East Side Association Meets to Consider Public Work in East Portland.

COMMITTEES REPORT ON IMPORTANT MEASURES

Men Across the Willamette Show Disposition to See That There Is No Delay in Work of Making East Side Conditions Better.

East Side Department. The meeting last night of the East Side Improvement association was unusually well attended. General satisfaction was expressed at the progress reported on work of the various improvements under way on the east side.

W. L. Boise announced that the contractors would proceed with the work of improving Union avenue as soon as the weather cleared up. E. H. Newhall and Henry Meyer were appointed a committee to inquire into the delay in opening to traffic the bridge on East Washington, between Seventh and Eighth streets. This bridge was ordered closed some time ago on account of some defect in the supporting timbers, caused by dumping earth through the bridge at the time the fill was started on that street. The proposition to drain Hawthorn slough came up for discussion. It was the sense of the meeting that this water must be got rid of; that it would be exceedingly dangerous to the general health to allow it to remain there through the hot season. W. L. Boise, Dr. Raffety and C. E. Fields were appointed a committee to present this matter to the council at its next meeting and urge immediate consideration.

It was announced that Blake, McFall & Co. had purchased a half block on East Yamhill street, and would erect a five-story brick building for warehouse purposes. It was decided to call attention of the wholesale merchants of Portland to the desirability of the district north of East Morrison and west of Union avenue for wholesale and warehouse purposes. Several matters of minor importance came up for discussion, mainly relating to the fill work now going on on the east side.

The eighth grade of the St. Johns school held their graduating exercises last night in Bickner's hall. The program consisted of a rendition of Longfellow's "Evangeline" and the reading of the class history. Diplomas were granted to the following pupils: Chester Massey, Edith Baldwin, Abbie Graves, Jesse Hanks, Edith York, Josephine Young, Lolo Walker, Lola Herald, Ida Jones, Beasie Phillips, Roy Brock, Everett Bueg, Earle Brodth, Henry Foyling, Clyde Tealing, Melvin Boye, Maude Peterson, Arthur Clarke, George Butt, Everett Gilmore, Flossie Ogden, Jack Douglas and Sylvia Taylor.

The class officers are: President, Lola Walker; vice-president, Abbie Graves; secretary, George Butt; treasurer, Sylvia Taylor. A high school will be started in St. Johns this fall, and it is expected that most of the graduating class will enter. One of the interesting features of the exercises was the graduating of Henry Young, the 14-year-old son of Rev. L. F. Young of St. Johns. Henry is totally deaf. He secured an average of 88 and is regarded as a good student. He became deaf several years ago as a result of sickness. Although treated by specialists, no relief could be given him. He first entered the public schools in Portland and then at St. Johns, and though working under very great difficulties he succeeded in graduating well up in his class.

W. E. Spicer will erect a large chop and feed mill at the intersection of the Powell Valley road and the Mount Scott carline. Mr. Spicer formerly owned and operated a similar plant at East Washington and First streets. His new mill will be a four-story brick and will cover about half of his 200 by 113 foot lot, the remainder of which will be used for warehouse purposes. He will handle about a carload of grain per day, and expects to get his supply by way of Flatview and the Cedarville branch of the O. W. P. Railway company. Mr. Spicer has men clearing the ground, and will very soon begin the construction of his plant. It will be the first manufacturing industry to be established in that section.

The directors of the Woodstock school district have elected the following corps of teachers for the ensuing year: Principal, L. E. Baker; Miss Gertrude Timm, Miss Carrie McCabe, and Miss Esther Smith. This is Professor Baker's third year as principal of the Woodstock school. The graduating exercises of the eighth grade will be held June 9. Mrs. B. W. Pool has been chairman of the school board for two years. Through her work and that of Director Martin, the bonded debt of the district has been reduced to \$2,500, and \$1,500 more will be paid on the debt this year. While paying this debt, the financial needs of the school have not been neglected. The district will vote on annexation to the Portland district June 18. Twenty-four pupils from Portland have been attending the Woodstock school.

