveridge measure and accompanying features designed to make inspection effective, the president will exert his power to withdraw all the protection they now enjoy in connection with inspection of meat products intended for export. In brief, the president is determined there shall be rigid inspection for everybody, the American consumer as well as the consumer in England and Germany.

BENNETT PRIZE GOES TO EDWARD JASPER

(Special Dispatch to The Journal.)
University of Oregon, Eugene, June 1.—Edward Jasper, a member of the senior class and registered at the university from La Grande, today received the announcement that he had received the Bennett prize for the best paper on the subject of free government.
The prize is the income from a gift of \$400 made to the university by Hon. Philo S. Bennett of New Haven, Connecticut. It is given each year in award for the best student paper on the principles of free government. The subject of Jasper's paper was "The Basic Principles of Law."

CAPITOLA SAWMILL BRINGS BIG PRICE

(Special Dispatch to The Journal.)
Winlock, Wash., June 1.—Senator J. A. Veneas and H. A. Baldwin have just sold the Capitola sawmill, one mile south of Winlock, to C. O. Girlich and J. Murphy of Chehalis and W. H. Stuchell of Everett for \$150,000. The sale includes 20,000,000 feet of standing timber.

ATTACKED THE HEART

NEURALGIA IN THIS FORM IS OFTEN FATAL.

A Complicated Case Cured to Stay Cured By Dr. Williams' Pink Pills.

Neuralgia in any form is painful, but when it attacks the heart it is frequently fatal. Complicated with indigestion of a form that affected the vital organ it threatened serious consequences in an instance just reported. The case is that of Mr. F. L. Graves of Pleasant Hill, La., who tells of his trouble and cure as follows:
"I traveled considerably, was exposed to all kinds of weather and was irregular in my sleeping and eating. I suppose this was the cause of my sickness, at any rate, in May, 1905, I had got so bad that I was compelled to quit work and take to my bed. I had a good doctor and took his medicine faithfully, but grew worse. I gave up hope of getting better and my neighbors thought I was surely going to die.
"I had smothering spells that it is awful to recall. My heart fluttered and then seemed to cease beating. I could not lie on my left side at all. My hands and feet swelled and so did my face. After reading about Dr. Williams' Pink Pills in a newspaper I decided to try them and they suited my case exactly. Before long I could see an improvement and after taking a few boxes I was entirely cured. I am glad to make this statement and wish it could cause every sufferer to try Dr. Williams' Pink Pills." Dr. Williams' Pink Pills do not simply deaden pain; they cure the trouble which causes the pain. They are guaranteed to contain no narcotic, stimulant or opiate. Those who take them run no danger of forming any drug habit. The pills are a blood and nerve tonic and they cured Mr. Graves because they fed the nerves through the blood. They act directly on the blood—and it is only through the blood that any medicine can reach the nerves. In this way they have cured the most severe nervous disorders such as partial paralysis, locomotor ataxia, St. Vitus' dance and all sorts of nervous weakness. They are useful in a special way to women and growing girls. Dr. Williams' Pink Pills are sold by all druggists or will be sent postpaid on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.

COUNCILMAN ACCUSES HIS COLLEAGUES OF FRAUD

Eugene Lawmakers Carry Writ Into Circuit Court.

(Special Dispatch to The Journal.)
Eugene, Or., June 1.—Payment to F. C. Kelsey and Willard Young, civil engineers, of \$2,900, alleged to be due for specifications and preliminary surveys for the municipal light plant and water works, has not been made, although the city council ordered the bill paid.
A sensation was created today when L. Simons, said to represent a faction in the council, began suit in the circuit court against City Treasurer F. Reamer to enjoin him from paying Kelsey and Young.
The ground is that the city is in debt \$2,900, the charter limit. The plaintiff alleges conspiracy to defraud on the part of the fire and water committees of the council, which drew up the contract, and Kelsey & Young. He also alleges that the committee made the contract secretly and never reported it, and the council never adopted the contract. That the committee exceeded its authority and fraudulently concealed the nature of the contract from the public.
The plaintiff believes the committee and Kelsey & Young conspired to defraud the city out of \$2,900. It is alleged that the work done by Kelsey & Young was not worth anything to the city.
"I have been somewhat covetous, but Doan's Regulents gave just the results desired. They act mildly and regulate the bowels perfectly." George H. Krause, 305 Walnut Ave., Altoona, Pa.

