The next conference will be held in Ashland May 20, 1907. Rev. Beers presided in the absence of Bishop W. A. Sellow, now in Japan.

The denomination has built six churches and made much improvement to church property during the year. The membership has increased 10 per cent.

On Sunday H. M. Bowman will be ordained elder and William Gatts deacon. Five ministers will be admitted into the conference and three on probation.

PENDLETON CLEANS UP AND ENDS CAMPAIGN

(Special Dispatch to The Journal.)
Pendleton, Or., June 2.—Big Democratic and Republican rallies tonight are enlivening the city. Bands, torchlight processions and speaking are the

Mile. Guerrero, the famous Spanish dancer, whose mind gave way and who now leaps from her bed in an asylum to dance madly and then collapses.

attractions. The Democratic meeting was addressed by Walter M. Pierce, candidate for joint senator. D. J. Malarky, for the Republicans, addressed the other meeting. Excitement attends the closing of the campaign.

Heavy clouds over the city tonight threaten rain. Some fear is expressed of another cloudburst and flood, but it is not generally shared. Trains will probably be running on all lines by Monday. The first train to Spokane will leave tomorrow morning. The city has been so well cleared of debris that no evidences of the flood remain.

GALLOWAY BEARS HEARS IN MARION COUNTY

Young Candidate for Congress From Valley of the Yamhill Gains Votes at Salem.

(Special Dispatch to The Journal.)
Salem, Or., June 2.—Notwithstanding a circus and two entertainments among counter attractions last evening, the Democratic rally was well attended and the speeches well received. Charles V. Galloway, Democratic candidate for congress, gave a masterly exposition of the political situation, and his salient points were punctuated with applause.

Galloway is a type of the young college man and farmer in politics and his dignified yet modest style of campaigning make him one of the strongest speakers on the political platform. It is safe to say that Galloway made friends here and won votes. His address treated the points set forth in his pamphlet addressed to the voters. He declared himself for the restriction of Chinese immigration, the promotion and construction of the Panama canal, the purchase of the locks at Oregon City by the government, the parcels post and the postal savings banks. He says he is a Democrat and is not ashamed of his political affiliation.

"I am a tariff revisionist," said he. "The protective policy has probably had a legitimate existence to promote the growth and foster infant industries, but now it is fostering trusts and he declared himself for free trade with the Philippines and against ship subsidy. Speeches were made by W. T. Slater, candidate for state senator; F. S. Senn, Philo Glover and August Johnson, candidates for representatives, and Francis Fuller, for county commissioner.

August Huokstein spoke particularly in behalf of the state ticket, setting forth some of the promises that had been kept to the letter by Governor Chamberlain during his administration and commenting upon the governor's record. He referred to Justice Halley and the voters to consider his candidacy and laid emphasis on the importance of a non-partisan supreme bench when viewed with reference to political parties. References to Chamberlain were the signal for applause.

The meeting showed a stronger Democratic sentiment in Salem than was estimated and the county central committee believes Chamberlain will carry old Marion by at least 500 majority.

Dr. W. H. Byrd, candidate for joint senator, is making a tremendous vote-winning campaign, and it is believed he will beat "Billie" Miller, his opponent.

A feature of the evening was the singing of the close City quartet, who were encored and reencored. Their Chamberlain song was greeted vociferously.

MATLOCK FILES COUNTER SUIT AGAINST SIMONS

Other Eugene Councilmen Will Institute Proceedings Alleging Libel.

(Special Dispatch to The Journal.)
Eugene, Or., June 2.—J. D. Matlock has instituted suit in the circuit court against L. Simons for libel, asking \$10,000 damages. On Thursday Simons brought suit against the city, enjoining payment of the \$1000 warrant of Kelley & Young, civil engineers, for plans and specifications for a proposed municipal electric light and water plant that was not built, the claim being allowed by the city council.

Simons accused the fire and water committee of the council, of which Matlock was a member, of conspiring with the engineers to defraud the city out of the sum named and of making a secret contract with the city.

Portions of Simons' complaint containing these charges were published, and on this ground Matlock seeks to recover damages, alleging that "the charge was made willfully and maliciously with intent to injure the reputation of the plaintiff."

W. W. Calkins and R. B. Henderson, the other members of the fire and water committee, it is said, will also begin suits against Simons for libel.

Matlock is the Democratic candidate for state treasurer.

LOGGERS AND RAILROAD HANDS IN FREE-FOR-ALL

(Special Dispatch to The Journal.)
Eugene, Or., June 2.—The Swedish P. D. Philberds is in the Eugene hospital as a result of a general fight on a south-bound Southern Pacific train Thursday night. Thirteen Swedes and a number of American loggers were on board from Portland to Drain, the Swedes to work on the new Coos Bay railroad and the loggers to work in the lumber camps in that vicinity. A number of the men had been drinking and fist fights ensued from Oregon City to Eugene.

(Special Dispatch to The Journal.)
A times the entire crowd was fighting at once. Windows were broken, seats smashed and general havoc created. It is said that the loggers threw most of the Swedes off the train. At any rate, only two of them, including Philberds, who had favorably commented upon them in the selection of national guardsmen for duty at the Lewis and Clark fair the general permitted no thought of politics to enter.

Reports here and at Guardsmen of this city, who are deeply incensed, consider General Finzer as a non-partisan officer, whose only aim is the advancement of the Oregon National Guard in which he has so admirably succeeded.

A leading Republican and gadabout of Woodburn states that "General Finzer was never obnoxious as a Democratic citizen, and in his present position, which he has so well filled, he has leaned, if anything, toward Republicanism, although to a great extent it is due to him that politics has been kept entirely out of the Oregon National Guard."

This partly explains the progress made by and lack of friction in that body.