The directors of the Montavilla school district have made a horizontal increase in the salaries of the teachers from principal down. At the last general meeting of the taxpayers of Montavilla a petition was presented to the school board asking that the teachers' salaries be raised. Professor N. W. Bowland, principal, and all of the subordinate teachers were re-elected by the directors for the next school year. H. B. Dickinson, chairman of the board, announced that the directors were proceeding the same as before the June election, although the town had been annexed to Portland, but he expected the school district to be merged with the Portland district by July 1. It is not doubted that the teachers elected by the Montavilla board will be confirmed by the directors of the Portland district after actual examination has taken place.

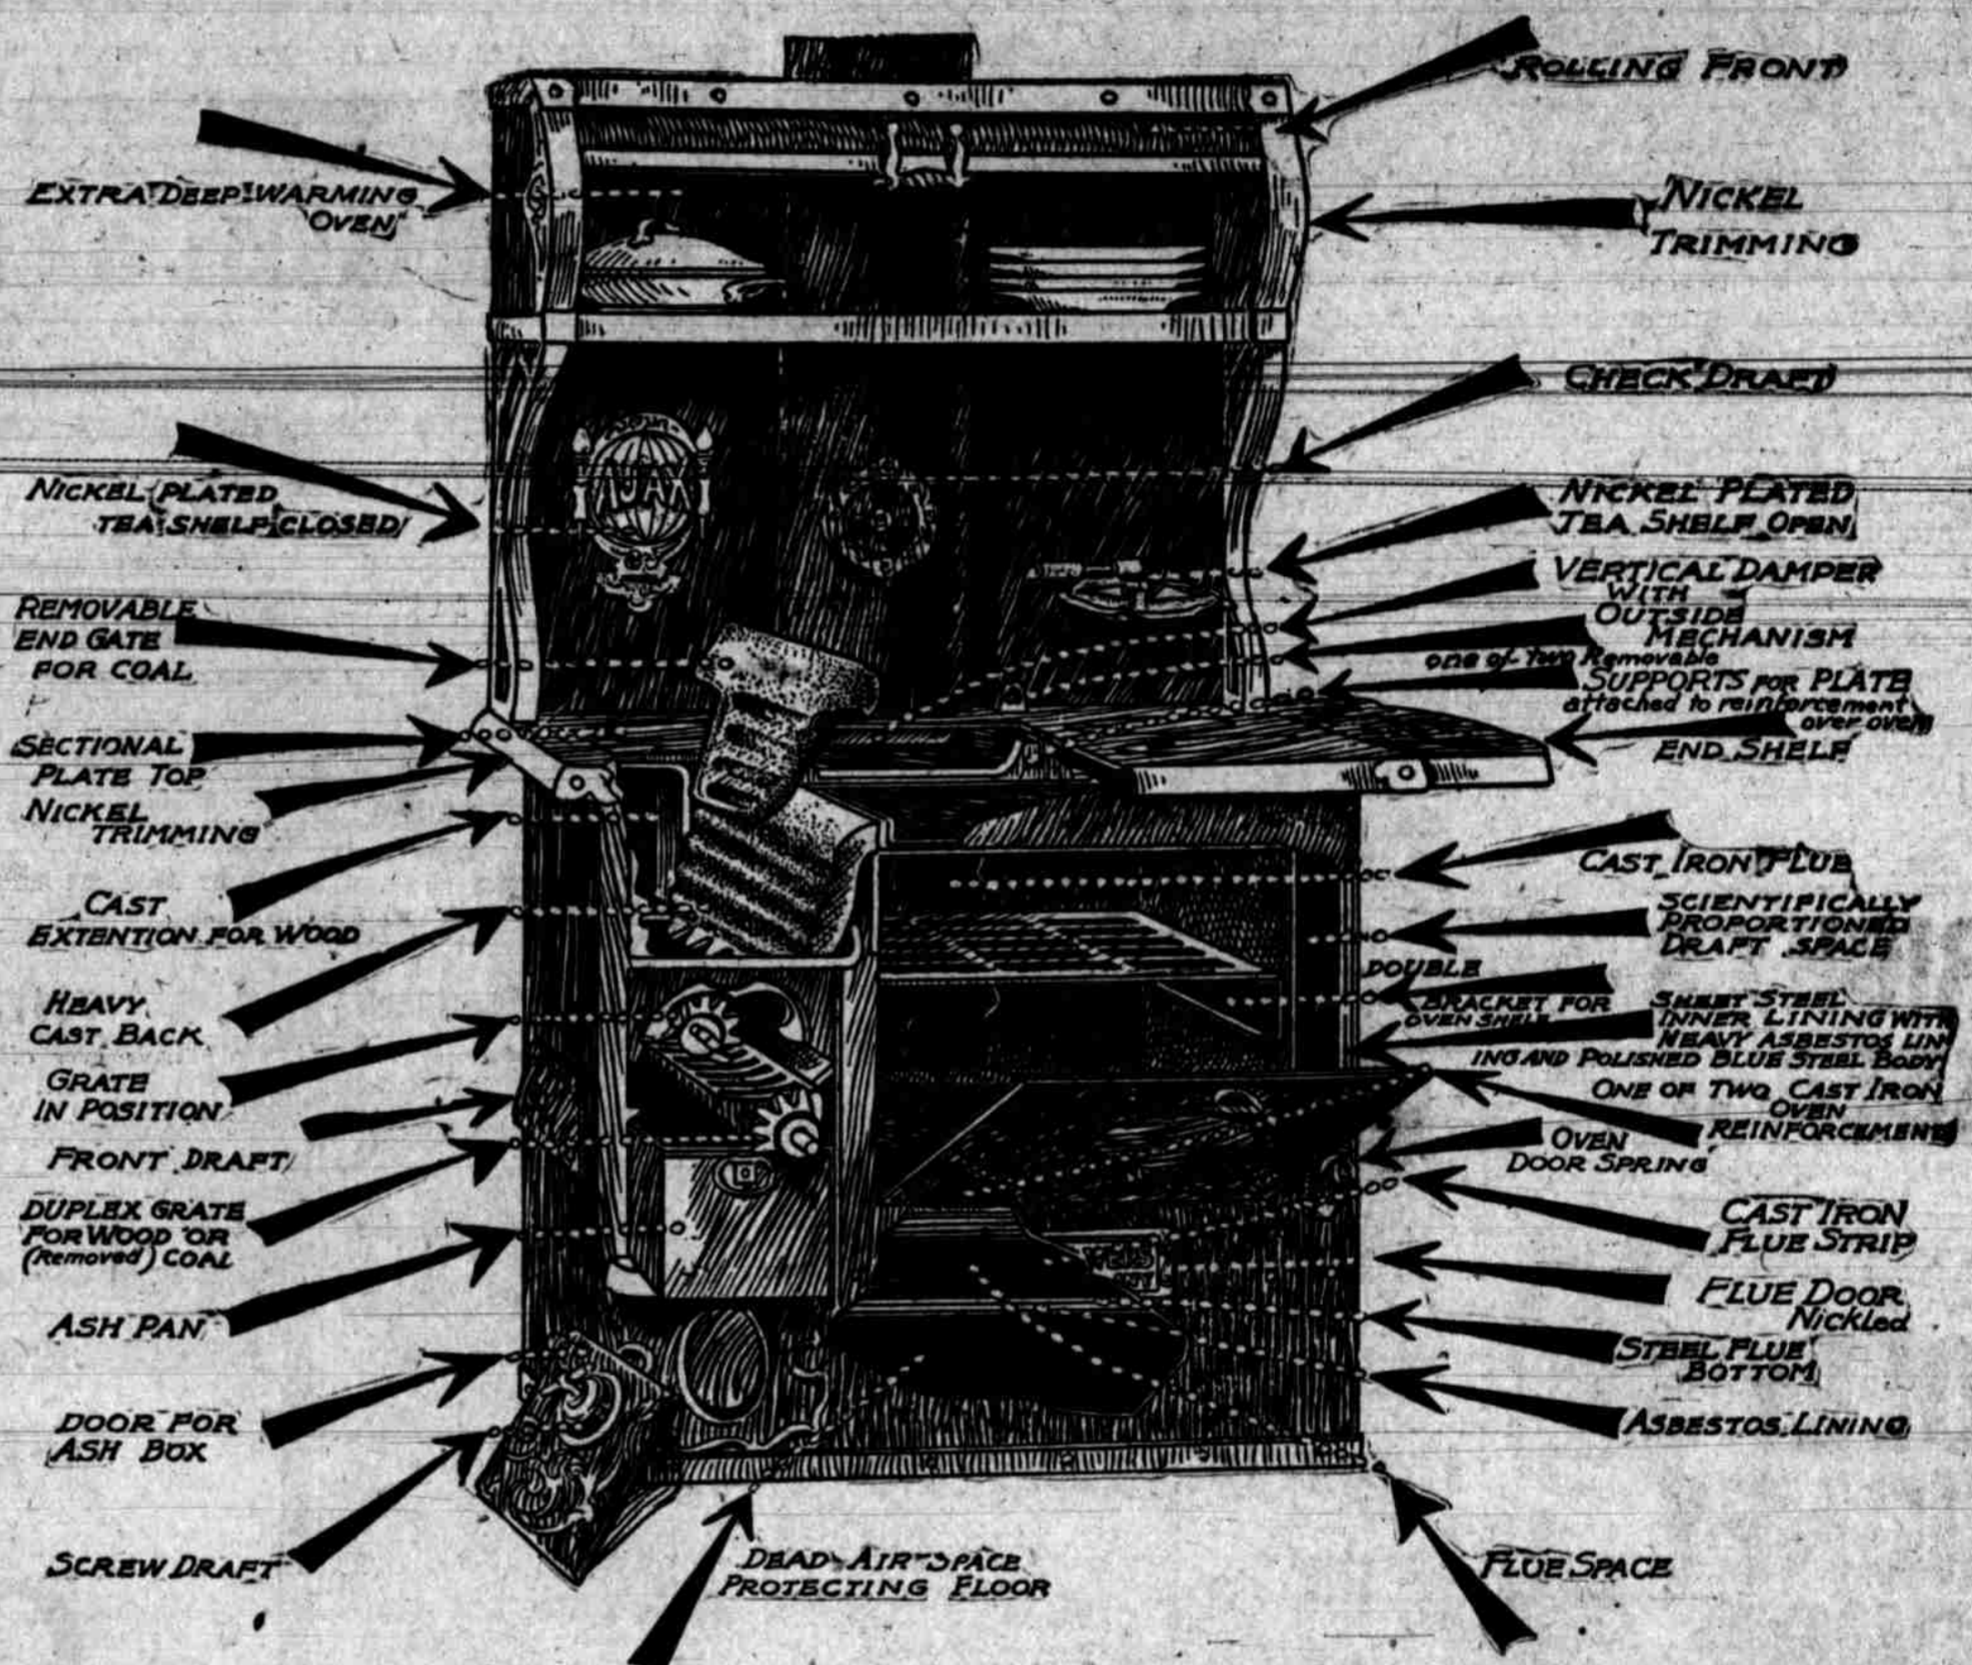

The women of the St. John's Baptist church have a pink tea between 3 and 5 o'clock yesterday afternoon at the home of Mrs. Harlow, 601 Leavitt street.

The last meeting for the year of the Mothers' and Teachers' club of Brooklyna school will be held Friday afternoon at 2 o'clock. Officers for the next year will be elected. An informal reception will be held after the business of the meeting is over. The reception will be complimentary to those who have assisted the club during the past year. Mesdames M. Trumbull, A. Meier, Rose Hoyt, C. M. Word, Drs. Edna

# \$27.50 AJAX STEEL RANGE \$27.50

## \$1 Down--\$1 a Week

Our years of experience have taught us what is necessary to make a good Range—a Range that is especially adapted to our wood fuel—a Range that will do the work with the least amount of fuel—a Range that will bake evenly—a Range that, when connected up, will heat water in the shortest possible time—a Range in which the heat is all used for purpose intended, and one that will not make the kitchen like an oven. All these points were considered in the construction of the AJAX RANGE. It is a Range of quality, and the special price and terms at which we are offering it puts a first-class Range within the reach of all.

