MAZAMAS, Led by F. H. Kiser, Make Desperate Attempt to Scale Mount Baker.

(Special Dispatch to The Journal.) Bellingham, Wash., Aug. 8.—Led by F. H. Kiser of Portland, a last desperate attempt to reach the summit of Mount Baker was made yesterday by men among the hardest of the Massas. Returning Mazamas today say that the party left the temporary camp early in the morning and expected to reach the top by 11 o'clock in the afternoon, but nothing has been heard of the party since.

Details of Monday's ascent in which 38 persons participated show the Mazamas to have been in imminent danger from flying pieces of decomposed lava dislodged by the storm-climbers. C. M. Williams of Seattle narrowly escaped a terrible blow from a flying rock, and in numerous places yawning crevasses endangered the lives of the party.

It was at a narrow ridge of lava that the majority of the climbers were forced to halt when within a short distance of the summit. Of the eight women on the life line all reached this point, but they, with 15 men, were unable, or did not try, to go farther.

Seventeen scrambled slowly to the top of the ridge, where the Mazama bow was deposited and got under the shadow of the dome. To the Mazamas who reached Bellingham today, it does not seem possible that it can be scaled, as there is no apparent place to fasten a rope.

The eight plucky women are Miss Helen Eichmiller, Miss Emily Young, Miss Ella McBride, Portland; Miss C. Neidger, Miss Alda Bigelow, Miss Anna Huber and Dr. Annie Russell of Seattle, and Miss Hudson.

At 2 o'clock yesterday morning the Mazamas at the permanent camp were routed out of their beds by fire, which crept close to their tents. Under the leadership of Forest Ranger Coleman, J. M. Martin, the flames and drove them back.

Excursion Plans Changed BY JUDGE HUNT. F. W. Leadbetter Had Arranged to Go to Klamath Falls, but Is Called on Jury Instead.

A call of the new venire of 125 federal court jurors was made this afternoon and brought out 27 responses. Several of the citizens summoned presented satisfactory excuses and were allowed to go.

F. W. Leadbetter pleaded that he had made arrangements to go on the Commercial club's excursion to Klamath Falls, but Judge Hunt smiled and said: "I wish we could all go, Mr. Leadbetter. You will have to take your chances of jury service. I can't excuse you."

Numerous others fared no better than Mr. Leadbetter. Excuses deemed insufficient were promptly waived aside, and Judge Hunt managed to retain about 20 of the 27 who answered the summons.

The work of selecting a jury to try Coe D. Barnard on a charge of perjury was taken up by the venire and Clarence R. Zachary were witnesses for Charles A. Watson when the latter made final proof on his homestead claim. The trial of Zachary will follow that of Barnard.

United States District Attorney Bristol appeared for the government and Judge A. B. Bennett for the defense. Special Assistant Attorney-General Francis J. Heney is expected to return from San Francisco tomorrow morning.

TEAMSTERS OF CITY WANT MORE PAY FOR WORK. The members of the Team Drivers' union have decided that \$2.50 for 10 hours' work is not an adequate wage in these times of prosperity.

At its meeting last night the union appointed a committee to draft a request on the employers for an increase. The increase asked for will probably be 25 cents, though it is stated that this has not yet been definitely decided upon.

The committee, of which a driver named Dugan is chairman, consists of five members. It will probably report back to the union before further action is taken. The employers will be asked to grant the raise, beginning with September 1.

President Sparks of the union, who is a driver for the Meier & Frank store, has been anticipated any trouble in securing the raise. He has expressed the opinion that the employers will see the justice of the demand and will concede an additional quarter of a dollar a week. The team drivers' organization is making extra efforts lately to build up a strong membership. About 250 names are now said to be on the rolls and a business agent has been named in the person of a driver named Long.

THIS LITTLE GIRL HAS ONE DAY'S HEAD START. When little Miss Warfield, aged two days, was born in a Portland hotel she will have one day the start of most girls. TESTIMONY TAKEN IN ISAKSON CASE. The appeal of O. F. Isakson from the dismissal order of the executive board of the city civil service commission today. For three hours testimony practically the same as at the last trial was presented. John Moloney, who had been desk officer at the time Isakson was dismissed, testified that this had not yet been definitely decided upon. The committee, of which a driver named Dugan is chairman, consists of five members. It will probably report back to the union before further action is taken. The employers will be asked to grant the raise, beginning with September 1.

RUN OVER BY WAGON—SERIOUSLY INJURED. Yesterday H. D. Martins was arrested for driving a leaky scavenger wagon; today the wagon leaked Martina himself and the driver was run over and nearly killed.

Martina got out of his trouble with the police yesterday. At 1:15 this afternoon he was driving near the corner of Front and Washington streets when the team started up quickly and Martina was spilled over the dashboard. The horse broke into a run and a wheel passed over one of the scavenger's legs. Another wheel passed over his body and Martina was picked up in a serious condition. He was taken to St. Vincent's hospital where it was found that the leg was broken and that the man was hurt internally. It is not thought that he will die.
