

POLITICAL SUPPORTERS RALLY ABOUT THEIR CANDIDATES

THREE MEETINGS CLOSE CAMPAIGN FOR CHAMBERLAIN, WITHYCOMBE AND WORD

ROUSING CHEERS FOR WORD AND CHAMBERLAIN

Final Meetings of State and County Campaign End in Outburst of Enthusiasm and Candidates' Names Are Applauded

A careful canvass of the political situation indicates the election of Governor Chamberlain and Sheriff Word and that John M. Gearin will receive a majority of the popular vote for United States senator.

The outlook strongly favors Chamberlain for the reason that he is being supported by a large number of Republicans and that the workmen are almost solidly for him because of his recognition of their rights in bringing about the adoption of the fellow servant law, which fixes the liability of railway corporations for the injury of employes.

Gearin's strength lies in the general recognition of his fitness for the post he now honors and the widespread Republican revolt against Jonathan Bourne.

Tom Word gets his strength from popular approval of his fearless enforcement of the law. All attempts to draw party lines in the fight for sheriff have failed, and the action of the wholesale liquor dealers in resorting to "red ticket" tactics in their effort to elect Robert L. Stevens has turned hundreds of voters to Word at the last moment and made his election almost a certainty.

DR. WISE SAYS A VOTE AGAINST WORD IS VOTE FOR ANARCHY, ONE VOTE FOR HIM IS VOTE FOR PATRIOTISM—POPULAR SHERIFF SURE TO RECEIVE SUPPORT.

For half a block on Seventh, between Morrison and Alder streets, last night 2,000 men and women cheered and hurrahed and pledged unwavering loyalty to Multnomah's sheriff at the final rally of the Tom Word Traveling Men's club.

The rally was preceded by a multi-battered parade, headed by a brass band. Long lines of men—members of the Tom Word Traveling Men's club—followed the band through the streets, bearing banners with inscriptions referring to the sheriff's reelection on Monday.

Two Thousand in Crowd. Long before the band and procession reached Seventh street there was a dense crowd in waiting. In the wake of the parade there came a huge concourse, which, mingling with the crowd that waited, formed a gathering of at least 2,000 persons.

And they were all rampant with enthusiasm. When the carriage bearing Sheriff Word, Judge Henry E. McGinn and others drove through the crowd to a place of vantage there was an uproar of acclamation that told the sheriff plainly that a page of words what the people of Multnomah county would do for him on Monday. It was probably the most enthusiastic and rousing gathering that has been held since the opening of the campaign.

McGinn Talks of Word's Record. Judge Henry E. McGinn was introduced as the first speaker. He told of the record of the sheriff, of what he has done and what he will do, if elected. And incidentally he told of the Republican candidate for sheriff, not in words of condemnation or abuse, but told of the interests he represents and of the training he has had in the business.

PORTLAND IS TO HAVE NEW DOUBLE PLAY HOUSE SOON

An eight-story building, with a theatre for George L. Baker fronting on one street, a theatre for Calvin S. Heilig fronting on the other street, and offices in the upper stories, is the plan agreed upon yesterday by the disturbed conditions existing since the permanent closing of the Marquam Grand by the Title Guarantee & Trust company.

Among three or four sites under consideration the location has been practically decided upon. Plans for the joint theatre building are being outlined in a preliminary sketch by Architect Swartz. The building will not be completed in time for the theatrical season of 1906, but will be ready for the opening of the season beginning a year from the coming fall. Mr. Baker has signed the contract closing his part of the deal. His name will come down from the present Baker theatre next September, and that house will

MANY CROWD LOWNSDALE SQUARE AND CHEER WITH ENTHUSIASM SPEAKERS WHO PRAISE CHAMBERLAIN, GEARIN AND SHERIFF WORD FOR HONEST SERVICE.

If the whole Democratic ticket from Senator Gearin and Governor Chamberlain down is not elected tomorrow it will not be the fault of the immense throngs who gathered together and "whooped 'er up" in Lownsdale square last night. The crowd gathered early in huge proportions, men, women and children, and by the time the speeches began at 8:30 they had formed a dense mass on four sides of the speakers' stand and had spread in one direction to the uttermost limits of the park.

Head Was to Move. After the crowd had become so big that Brown's band had to move away and give them room about the stand doings began. T. G. Halley, candidate for supreme judge, did the honors as chairman. Halley had a funny story to tell between each speech and in this way he did much to keep the interest near the explosive point for the two hours before anyone thought of going home.

Mr. Halley first introduced Mayor Harry Lane. Mayor Lane was compelled to cough several times before the audience took the hint and quit yelling. Then he began. The mayor said that he had a few words to say which were very practical. He had lived here for 41 years and was well acquainted with the conditions of the country. He was a critic of the state and its affairs, had always been, and could say that he had never seen a better state than good a governor of Oregon as George E. Chamberlain.

"Our long-legged friend from Marion county," continued the mayor, when he was again able to be heard, "who is

pass to the control of the Orpheum circuit, the New York management of which has concluded a five years' lease of the theatre and will give it the Orpheum name. Mr. Baker's new theatre will be a stock house, devoted exclusively to production of plays by the Baker stock company. He said:

"Regarding the proposed joint theatre building, I cannot speak for Mr. Heilig. I do not know his plans in detail. I only know I have closed the contract for a new Baker theatre, to be completed in time for the opening of the season of 1907. I have been asked by Mr. Heilig if there would be any objection to joining in the construction of a building to contain both theatres, and I have agreed to the proposition. There is no reason why two theatres should not do well in the same building. In fact, half a dozen theatres would do better located close together, for when one house is held out the business

"ROOSEVELT'S EYES ARE TURNED ON OREGON."

Republican Chorus—Come on, boys, catch hold—We're all supporting Roosevelt.

