TRUNK MEN ARE WHITEWASHED

Kelso Team Administers a Decisive Shutout to the Local Ball Stars.

HALL'S PITCHING WAS TOO GOOD TO SOLVE

On Saturday the Trunk Team Plays at the Chautauqua and Puts a Kink Into the Record of the Vancouver Nine—Scores of Games.

The Trunkmakers journeyed to Kelso yesterday and received a whitewash at the hands of the team from that city. It was impossible for the trunkmen to connect with Hall's curves. On Saturday the Trunkmakers downed Vancouver, 18 to 2. Following is the score and line-up of Sunday's game:

SPORTING GOSSIP.

The Giants will leave here this afternoon for Seattle, where they will again tackle the Siwashes for a series. The successful series in this city last week fulfills the predictions made by The Journal that the Seattle team was not in the Giants' class. While the Portlanders did not meet with great success at Seattle in the first series, the fault was not so much with their playing as it was the poor grounds to which the Portlanders were not well acquainted. This week at Seattle it will be 10 plus 2 plus 12, equals 4 plus 16, minus 1 for the Siwashes.

The finals for men's singles championship at the Irvington tennis tournament will be played this afternoon at 5 o'clock between W. A. Goss and Dan Bellinger. • •

Pennsylvania's new captain is J. D. Whitham, the sprinter, who was second this season in both the 100 and 220-yard runs in the Mott Haven games. There was some expectation that Cartmell would be chosen captain.

• •

Columbia's new track leader is John Brodix, who has been on the team for two seasons. The new Syracuse captain is Claude Allen, the pole vaulter.

• •

E. J. McCormick, '07, of Wesleyan, a sprinter, will lead the Methodists, as they dislike to be called, and Tatnall, the Haverford crack mile runner, is to be captain of the team next season.

FISTIC FANS HOLD PUBLIC BOUT

Yesterday's Contest at Recreation Park Enlivened by a Bleachers Contest.

SPECIAL POLICEMEN KICKED BY FIGHTERS

Last Game of Series Was a Jubilant Affair—Umpire Perrine Tries to Interfere in Scrap, but McLean Pulls Him Back to Diamond.

Portland 4, Seattle 1.

Batteries—Henderson and McLean; Jones and Blankenship.

As a fitting climax to the close of a successful series in which Portland won six straight games from Seattle, there was a lively fist fight in the bleachers yesterday afternoon, and the only ones who suffered during the engagement were the special policemen who dared interfere with the combat.

Even since Larry McLean challenged Jim Jeffries a week ago in Seattle and Rube Vickers said he would take on the winner, there has been a feeling of unrest among the fistically inclined players in the league and strange as it may seem this fight feeling has taken hold of the fans. For several days the local fans have been itching for a side bout with Russ Hall, Rube Vickers or any old man that had associations with Seattle or its team. Not being able to get satisfaction from the visitors and knowing that yesterday's was the last game for a week, two faithfuls in the bleachers started a row at the beginning of the sixth. They squared off and went at each other lickety-bang. The fever spread to some more fans and they paired off as if by program. When things got more interesting than the ball game Umpire Perrine left the diamond and started for the scene of battle. Here he tried to give a decision and the crowd hooted at him, telling him that he would call out the wrong man if he tried to officiate. Larry McLean went to the umpire's rescue and yanked that diminutive official back to the diamond by his collarette in rapid time, notifying him that he was paid to umpire and not to referee. By this time Special Policemen Wendorf, Harmsworth and Merrick were on the scene struggling to maintain the law, but whatever happened no one seems to know, excepting that their intrusion was repulsed in the bestowal of a few good kicks, landing in the neighborhood of the policemen's chests. An attempt was made to arrest the belligerents, but the fans refused to be arrested. The police were compelled to disperse, carrying with them all of the scars but no honors of war.

The other feature of the day was the ball game between Portland and Seattle, which was won easily by the locals. The Giants had their batting clothes on and pounded Mr. Jones for a dozen hits. Portland batters made five doublees and two triples, the triples and a double falling to McLean's lot.

The visitors could do nothing with Henderson, but five hits being made off his delivery. The Giants showed their superiority at all stages and there is nothing left to do but to scan the score:

YACHT CLUB MEN RETURN FROM CRUISE

The cruise of the Oregon Yacht club came to an end yesterday evening and, according to Commodore Knight, it was the greatest affair of its kind ever undertaken by the local club. The yachts left here on Saturday afternoon and arrived at Nigger Tom island during the night and Sunday forenoon. The day was pleasantly spent, canoe races and foot races being held by the yachtsmen. The start home was made late in the afternoon, and, favored by a strong wind, the yachts were home and at anchor before 10 o'clock last evening.

