The major was handsome and a few years younger than the widow. It is said Mrs. Hall became a citizen here for the express purpose of divorcing her English husband. Under the new laws of the state she must wait another year before she can file her petition.

The major is widely known in Newport. He created a sensation here some years ago, just after his marriage to Mrs. Hall.

Secured Editor's Support at Primaries and Cannot Deliver Goods at Convention - Anti-Hearst Elements Unite in Opposition.

(Journal Special Service.)

New York, Sept. 21.—The movement to turn over the Democratic party of the state to Hearst and his Independence league has been checked and will be defeated at Buffalo next week, ac-cording to the statements made today by Democrats who are watching the

situation all over the state every hour of every day.

There have been indications during the last two days that all anti-Hearst Democrats are getting together to oppose the Independence leagus leader. These Democrats will form a strong contingent and will include mainly those elements of the party controlled by McClellan, McCarren and Timothy D. Sullivan.

those elements of the party controlled by McCleilan, McCarren and Timothy D. Sullivan.

McCleilan men say: "We will agree on anybody to beat Hearst."

Sullivan, who with his associates holds the balance of power in the present factional fight within Tammany hall, said today that under no circumstances would be support Hearst. Murphy leaders have not said anything in behalf of the Independence league man since the primaries.

Senator McCarren has become the acknowledged leader of the anti-Hearst movement in the greater city. He is avowedly for the nomination of Justice William J. Gaynor. One of the shrewdast Tammany politicians said today; "Murphy got what he wanted, the support of the Hearst crowd at the primaries. He is under no obligation to deliver the goods to Hearst in return and you may be sure he has not forgotten the abuse heaped on him by Hearst in the last municipal campaign. He has not committed himself in any way to Hearst, and he need not make any excuses if he takes up another candidate at Buffalo."

It is believed in some quarters that Murphy, even if he wished, could not throw the convention to Hearst, because of the opposition he would find among the delegates. The desertion of Hearst by Norman E. Mack yesterday is bound to have a serious effect on that candidate's chances. Mack's reason for withdrawing his support was Hearst's nomi-

date's chances. Mack's reason for with-drawing his support was Hearst's nomi-nation by the Independence league Hearst's managers use severe language in commenting on the Mack episode.

SIR THOMAS LIPTON SAILS FOR AMERICA TODAY

Irish Baronet Will Probably Take Up Challenge for Yacht Race.

(Journal Special Service.)

New York, Sept. 21.—A dispatch from
London says that Sir Thomas Lipton
sails for New York today on the White
Star liner Celtic. While business is of his trip to the United States, the America's cup matters un-doubtedly will receive his attention durdoubtedly will receive his attention during his stay on this side. It is believed that Sir Thomas is as keen as ever on the matter of a challenge. Yachtsmen here are awaiting his arrival with the greatest interest, for rumor has it that the Irish baronet will put the matter of a challenge directly up to the New York Yacht club. It is said that Sir Thomas is prepared to make two propositions regarding a challenge, and is willing to carry out either. In the first place he is willing, to challenge under the present

rule of measurement, and if the chal-lenge is accepted will build a new yacht. Another proposition that it is under-stood that Sir Thomas will present is to race with Shamrock III under the new rules. The deed of gift states that a beaten boat cannot race again for the cup until two years have elapsed. Shamrock was beaten three years ago and is again eligible as a years ago and is again eligible as a challenger. Under the new rules Sham-rock III would fare very well, while Reliance would be severely handicapped, having to allow something like fifteen having to allow something like fifteen minutes over the cup course. This she would be unable to do, and Constitution would be more available under the circumstances. This fact would probably cause a hitch in the negotiations, as many members of the New York club object to any conditions that will bar Reliance, desiring to see her once more the cup's defender.

When Candidate Was Defeated Dixie Delegates Left Meeting Vowing Vengeance.

(Special Dispatch to The Journal.)
