TEAMSTERS AND LONGSHOREMEN MAY WALK OUT

WATERFRONT STRIKE IS IN DANGER OF SPREADING

HANDLERS OF LUMBER MAY STRIKE ALSO

Demand Fifty Cents Per Hour, or a General Walkout Will Be Called in the Northwest

Notice has been served today on a number of the ship-owning companies that beginning on Monday morning no lumber will be loaded in Portland harbor by the members of Longshoremen's Union No. 265 for less than 50 cents an hour, and unless the companies either agree to the terms of the notice or some compromise is reached at a meeting of the central council of the longshoremen's union of the northwest, which is to be held at Seattle tomorrow, a strike of the lumber handlers of the city is imminent, and Portland's waterfront business may be more nearly brought to a standstill by further troubles.

Union leaders announced today that the entire strength of the waterfront federation would be swung behind the striking grain-handlers the first of next week. Both Longshoremen's Union No. 265 and the Teamsters' Union are preparing to walk out on Tuesday next. To complicate matters still more, Longshoremen's Union No. 385 sent out notices to lumber exporters today informing them that no more lumber will be loaded for less than 50 cents an hour. The present scale is 40 cents an hour. As a result of local labor troubles five tramp lumber steamers have been transferred from here to be loaded at ports on the Sound.

TEAMSTERS DECIDE TO WALK OUT

This information was given out today by officers of the Teamsters' union as well as by delegates to the Waterfront Federation, with which the teamsters, the grain-handlers and the longshoremen are affiliated.

VANDERBILT CUP IS WON BY WAGNER

Automobile Race Run at Terrible Sacrifice of Life and Limb Along the Course

Foreigners Defeat Americans, Who Fail to Show in Finish—Not as Reckless as Visitors—Average Speed by Winner Over Sixty-One Miles an Hour.

(Journal Special Service.) Vanderbilt Course, Oct. 6.—Wagner, driving a Darracq car, won the Vanderbilt cup race today, making the 237.10 miles at an average speed of 61.40 miles an hour. Lancia, in a Fiat, was second, not quite three minutes behind Wagner. Lancia's time was 4 hours 50 minutes, 10 2-5 seconds. Duray was third, about seven minutes behind Wagner.

The American cars did not show at the finish on account of the race being called off after the first three cars finished, owing to the number of accidents that occurred during the contest.

Tracy, who was the first in the elimination trial race, drove the fastest lap of the day, making one round in the remarkable time of 28:31, or at the rate of 67 miles an hour, a mark that even Wagner did not approach.

The hard luck of the American cars is partly attributed to the swarming of crowds upon the course, for the Americans showed not quite so much reckless dependence on spectators getting out of the way that the foreigners displayed.
