It is alleged that the case was dismissed by the district attorney on May 19 because there was no ground for prosecuting it, and that the arrest was extensively advertised in the daily papers in Portland and Salem, Goode's former home.

Caution Piano Owners.

Word has been received again that, same as a few days ago, some clever and glib-tongued solicitors are calling upon plano owners, making them believe that their planos are "moth-eaten," or "rusted out," and offering, usually for a big amount of money, to restore them, and furthermore, to "moth-proof" and "rust-proof" them. We wish to caution our patrons again, as we have found from experience that most of such work is nothing more nor less than an attempt to obtain money under false pretenses. Ring up Exchange 23 for information, should anyone call on you to "restore" or "work over" your plano!