The members are all of the opinion that it was the best time ever.

Local Cricket Game.

A good game of cricket was played Saturday afternoon at the grounds of the club, East Thirty-ninth and Belmont streets, between the single and married men, the married men winning by nine runs, thereby evening up with the singles, who won the previous match. A number of visitors were out despite the heat. Next Saturday there will be another match between the teams.

FORECASTER BEALS SAYS HOT SPELL IS BROKEN

District Forecaster Edward A. Beals says the hot wave has broken in the western part of the state and relief will be brought to the heat sufferers in the eastern portion of the state tomorrow or Wednesday.

Most people are aware of the fact that the temperature is considerably lower today and they are thankful for it. Yesterday was one of the most oppressive days of the hot spell despite the fact that the maximum was only 89 degrees. The thermometer registered 70 degrees at noon today.

SUNDAY PASSED QUIETLY AT GLADSTONE PARK

Class Work Resumed This Morning and Round Table Conducted by Women.

(Special Dispatch to The Journal.)

Oregon City, Or., July 16.—Sunday was passed quietly at the Chautauqua assembly in Gladstone park, and the cool groves brought hundreds of people from the towns. In the morning Sunday school was conducted by Rev. Howard N. Smith, state superintendent, and at 2 o'clock in the afternoon Mrs. Imogen Harding Brodie, the Chautauqua soloist, rendered a vocal solo and led the congregational singing. The sermon was preached by Miss Bella Kearney of Mississippi and a sacred concert of two hours was given by Parsons' orchestra. Dr. Ernest E. Baker, pastor of the First Presbyterian church of Oakland, California, preached an impressive and instructive sermon in the evening.

Class Work Resumed.

Class work was resumed this morning and the Round Table was conducted by the Portland Women's club, the speakers being Mrs. A. H. Breyman, Mrs. W. W. Johnson and Mrs. Cornelia Marvin. The program for this afternoon includes vocal solos by Mrs. Fletcher Linn of Portland and a musical and elocutionary program by Professor Mark B. Beal of Los Angeles.

The baseball game is between the Northwest Gun & Bicycle club and Chemawa. The Gun & Bicycle club has won two games and has a good chance of winning the series. The Multnomah Athletic club has played two games, winning one of them, and has the same status as the Vancouver and Portland Trunk company teams. Tomorrow's game will be between the Portland Trunk company and Multnomah.

"Parliamentary Quiz Law and Law-Making" was an interesting topic this afternoon for the W. C. T. U. Round Table.

Following the ball game today Professor Chris Nelson will make a balloon ascension and parachute jump.

Tonight Dr. M. A. Mathews of Seattle will lecture on "the Wealth of Altruism."

Tomorrow's Program.

The program for tomorrow follows:

8 to 12—Summer school.

1:00—Concert, Parsons' orchestra, one hour.

2:00—Vocal solo, Mrs. Max Shillock of Portland. Lecture, Dr. Ernest E. Baker on "A Pilgrimage to Literary Shrines in Europe."

REGISTRY CLERK BALL IS GIVEN PROMOTION

Appointed Assistant Superintendent of Delivery at the Local Postoffice.

Postmaster Minto received information today announcing the promotion of E. J. Ball, registry clerk in the local postoffice, to assistant superintendent of delivery. Although the new position does not carry an increase of salary, it places Mr. Ball in line for further promotion that will mean an advance in both position and salary.

Mr. Ball has been in the employ of the postal department for about 12 years and has served all of that time in the Portland office. He has worked himself up from a subclerk to his present position by his faithful attention to work.

Only one clerk will be added to the force in the local office in connection with the promotion of Portland to a first-class postoffice. This is a disappointment to Postmaster Minto, who was looking for a greater number. The work at the office has been increasing so rapidly that the present force feels itself handicapped, especially so at this time because of the fact that so many men are taking their summer vacations.

Just who the lucky clerk will be is not known. The first three on the substitute list according to their seniority are: Edward A. Dunlap, Earl D. Doran and George H. Nicholls. The appointee will start working July 15, and his pay will be $600 a year.

CASE AGAINST HONEYMAN IS DISMISSED BY JUDGE

Dave T. Honeyman, a member of the Honeyman Hardware company, was arrested last night at Sixteenth and Thurman streets by Patrolman Ben Peterson and booked at the city prison on a charge of violating the state law requiring numbers and lights on an automobile after dark. Honeyman's defense was to the effect that the burners on the lamps had been broken in the garage and for that reason he could only light a small kerosene lamp. He declared that he was on his way to the garage to have the lights repaired when taken into custody.