BELIEVE TRAMPS KILLED MILHOFF GIRL

Bloodhounds on Trail to Apprehend Cruel Murderers—Boy Declared Innocent.

(Special Dispatch to The Journal.)
Seattle, Wash., June 1.—Fifteen-year old Tom Nelligan, a newsboy of Renton, is in the county jail under suspicion of being the slayer of 12-year-old Elsie Milhoff, who was brutally murdered a short distance from the town of Renton Tuesday night after being assaulted.
Young Nelligan was the last person seen with the girl. The fact that he denied that he saw the girl on the night of the murder and told conflicting stories led to his arrest.
Nelligan declares he is innocent and says he made conflicting statements because he was confused. He joined the searchers the next morning to look for the girl and declares the officers lie when they say he changed his clothes the morning after the murder. He admits he denied being with the girl, but says he was afraid of the officers. The people of Renton believe Nelligan innocent.
Bloodhounds and a large posse of citizens and deputy sheriffs are scouring the country today to trace suspicious persons. It is believed now that tramps did the work. The mother of the Milhoff girl is prostrated and it is believed she will go insane.

BODY OF D. R. NEWELL FOUND IN WILLAMETTE

(Special Dispatch to The Journal.)
University of Oregon, Eugene, June 1.—The body of Dudley R. Newell, the university student who was drowned in the rapids of the Willamette river a week ago Tuesday, was found late yesterday afternoon in shallow water nearly four miles from the scene of the accident nine days ago. It was lying face down near the shore. The search for the young man's body was discontinued Monday owing to the high water, and it was found only by chance. As yet the canoe has not been recovered.

Eugene School Graduates

Eugene, Or., June 1.—Class day exercises were held by the graduating class of the Eugene High school last night. The class prophecy was read by Lloyd Pickard and the class will by Miss Jennie Wetherbee. The class play, a bright little skit, was put on, to the delight of all. Tonight in the M. E. church the graduating orations will be delivered.

Pre-Transfer Sale of High Grade Pianos

July 1 we turn over our business to the Sherman-Clay Company of San Francisco. The terms of our contract read that we are to transfer all pianos in stock at the time at wholesale prices.

We would rather sell the bulk of our stock of high grade pianos to the people of Portland at wholesale prices than to transfer them to our successors at the same terms.

The Sherman-Clay Company has a large stock and would rather move into our quarters with a fairly clear floor space.

Nothing reserved. Select any instrument in our whole magnificent stock, make a small payment that suits your pocketbook, and we will move the instrument into your home.

Pay in easy monthly sums thereafter. We offer you an opportunity to grace your home with one of the finest pianos manufactured at a price you ordinarily have to pay for a third grade instrument.

Our tremendous stock comprises everything from a vast variety of second-hand pianos and organs taken in trade, to the richest art styled Knabe, Everett, Fischer, Packard, etc., grands, verti-grand and upright.

No finer stock of pianos and organs, nor any greater variety, is to be found on any single floor space in the United States. And remember—they are yours at wholesale prices, and you have the privilege of paying for them just as you please.

We positively transfer our business July 1. The deal is closed and the papers have been signed. We propose to make the last month of our business the greatest in the history of the house in the number of instruments sold. It may not be the greatest in cash receipts.

GROWING AGES AND PAINS.
Mrs. Josie Sumner, Bremont, Tex., writes, April 15, 1905: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bites with good success. It is the best liniment I ever used." 25c, 50c and \$1.00. Sold by Woodard, Clarke & Co.