When you buy an AJAX RANGE you buy a Range that has been tested and one that is guaranteed

"Money talks," but cash delivers the goods. If you buy honest clothing—the price is a little higher than last year, but the quality is also higher, so one balances the other.

As we pay cash for our goods we can sell for cash at a lower price than stores that buy and sell on time.

Today our special is Men's Spring and Summer Suits at \$14. They're the \$16, \$18 and \$20 kind. See the window display.

**LION Clothing Co**  
Gaskuhn Prop.  
Men's and Boys' Outfitters.  
166 and 168 Third St.  
Mohawk Building.

Timms, Esther Pohl, Abbie French, Judge Fraser and Dr. Short have rendered valuable assistance to the club since its organization. A cordial invitation is extended to women who are interested in the work. Ice cream and cake will be served.

Blake, McFall & Co. have purchased a half block fronting 100 feet on East Yamhill street, and 100 feet on Union avenue and East Third street. A five-story brick warehouse will be erected by this firm on this tract. The purchase price was \$15,000.

Charles Schmid has entered suit against John Struckler in the east side justice court, alleging that Struckler sold him a team of horses for \$145, guaranteeing them to be good work horses and in every way a satisfactory team. One of them was found, alleges Schmid, to be wind-broken, balky and

generally worthless. The complaint asks the court to rescind the contract.

The St. Johns Review company has sold a one-half interest in the paper to A. W. Markie. Mr. Markie had selected St. Johns as a good place to start a newspaper, but negotiations resulted in his acquiring an interest in the Review.

Edward and Samuel Cox, recently from Hardman, Morrow county, Oregon, have purchased six blocks of land near Woodlawn and will in future make it their home. The Cox brothers for many years owned the stage and mail route from Hardman to Spray.

E. Hill, M. A. Hill, George W. Hill et al, heirs of C. A. Hill, have instituted suit in ejectment against C. E. Orr to recover possession of lots 9 and 10 at No. 537 Williams avenue. According to

the complaint, Orr has held unlawful possession of these lots since April 1, 1920.

### WILLAMETTE GRADS IN ORATORY AND MUSIC

(Special Dispatch to The Journal) Willamette University, Salem, Or., June 12.—The graduating exercises of the colleges of music and oratory were held in the First M. E. church Monday evening. Miss Bertha Hewitt, the only graduate from the college of oratory, gave the following readings: "Rhyme of the Duchess May," "In Elizabeth's Reign"; pantomime, "The Fainting," from "Hiawatha," reader, Mrs. Arthur Boeschen. The three graduates from the college of music rendered the following program: "Fascination Waltz," "Spring-

tide," Ida Clara Fenske; music, three tone pictures, 1 (a) "Berenda," (b) "Spring Vernal Break," (c) "Flying Time"; 2, "Gondoliers," Veeta Viola Pease; (a) "Love Song," (b) "Sermon of the Birds," Mary Evlens Calbreath.

### HAVE YOU A COUGH?

A dose of Ballard's Horehound Syrup will relieve it. Have you a cold? Try it for whooping cough, for asthma, consumption, for bronchitis. Mrs. Joe McGrath, 847 E. First street, Hutchinson, Kansas, writes: "I have used Ballard's Horehound Syrup in my family for five years, and find it the most palatable medicine I ever used. Sold by Woodard, Clarke & Co.

### WILLAMETTE FARMERS TO TRY IRRIGATION

(Special Dispatch to The Journal) Eugene, Or., June 12.—R. Black, promoter of a big irrigation scheme for the upper Willamette valley, proposing to utilize the waters of Waldo lake, in the Cascade mountains 190 miles east of Eugene, just here Sunday, accompanied by a force of men, for the purpose of resuming work on the construction of a huge reservoir at the lake, begun last fall. While Mr. Black will make no statement at present in regard to his scheme it is reported that eastern capitalists are ready and willing to finance the project just as soon as the people of the Willamette valley express a willingness to assist the enterprise by giving rights of way for canals and pipes.