ALBANY COLLEGE CLOSES SUCCESSFUL YEAR

Outline of Exercises for Annual Commencement Arranged by Faculty.

(Special Dispatch to The Journal.)
Albany, Or., June 2.—The faculty of Albany college has announced the commencement program. The annual reception to seniors will be held Thursday evening, June 7; closing exercises of the business department will be Friday, June 8, Tom Richardson of Portland being billed to address the graduates.

Saturday, June 9, annual recital of the department of music. Sunday, June 10, commencement address in United Presbyterian church, with closing exercises and farewell of the Y. M. C. A. and Y. W. C. A. that evening in the Methodist church. President Harry L. Crooks will deliver the baccalaureate address Monday, June 11.

The junior orators will take place in the United Presbyterian church, they to compete for the Wallace medal. Tuesday, June 12, a students' reception will be held in the Presbyterian church. The final exercises, senior orations and degrees will be conferred Wednesday, June 13. These exercises are to be held in the morning. At night the annual reunion and alumni banquet will close the school year. Thus will close the first year of the college under the leadership of H. M. Crooks. The year has been unusually successful. The students have carried many honors, both in oratory and debate, having won the intercollegiate oratorical contest and the collegiate debating championship of Oregon.

SAILORS GET INCREASE IN COASTWISE SERVICE

(Special Dispatch to The Journal.)
Los Angeles, June 2.—The owners and masters of steamships plying on the coast have acceded to the demands of the sailors' union for a \$5 increase in monthly wages on all vessels—calling it inside ports. The demand was made three months ago, but was held in abeyance on account of the San Francisco fire. Eighty vessels are affected by the increased scale.

NEW BANK BUYS SITE FOR BOISE INSTITUTION

(Journal Special Service.)
Boise, Ida., June 2.—Lehman brothers, capitalists from Nebraska, recently associated with George W. Fletcher of Boise, today leased the building at Tenth and Main streets and will open a bank with \$100,000 capital and \$50,000 surplus. The institution will open for business July 1. The five established banks of Boise carry over \$5,000,000 deposits.

OPEN-AIR CONCERT BY HOTEL ORCHESTRA

The Portland hotel orchestra gave its first open-air concert of the season last night. Manager Bowers has enlarged the orchestra to 12 pieces and the opening concert was an artistic success. Both the guests of the hotel and the crowds on the streets enjoyed the music for several hours.

ATTACK ON FINZER BITTERLY RESENTED

(Special Dispatch to The Journal.)
Woodburn, Or., June 2.—The attack on Adjutant-General W. E. Finzer is resented by his many friends here, who are affiliated with both the Republican and Democratic parties.

GANGRENE CAUSES LOSS OF LEG, POSSIBLY LIFE

(Special Dispatch to The Journal.)
Albany, Or., June 2.—John H. Holland of Solo, recently injured in the collapse of the portico of a burning building, is in a serious condition and small hope is entertained for his recovery. Drs. Davis, Wallace and Prill yesterday amputated his limb above the knee, gangrene having developed.

In falling his foot struck some broken glass, completely severing the heel. All medical supplies and drugs having been destroyed in the fire it was impossible to give the injured man treatment immediately.

It seems to be a cardinal principle in congress to consider all other interests first, and then if the public's doesn't conflict with any of them, to suffer it to be advanced.

Sure Way to Get Bait

The boy wanted some worms for bait. He had selected a promising spot, a shady and low-lying dell, but though he had been digging for 15 minutes, not a single worm had his spade turned up.

"Here, sonny," said an old angler, "take the chunk of soap and make me a quart or two of soapuds."

The boy brought the suds, the old man sprinkled them over the ground, and then he, in his turn, began to dig. It was amazing. Here, where the boy before had not found a single worm, the old man now discovered them in dozens.

"You can find worms 'most anywhere," sonny," said the old man. "If you wet the ground with soapuds first. The soapuds draws them, in the same way, laasoa draws flies. A weak mixture of blue vitriol and water will do the same thing also."

PLANS OF MANAGERS COME TO SUDDEN STOP

Great Vaudeville Circuit Combination Not Completed Because of Stockholders.

(Journal Special Service.)
New York, June 2.—The heads of practically all the big vaudeville theatres and circuits in the country who are attempting to unite their competitive interests in a giant combination ran up against an unexpected snag yesterday in their deliberations in the St. James building.

The meeting was secret, but it was learned that Maurice Myerfeld of Chicago, who owns a controlling interest in the Orpheum circuit, which extends all over the west, had balked at signing the final articles of agreement, and that Kohl and Castle, also of Chicago, had developed a lukewarm feeling for the scheme.

Vaudeville men say that the plan is to pool all the competing interests and then issue stock in proportion to the earning power of such interests. The objectors in this meeting view this proposition as a roundabout way of asking them to buy back their own stock and then become janitors instead of managers of their own theatres.

NOTED RAISIN GROWER DIES ON OCEAN LINER

(Journal Special Service.)
Liverpool, June 2.—The remains of M. Theodore Kearney of Fresno, California, who died at sea, were cremated today according to the will of the noted raisin-grower. The ashes will be shipped today to the United States on the steamship Umbria.

M. Theodore Kearney, who died at sea while en route to London, where he was on business, was in the main industry of California what John Naffziger was to the cause of the orange growers of southern California.

Mr. Kearney organized and was for many years president of the Raisin Growers' association. He was the moving spirit in the pool which resulted in securing for the grower increased prices on all grades of raisins. It is related of him that when certain dissatisfied growers complained that his salary of \$5,000 a year was too large, he resigned.

With his influence and direction removed, there was almost immediate confusion and uncertainty in the association. A slump in prices resulted and Mr. Kearney was urged to return to the management. He did so, but his salary was \$10,000 a year.
