An Announcement of Much Importance to Believers in the Schubert Piano

This Celebrated Piano to Be Sold by the Reed-French Co. (Sixth and Burnside)

By order of the Schubert people, prices on the three cars now here will be made extraordinarily attractive. An average of 13 per cent off usual prices; this absorbs every vestige of retail profit. The terms for payment are also made easy—\$1 to \$10 a month.

Arrangements have just been made between the Schubert Piano Company and Reed-French's Eastern office which call for the sale of three cars of Schubert Pianos now held in the Portland freight depots.

This arrangement was brought about by reason of a change of agency for the Schubert Piano in this territory.

In doing this work for the Schubert Piano Company we do it with the understanding that our plan of selling pianos will be observed—this plan is an open book to everybody—we won't sell pianos any other way. Our plan is to the factory cost add the freight and to these two items add a reasonable warehouse expense; this is our formula—it means a hundred dollars or more saved every time a piano goes out. The day of fancy prices on pianos is gone.

SCHUBERT PIANOS retail all over the world from four to five hundred and fifty dollars, according to style and finish, and in a retail way they are worth every cent of it.

Why No Prices Are Quoted—For the purpose of this sale we guarantee to save you not less than a hundred dollars and up to one hundred and sixty dollars on the retail price of a Schubert Piano. We would gladly quote prices right here, but it would hardly be fair to the future agent of the Schubert Piano in Portland.

How You May Pay—Any time this month you may pay us just enough to show you mean business, and after that set aside a small monthly payment. We do not want our terms to prevent you having a good piano.

Can you come in tonight? The phone is Main 1252.

We have no traveling salesman, nor resident agents in interior towns. All business transacted directly with Portland office. Whatever you may wish to know of pianos, their prices and terms, write us. Our plans are sold on their merits alone.
