

### TO EXTRACT GOLD FROM SAND

Eastern Scientists Have Secret Method by Which They Will Mine on Snake.

### STATE THEY HAVE THE RICHEST CLAIMS KNOWN

No Other Property in Oregon or Idaho, Professors Say, Will Equal Values Discovered by Them Near River.

(Special Dispatch to The Journal.)  
Huntington, Or., Sept. 8.—Two placer claims, maintained by expert judgment to be the scene of the richest gold and black sand deposits in the state of Oregon or elsewhere, have just been staked out on the west side of the Snake river a few miles above Huntington by Dr. Oscar Eckstein and Professor Willard G. Frailek, the two noted eastern scientists, who have been working along the banks of the Snake river for the last month. A plant is to be erected on these claims on a scale sufficiently large to permit of the treatment of all the black sand from the neighboring states by the Eckstein-Frailek method. The survey which was made marks a region of 125 acres. The two claims are adjoining, touching two counties, Baker and Malheur, and cover a swath of about four miles along the Snake river, extending from the water to a point about one eighth of a mile back. They are situated in the neighborhood of Farwell and Old's Ferry, on the west side of the river, just above Huntington. Ninety-five per cent of the gold values can be extracted by the Eckstein-Frailek method, declare the scientists, and that in a far more economical fashion than that employed by other methods. The mine will be worked by capital in possession of the two men exclusively. There will be no selling of stock. When asked as to what figure they would quote the valuation of their holdings, they would make no statement, except to reiterate their conviction that no richer mine exists in either Oregon or Idaho.

(Special Dispatch to The Journal.)  
Pendleton, Or., Sept. 8.—Patrick Gibson, a resident of Umatilla for nearly 30 years, died yesterday afternoon at the hospital as a result of paralysis. The deceased was 74 years of age last March and was a native of Ireland. When but a youth he came to this country, and in his forty-sixth year he located in this county. He was a shoemaker by trade and he was well known to all old-timers in this section.

Special Eastern Excursion Rates.  
On September 8 and 10 the O. R. & N. makes a special rate for tickets to eastern points and return. Full particulars in regard to limit and stopover privileges by calling at the O. R. & N. ticket office, Third and Washington streets, Portland.

### UNION PEDAGOGUES' INSTITUTE CLOSES

(Special Dispatch to The Journal.)  
La Grande, Or., Sept. 6.—The Union county teachers' institute, which has been in session in La Grande for three days, came to a close last evening. Leading pedagogues from different parts of the state have been in attendance and took an active part in the institute. W. G. Harriman of California addressed the teachers, about 30 strong, on the "Spirit of the Teacher." J. H. Ackerman delivered a few instructive and interesting addresses. Nearly a hundred teachers were in attendance.

### FRISCO CARS ARE RUNNING AGAIN

After Ten Days of Strainous Exercise Public Takes Its Ease on Wheels.

### ARBITRATION COMMITTEE HAS NOT BEEN SELECTED

No Promises Were Made by Company When Men Returned to Work Except That All Questions Would Be Settled.

(Journal Special Service.)  
San Francisco, Sept. 6.—For the first time in 19 days San Francisco rode today. Practically every streetcar was in operation and all were cheerfully patronized.

The arbitration committee has not yet been selected, but it will probably be announced some time today. The carmen returned to work without any promises from the company except the arbitration of all questions in dispute. The company announced that it will find employment for all the men it imported as strikebreakers. Many will remain in the company's employ as trackmen. The strike of the streetcar men on the United railroads, incidentally also that of the linemen, electricians, foremen and construction workers, came to an end last night when the strike committee of these unions officially declared the strike off. The carmen immediately reported for duty at the various car barns and soon cars began leaving the barns. As the first cars proceeded on the various lines through the city they were greeted with tumultuous cheering by thousands of people, who lined the streets and to whom the appearance of the cars was the first notice that the strike was off.

The calling off of the carmen's strike followed the action of the union in mass meeting Tuesday night, voting to return to work and arbitrate afterward. The carmen demanded \$3 a day for eight hours, and their return to work upon the conditions laid down by the United railroads in practically a defeat for the union. Much feeling, it is said, was manifested by members because of the way in which the strike was conducted and, according to the report, 30 motormen and conductors gave up their union cards yesterday.

### Fourth Louisiana District.

(Journal Special Service.)  
Shreveport, La., Sept. 6.—A Democratic primary is being held in the Fourth congressional district today. Congressman J. T. Watkins is without opposition.

### Arizona Democrats.

(Journal Special Service.)  
Bisbee, Ariz., Sept. 6.—A territorial convention with 200 delegates in attendance assembled here today for the nomination of a Democratic candidate for delegate to congress from Arizona.

### CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason? If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dreading of impending evil, sounds in the ears, timidity, palpitation of the heart, spasms before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly headed by intelligent women who are approaching the period of life when woman's great change may be expected. We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can. Mrs. A. E. G. Hyland, of Chester-town, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:— I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of nervousness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms have, and I have passed safely through the change of life a well woman.

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women, free of charge. Her advice is free and always helpful to ailing women.

### IRRIGATION CONGRESS IS SUCCESS, HE SAYS

Tom Richardson Writes That Delegates Show Much Interest in Their Work.

Tom Richardson, manager of the Portland Commercial club and secretary of the Oregon Development league, writes that the congress is a decided success. Mr. Richardson's letter says: "I am more than pleased to say that the national irrigation congress is a decided success. I find among the delegates an extraordinary interest in the Oregon Development league convention, to be held at Salem, September 11, 12 and 13. A large number of those from Oregon and from other states who are in attendance upon this congress expect to be present at the league meeting next week.

"Of course you are well posted through the newspapers as to what is taking place here, and appreciate that irrigation in the Pacific northwest is gaining an enormous amount of the highest-class advertising through reports of the congress. "The Oregon state fair, to be held at Salem September 19 to 25 is receiving many compliments, and I find that exhibitors in many departments, especially livestock, will not only make a display, but be present personally at the fair.

"Salem, as you know, through \$9 of her leading citizens, is making a great effort to have the Oregon Development league convention at the capital city of the best section of the west organization, and the program is one of extraordinary interest.

"Do your utmost to secure a big delegation, for many subjects of vital importance to Oregon will be discussed. Truly yours,

TOM RICHARDSON, "Secretary."

### MAY SUSPEND STANTON FOR CLASS FIGHT

Berkeley Sprinter Is Caught by Faculty While Indulging in Gentle Sport.

(Special Dispatch to The Journal.)  
University of California, Sept. 6.—Although the hazing of freshmen is prohibited by the State university at Berkeley, nevertheless members of the sophomore class play pranks on the babies frequently. Late yesterday two classes clashed in one of the biggest fights which has occurred on the campus since last fall.

The day was freshmen election day and the trouble started when the sophomores succeeded in stealing a ballot box. As soon as they discovered the theft the freshmen started fighting and soon the campus around North Hall was one seething mass of fighting freshmen. During the fight several members of both classes were hurt, windows were smashed and trees broken.

The sophomores came out victorious after one hour's fighting, but the victors were a sorry looking outfit. One member went away with nothing on but a pair of firm trousers and one shoe.

Forrest Stanton, one of Berkeley's best athletes, was among the men caught by the faculty. The students are scared over the outcome, as it may cause the fast sprinter to leave college for some time.

Reunion of Chase Family.  
(Journal Special Service.)  
Boston, Mass., Sept. 6.—The Chase Family association of America gathered in annual reunion today at the Hotel Vendome in this city. Several hundred members were in attendance, some of them coming from South Carolina, Illinois, Colorado and other distant states, and also from various parts of Canada.
