WILL ASK LOCKS FOR OREGON CITY

Congressman-Elect Hawley Will Introduce Bill in Congress Asking Appropriation.

Congressman-elect William C. Hawley of Salem stated today that he would introduce a bill in congress asking for an appropriation for the purpose of building locks at Oregon City. Mr. Hawley came to Portland for the purpose of being admitted to practice before the United States circuit and district courts. He was admitted in company with A. M. Dibble of Portland.

Mr. Hawley is enthusiastic concerning the work of the rivers and harbors of Oregon and will probably devote most of his time in congress to securing appropriations and proper legislation for that work. In speaking of the plans he has outlined for himself in congress, he said:

"This work concerns the entire state and anything we can do for any harbor or any part of the river will have a direct bearing upon all the people. I want to secure all I can for the Columbia because I realize that anything accomplished there will affect the Willamette. So far as the cities up the Willamette are concerned, the Columbia is but a continuation of the Willamette. Any improvement upon the Columbia will necessarily benefit the Willamette.

"The locks at Oregon City are a prime necessity. Engineers have examined the conditions up there and have furnished the government with reports as to the best methods of constructing the locks. No bill has ever been introduced asking for an appropriation for the work and I think that the time has long passed when this should be done. Locks parallel to those already constructed would prove the solution to navigation in the upper stream."

Congressman-elect Hawley is in Portland for the day only and will return to Salem tonight. He has been at McMinnville attending the fair, which, he says, was one of the most successful he has ever visited.

WALDEMAR LIND IN CONCERT

At the Heilig.

Waldemar Lind, violinist, made his first concert bow before a Portland audience at the Heilig last night. After the first few bars of a difficult concerto by Vieuxtemps, not only the musicians by the mere "musically delighted" sat up to listen, for all knew that it was no mere amateur handling that bow. His first number commanded five recalls and then he was obliged to give an encore number, responding with Schubert's Serenade, which he raised, by his own pretty arrangement, out of the class to which its great popularity has cheapened it.

That Mr. Lind has decided to settle in Portland was spoken of last night as a matter for congratulation. He is an artist able to interpret with breadth and dignity the classics of the masters and with poetry the compositions of the romantic school. His warm tones combined with masterly bowing and finished finger technic gave a variety of color and quality that is wholly satisfactory. The Aria (Tegnalia), was played with richness; the La Campanella (Peganini) with nearly the brilliancy of Kubelik at his last concert here. His final number, the Binding Concerto, was magnificently done, but after so long a program the audience had become restless.

Mr. Lind was supported by a corps of able assistants who tendered him their services in recognition of his attainments. Arthur Alexander made his usual hit and grudgingly gave a second encore on compulsion since the audience would not grant consideration for his throat after two immense numbers. Mrs. Walter Reed sang exceptionally well, especially in her "Le Chevalier Belle-Etoile," to which her big tones are well adapted. Dom J. Zan's baritone was in good form, and the Lakme quarter sang several numbers with daintiness and grace and splendidly blended voices. But after all, Mr. Lind remained the star of his own concert.

EASTERN OREGON ASKS SOME CREDIT FOR MOLIDINITE

Residents Declare It Was First Located on Brownie Claims in Wallowa County.

Eastern Oregon objects to southern Oregon being given the credit of finding molidinite within the boundaries of the state. The objection is voiced by Dr. E. R. Seely of Lostine, Wallowa county, who was in Portland yesterday on a business trip.

"We are the original discoverers of molidinite in this state," he said. "The Brownie claims in Wallowa county were located a year ago. They are rich in molidinite, and also contain large quantities of peacock copper ore. Experts have made favorable reports, and already a Portland syndicate has offered to work the claims, paying all the expenses and giving the owners 25 per cent of the profits.

"The Brownie claims are the joint property of 10 men, of whom I am one, and we may decide to depend entirely on Wallowa capital. All of the owners except one are residents of Lostine. The outlook for the various industries of Wallowa county is exceedingly bright. The railway from Elgin to Joseph is being built. Sixteen miles of track have been laid, and when the road is completed our county will take a big jump forward."

Molidinite is used in the hardening of steel, and because of its scarcity commands a high price. The Brownie claims are five in number. Besides Dr. Seely the list of owners includes S. L. McGill, R. C. Mays, R. B. Bowman, Dr. A. F. Poley, O. F. Mays, James McGill, Fitzpatrick & Co., and W. Martin, all of Lostine.

ILLUSTRATION OF CITY'S PROSPERITY

An illustration of prosperity in Portland is shown by the fact that of 18 instruments recorded in County Clerk Fields' office in the two hours between 8 and 10 o'clock this morning, 15 were deeds representing transfers of property for cash, while but one was a mortgage, and that for a small amount, $500. During the two hours two mortgages were paid and released on the clerk's records.

AND HE DIDN'T STOP SMOKING TO DO IT

A horse attached to a bakery wagon standing at Fourth and Morrison streets took a notion to run away this morning. Before he had gone many feet, a heavy-set man darted out from the sidewalk and grabbed the horse's bit. There was a pipe in the man's mouth and he didn't take it out. Down went the horse to the pavement, and the man stood over him, still smoking.

In another instant the animal had gathered his legs under him and started to run again. At Third street he was stopped by the steady weight on the bit. Then the man went on his way—still smoking.

Don't You Do It

DON'T you punish that poor stomach with a lot of patent medicine poison.

DON'T get it into your thoughtless head that you must drench that stomach with drugs—or die. If you really desire to die, die decently—without the nostrums—only you will not die so soon.

DON'T imagine that "I must take a tonic to build me up." If you MUST drink, buy your liquor by the gallon and "doctor" yourself. It will cost you a heap less money.

DON'T get it into your head that science went to sleep when medical colleges opened their doors, and that "we're all dummies" if we have not an M. D. appendix to our names.

I NEVER GIVE A DROP OF MEDICINE TO ANY OF MY PATIENTS

And if you are sick and will come to me before you are half way in the grave, I will cure you so quickly that you will wonder how it happened. And I have taken men and women that seemed to be half way into the ground and have cured them soundly without a drug at all.

TREAT ALL MANNER OF DISEASES

Especially rheumatism, neuralgia, stiffened joints, weak stomachs, insomnia, nervousness, women's diseases, etc.

MY CURES ARE CURES, TOO.

Not "reliefs" that last for a few days and return to torment the sufferer.