The patrolman admitted that Honeyman had informed him of the defect in the burners and this called forth the interrogation from Judge Cameron why the policeman had not taken the defendant to a repair shop instead of to police headquarters. Peterson maintained that he had done his duty and his orders did not call for him to pursue any other course but to make an arrest. Upon the showing made by the defense Judge Cameron dismissed the case.

MAN HUNT OCCURS IN FULTON

Citizens Armed to the Teeth Pursue Supposed Burglar and Surround Him.

POSSE FAILS TO CATCH CRIMINAL AFTER CHASE

Police Department Sends Man to Scene, Who Finds Armed Fultonites Surrounding Thicket in Which No One Is in Hiding.

Fulton was thrown into a ferment of excitement last night by the reported operations of a daring housebreaker, and the subsequent man hunt by a posse of determined citizens of that district, armed with every conceivable kind of weapon from scythes to shotguns, was highly sensational. The burglar was not apprehended, despite a thorough search of surrounding territory, and there is no clue to his identity.

A telephone message was received at police headquarters last night to the effect that a burglar had broken into a house at Fulton and had been tracked to the Italian vegetable gardens, where he was hiding in a patch of brush 100 feet square. Captain Slover detailed Patrolman Hoesly to hasten with all speed to the scene and capture the criminal dead or alive. Hoesly, upon arriving on the ground, found a dozen men, veritably armed to the teeth, surrounding the supposed hiding place of the burglar. Upon the policeman's directions, the manhunters deployed themselves as skirmishers around the brush and Hoesly, revolver in hand, crawled into the thicket.

Memories of the redoubtable Tracy and Outlaw Smith were aroused and every man waited in breathless expectancy for the crack of the pistol signalling the commencement of hostilities. After a thorough search, Hoesly emerged from the brush and reported that the outlaw was not there. Four lanterns were secured and the ground was again gone over, but without success.

The searching party then reluctantly dispersed and the patrolman repaired to the scene of the attempted crime. Upon investigation he found that some one had opene a door in the house and knocked over a quantity of goods, but nothing had been taken.

GUARDS HUNT LITTLE BOY WITH BLOODHOUNDS

Child Is Lost in Mountains and Is Feared to Be Victim of Cougars.

(Special Dispatch to The Journal.)

Walla Walla, Wash., July 16.—Cecil, the 4-year-old son of R. L. Brittian, a Walla Walla photographer, wandered away from camp at the Toll Gate, 30 miles south of Walla Walla, yesterday afternoon and is lost in the mountains.

Searching parties made up of campers in that vicinity hunted for him all night without success and it is feared the boy has fallen victim to cougars. Penitentiary guards with bloodhounds left for the camp last night to assist in the search.

ARE PREPARING CAMP AT AMERICAN LAKE

(Special Dispatch to The Journal.)

Tacoma, Wash., July 16.—The American Lake district, where the big army encampment is to take place, is rapidly assuming the aspect of a tented city. Company D, First battalion of engineers, Captain M. L. Walker in command, and two divisions of the Twenty-second infantry, are already encamped at Murray, which is the site of the general headquarters. Company C, of the First battalion of engineers, is now marching from Vancouver barracks and is expected to arrive tomorrow. As this company marches it is mapping out the road that the infantry from Vancouver will follow in a short time.

Seventy square miles are included in the area of the American Lake camp site. The regulars in the encampment will number between 4,500 and 5,000, consisting of 3,000 infantry, 600 cavalry, 600 artillery corps, 200 hospital corps, 150 engineers and a signal corps of 50. In addition to these will be the national guardsmen of Oregon, Washington, Idaho and Montana. According to the orders all the regulars must be in camp by August 10. Major-General Greely, in command of the Pacific division, will visit the camp during the maneuvers and Secretary Taft will also be a visitor for a day or so.

TO CHANGE COURSE OF UMATILLA RIVER

(Special Dispatch to The Journal.)

Pendleton, Or., July 16.—A contract has been entered into by the Pendleton levee committee, consisting of Councilmen Hinkle, Swearingen and Murphy, with Willard Young and Frank C. Kelsay, civil engineers of Portland and Salt Lake City, for the construction of additional levees and the repairing of the levee that was injured by the recent big flood in Umatilla county.

The engineers agree to make all the surveys, to prepare all estimates of the probable cost of repairing the present levee, of changing the present course of the river, and the cost of rebuilding the lower end of the levee where it was washed out by the flood, and the cost of extending the levee farther down the river.

For this work the city agrees to pay the engineers the sum total that will amount to 5 per cent of the cost of the aforementioned improvements. The engineers will be on the ground and begin the surveys on or before July 20, 1906.