WESTERN MINERS BACK OFFICERS

Federation Has Faith in Men Who Are Imprisoned in Idaho.

ASK FOR IMMEDIATE TRIAL OR RELEASE

Declare That There Is a Conspiracy to Railroad Prisoners to Penitentiary and That State and Mine-owners Are Responsible.

(Special Dispatch by Leased Wire to The Journal) Denver, Col., June 2.—Belief in the innocence of their imprisoned officers inspired a demand that the authorities of Idaho either grant them an immediate trial or release them. This was the meat of a set of resolutions adopted by the convention of the Western Federation of Miners this morning.

"Whereas, The prosecution of the state of Idaho has had the trial postponed to find out whether they can legally hold the prisoners after having kidnapped them, and

"Whereas, This body of delegates to the fourteenth convention has every confidence in the innocence of our officers, therefore be it

EVERYONE HURT BUT PULLMAN

Railroad Rate Conferees Agree On Bill That Makes Stringent Laws Regulating Transportation and Rebating Is Punishable

(Special Dispatch by Leased Wire to The Journal) Washington, June 2.—The railroad rate conferees agreed late this afternoon and presented their report in the senate. It probably will be acted upon in both houses and become a law. The most important amendment is the exemption of the Pullman Car company from the common carrier provision.

NO MORE JAPANESE TO BE EMPLOYED ON AMERICAN WARSHIPS

(Special Dispatch by Leased Wire to The Journal) New York, June 2.—Roused by the discovery, it is said, that the Japanese government has been securing important information as to the equipment and personnel of the United States navy through Japanese servants employed on United States battleships, Secretary Bonaparte today issued an order excluding all Japs from employment in the navy, afloat or ashore. Their places are to be filled with native born Americans, white or colored.

STONE ARRAIGNS ROOSEVELT

Missouri Leader Makes Direct Attack on Standpatters and Chief Executive.

GIGANTIC SLUSH FUNDS GIVE GRASP OF CONTROL

Panama Canal, Beef Packing Conditions and Smoot Case May Extend Date of Adjournment to August—Legislators Desire to Escape.

(Special Dispatch by Leased Wire to The Journal) Washington, June 2.—Senator Stone of Missouri made an assault upon the standpatters and arraigned the president as a political coward in the senate yesterday.

The occasion of the Missouri's notable speech was Mr. Aldrich's effort to secure the passage of his resolution giving the president authority to go outside the United States to purchase supplies for the Panama canal in case bids by home producers are extortionate and unreasonable.

"No one can doubt," he said, "that the president will buy practically all canal materials in America, no matter what the difference in prices here and abroad may be. If we are to judge the future by the past, there is no room for questioning what course the president will adopt.

ARMED MEN ANXIOUS TO GIVE FIGHT

Murders by Mexicans Arouse the American Soldiers to Righteous Anger

Fired Upon From Ambush, Small Detachment Quickly Puts Attacking Party to Flight—Killing of Metcalfe's Horrible in its Cruelty.

(Special Dispatch to The Journal)

Naco, Ariz., June 2.—Sunrise this morning found a thousand armed Americans restlessly patrolling the streets of Naco, awaiting the arrival of Governor Rafael Yzabel and General Torres, who alone can allow them to cross the line. Although chafing under the restraint, the Americans are well behaved.

At daybreak the United States immigration inspector boarded the train where the Bisbee volunteers were on guard to announce breakfast at the expense of the Cananea Consolidated. As these men marched to the restaurant, a party of Mexicans across the line fired at the Americans from ambush. The volley was scattering and not a shot took effect. Ten men were detained by Captain Rynning of the Arizona Rangers, to advance and return the fire. No casualties were reported from the Mexican side, but Rynning's promptness shut up the Mexicans most effectively.

Telegraph Lines Down.

It is impossible to get into communication with Cananea either by telephone or telegraph and the American officials will use this fact as a powerful argument to Governor Yzabel to have him permit them to advance.

Many women and children arriving here last night say that Colonel W. C. Greene shot down two of the strikers who were about to fire on the Americans. The report that the lumber yards were destroyed is confirmed. How great the casualty list will run is not known. It appears, however, that fewer Americans and many more Mexicans were killed than at first supposed.

At 7:30 the special train of Governor Yzabel arrived with General Torres aboard. Both are grand old men in whom the Americans have every confidence. As soon as Rynning reported to the governor and made his request to be allowed to enter Mexican territory the governor replied through his interpreter that it was his wish that the Americans proceed with him at once.

Troops Go to Scene.

Colonel Emilio Kosterlitzky will reach Cananea at noon with enough rurales to control any situation that may arise.

Most of the Americans speak with sincere regrets of the sharp engagement on the international line here last night when Fred Buckner of Bisbee was badly wounded and two Mexicans were killed.

The Mexicans fired upon Americans from ambush and after capturing Buckner stood him up and shot him in the back. Two of the Mexicans were killed in the act. One American is reported killed but his body has not been recovered.

Four companies of United States cavalry from Fort Huachuca reached Naco at 4 p. m. A carload of rifles and ammunition arrived here from El Paso at 4 o'clock this afternoon and another carload has been started from the Copper Queen stores at Bisbee and Douglas.

A report that A. S. Dwight, general manager, is dead from wounds known to have been received last night, cannot be confirmed. The Mexicans have cut the wires in a dozen places in the past three days, but they have been restored successfully until this morning.

Brutal Killing of Metcalfe.

Colonel Greene's personal friend, George Metcalfe, met with a particularly horrible death. When the Mexicans first fired the lumber yards Metcalfe and his nephew tried to turn a hose on the blaze. Three Mexicans rushed on the older man, took his Winchester from him and after brainning him with it, they shot and killed the nephew. The first report that the Americans are dead now seems to
