Capitalists Handle Hose Like Veterans and Do Effective Work—One Hero Cut With Glass, Whereupon First Aid to Injured Is Given Him.

Fire that attacked the home of Dr. M. F. Fenton on Portland Heights early this morning called into action Portland's only millionaire fire company. Its work was cut out for it as it arrived on the scene and the fact that the members saved the greater part of the household furniture, including a handsome upright piano and a number of valuable paintings and prevented the fire getting below the second story, shows that the millionaires did not flinch when faced by a fire. It is not the first time that this millionaire company has distinguished itself.
