MRS. RUSSELL SAGE DEPLORES MODERN SOCIAL CONDITIONS

Widow Says Life is Too Complex Nowadays and That People Want Too Much.

HEIRS ARE UNGRATEFUL NOT DESERVING MONEY

ontest Ended by Doubling Portions Left to Litigants Who She Says Never Could Earn as Much as Was Originally Left Them.

(Hearst News Service.)

New York, Oct. I.—Since settling the will contest inaugurated by helrs by foubling the amount the litigants were allowed in the will of her late husband,

mentary manner:

"It seems too bad that there are so many unworthy and ungrateful people in the world as there are," said Mrs. Russell Sage, speaking of the contesting here. "It is truly a pity that so many people feel the world owes them a living and who expect and demand much of others.

Life Tee Complex.

Life Tee Complex.

"The trouble all comes about through modern social conditions, where everyone strives to be what he is not; where he wants more than his efforts and labors should give to him.

"Why, do you know when I was a poor girl I didn't hanker after other people's money? I did not expect things which I had not earned or deserved. I lived simply and was satisfied. I got along with what I had without expecting help from others.

"Nowadays life is too complex; the demands are too much; we would be better off with more simplicity and less desire for things which do not by birth or by our own deserts belong to us. I may be different than most but I never remember the time—I am now a rich woman, but I am speaking of when I was poor—that I wanted other people's money or thought I ought to have it.

More Than They Earned.

ought to have it.

More Than They Earned.

"Then, too, it seems a pity that I should be disturbed so soon in the hour of my deep bereavement; it is cruelly hard and unkind. It would seem that a sense of propriety and of ordinary intelligence would have delayed such trouble until a later time at least. It is depressing to find so much ingratitude, so much selfitchness and greed as I have found to exist.

"Mr. Eage was most magnanimous in the way he jeft his heirs provided for. Why, there were dozens of them he didn't even know, but to he absolutely just and generous he left them each \$25,000, which is far more than any one of them could have earned by his own efforts in a lifetime."

SHIPLOAD OF BELGIANS DESTINED FOR SOUTH

Charleston, S. C., Oct. 5.—The first step toward deflecting New York's immigration tide and encouraging new settlers in the rural regions of the south will be taken at an early date, when a shipload of Belgians will be brought direct to this port from Bremen. Arrangements to this end have been completed by the South Carolina officials, who are so much interested in the plan that it is understood they have agreed to pay the transportation expenses of the first shipload of immigrants out of the state funds. The plan is to start a regular sevelar from the state funds. The plan is to start a program asserting from the state funds. YOUNG MAN ATTEMPTS TO KILL HIS SPOUSE

(Special Dispatch to The Journal.)

The Dalles, Or., Oct. 5.—A tragedy was prevented by the interference of neighbors yesterdny afternoon at the lodging-house of Mrs. B. Rotheny. Mr. O. Zimmerman, who has been married about six months, and has recently separated from his wife, has become insanely jealous of her. About 2 o'clook this afternoon he called at the place where his wife was stopping and said he wanted to talk with her. Soon afterward her screams attracted attention of the neighbors and on entering the room, she was found struggling with him. He had a revolver in his hand and swore he would kill her. The neighbors disarmed him. He was somewhat quieted, but declared he had nothing to live for, since he cialmed his wife was untrue to him. Zimmerman has borne a good character heretefore.

PAY WHEN CURED

I make a definite proposal to wait for my fee until you are satisfied that your cure is complete. This, of course, indicates that I have unlimited confidence in my ability, but I want you to have other and better reasons for choosing me as your physician. I want you to consider my vast experience and my unequaled success as a specialist. For more than 28 years I have been curing cases just like yours and have built up a practice that is by far the largest of its kind west of Chicago. Every method of treatment I employ is original and makes a distinct advance in medical science, Surely, considering all these things, you will not remain undecided as to what physician can serve you best.

"WEAKNESS"

There are few physicians treating functional weakness by my method or obtaining results that eyen resemble complete and permanent cures. I employ no tonics, stimulants or electric selis.

Nervous Debility

As Certain as Night Follows Day

there is a fixed penalty for the viola-tion of any law of nature. The punish-ment, which surely comes sooner or later, may be either sickness, pain, de-cay or death. If you are suffering, it is certain that you have, knowingly or unknowingly, transgressed. Your chief concern, of course, is how to get well, not how you got sick. We are restor-ing men to sound health every day.

MEN ONLY

As we treat diseases of men only, the position we occupy among specialists is unique. Our methods of treatment are unlike those employed by other physicians. They are original with ourselves and are the most effective methods known to medical science. They provide the scientific application of every curative influence in the treatment of men's diseases. Our offices are an exposition of delicate and costly equipment, much of which is especially constructed to meet the requirements of our distinctive methods of treatment. We have hesitated at no expense that could add to the efficiency of our work or the comfort of our patients. There is no other equally equipped medical institute in the Pacific northwest.

We Guarantee a Cure in Every Case We Undertake or Charge No Fee PAY WHEN CURED

Any person taking treatment with us may deposit the price of a cure in any bank in Portland, to be paid to us when a cure is effected. If the patient prefers, we will take weekly or monthly installments.

Consultation free. Letters confidential. Instructive book for men mailed free in plain wrapper. If you cannot call at office, write for question blank. Home treatment successful.

time, worry and money, and because if we cannot onre you we will honestly tell you so, and you will not be under any financial obligation to us.

You pay us for cures—not to experiment; we have proved the fact that our methods are the best, latest and the most scientific in every respect. There are some cases that are incurable and we determine whether it is curable or incurable by a thorough physical and microscopical examination. Some physicians try to imitate our methods of advertising and treatment, but in the past we have proven the fact to our patrons that our treatment is superior in every way to our imitators. OUE treatment stands on its own merits and our success and reputation have been built upon this foundation. Purthermore, we wish to state THAT WE ACCEPT ONLY SUCH CASHS AS ARE CURABLE.

We cure all forms of Blood and Skin Diseases, Brain Pag, Variouse or Enotted Veins, Nervous Decline, Piles, Pistula, Kidney, Bladder and all Urinary Diseases due to Weakness, inheritance and exhaustion and the result of specific diseases. Genorrhose cured in seven days.

Indifference and neglect of the first symptoms are responsible for thousands of human wrecks, failures in life and business, insanity, suicide, etc. Why take such desperate chances? The manifestations of the first symptoms of any disease or weakness should be a warning for you to take prompt steps to safeguard your future life and happiness. You should carefully avoid all experimental, dangerous or half-way treatment, for upon the success of the first treatment depends whether you will be promptly restored to health again, with all taint of the poisonous disease removed from your system, or whether it will be allowed to become chronic and subject you to future recurrences of the disease, with the various resulting complications, etc.

In all diseases of men, we have found, after making a thorough scientific research, that there is a tendency toward the degenerative process of the parts affected; it is also true in both sexes, but as we treat MEN ONLY it comes more forcibly to us, and through our "long-tried and satisfactory treatment" we are able to rebuild the degenerative process, causing a regeneration of healthy tissue in every respect.

We wish to lay special stress upon our method of treating Blood Foi-son and Syphilis without using mercury.

We want every man in the country who is afflicted to write us about his attment. WE CURE YOU AT HOME.
