Duffy's Pure Malt Whiskey. If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs; they poison the body and depress the heart's action.

MR. L. F. MILLER, 74 YEARS OLD. Duffy's Pure Malt Whiskey. I write with joy and satisfaction. Seventy-four stormy winters have passed over my head on the 15th of February last. My occupation is E. B. Blacksmith. Two years ago I was taken with a pain in my stomach, my food did not digest and I was in constant pain at my work. I went to a doctor, got some medicine, but of no avail. I got discouraged going home to my dinner. One day I met a man. I told him how I felt, that if I did not get a speedy relief I would have to stop work. He said, "Why don't you try Duffy Malt Whiskey?" I went that night, got a bottle. It cost \$1.00. I took it according to directions. I had about 1/2 taken when I began to feel better. I got the second bottle and on this I had taken 4 bottles and felt like a Morning Star. I will recommend it to the world. There is a neighbor woman I was talking with Saturday night. She has trouble with her stomach. I told her to get this medicine. It would cure her of all her troubles. L. F. Miller, 42 Broadway, March 24, '06.
