REPORT OF JOHN D. CAMPBELL Nevada's Foremost Mining Engineer

ON THE Eagle's Nest Fairview Mining Company

Goldfield, Nev., Sept. 16, 1906.

To the President and Directors
The Eagle's Nest Fairview Mining Company,
Goldfield, Nevada.

GENTLEMEN:—

I beg to submit a brief report on the surface showings of the property owned by you in the Fairview District, consisting of the Tison, Eagle's Nest No. 1, Lookout, and Lookout No. 1 claims.
 This property is bounded on the north by the Dromedary Hump Mining Company, on the southeast by the Fairview Eagle Mining Company and the Nevada Hills Mining Company, and on the southwest by the Fairview Mining Company—in fact, it is in the center and surrounded by the best properties in Fairview.
 My examination of this ground was made for the purpose of deciding where we should do our permanent work and required quite a lot of consideration on account of the many good ledges which traverse our ground. I finally decided on a tunnel to be driven on a ledge which crosses the Tison, where we found an excellent showing. The tunnel starts at the base of the hill on which the ledge crops and will continue on its strike a distance of 150 feet to our objective point—the apex of the hill and directly under the location of the Tison. The ledge crops the entire distance and shows ore at the grass roots running 160 to 185 a ton. A second ledge running northeast and southwest and cropping for 200 feet, showing 130 to 140 a ton, will be intersected by this tunnel at a depth of over 100 feet.
 On the Lookouts are several good-looking quartz ledges, which assay from a few dollars up, and which will be thoroughly prospected at once.
 On the Eagle's Nest No. 1, there is a fine showing of manganese ore, and within a few feet of our line high grade shipping ore is being sacked on Wingfield's property.
 In conclusion, I would state that in my opinion this is a first-class mining proposition and one of the very best showings in Fairview.
 Respectfully submitted,
 JOHN D. CAMPBELL,
 Consulting Engineer, Vice-President and General Manager.

REPORT OF JOHN D. CAMPBELL Nevada's Foremost Mining Engineer

ON THE As-You-Like-It Manhattan Mining Co.

Goldfield, Nev., Sept. 25, 1906.

To the President and Directors,
As-You-Like-It Manhattan Mining Company,
Goldfield, Nevada.

GENTLEMEN:—

In accordance with your instructions I beg to submit to you a brief report on the "As-You-Like-It" group of claims, owned by the As-You-Like-It Manhattan Mining Company, and situated in the Manhattan Mining District.
 This group consists of four claims, namely: The "As-You-Like-It," "Lizard Fraction," "Keystone" and "Juniper" lode mining claims, lying within a short distance of the Union No. 9 mine of the Dexter group and in the immediate locality of the Little Grey, Indian Camp, Stray Dog, and other well-known mining properties of the camp. The area of the property comprises approximately 60 acres of valuable mineral ground.
 During the past month exhaustive surface exploration has been in progress, with the result that three veins of ore have been disclosed that prospect well at grass roots. With a view to exploring these veins at depth, three shafts have been put down—the deepest one having attained a depth of 33 feet. The bottom of this shaft shows values across its entire width and is all vein matter. This is known as the "As-You-Like-It" shaft, and will be continued as permanent workings to systematically explore the ore bodies at depth.
 The "Juniper" shaft is down 37 feet and also prospects in gold for the entire width of the shaft. A depth of 37 feet has been reached on the shaft on the "Keystone" claim of the group, exploring a vein that traverses the Indian Camp mine and crops on the northwest portion of the "Keystone." This vein also shows gold in several different places along its strike.
 The location of the property in the immediate vicinity of such well known and thoroughly proved mines as the Stray Dog, Indian Camp, Jumping Jack, Union No. 9 and Little Grey gives it to very great prospective value and warrants the prosecution of exhaustive development work so as to make a permanent dividend-paying proposition.
 Respectfully submitted,
 JOHN D. CAMPBELL,
 Consulting Engineer, Vice-President and General Manager.

BRYAN GIVEN OVATION BY PEOPLE OF WICHITA

 Wichita, Kan., Oct. 10.—W. J. Bryan spoke to 5,000 persons at the Coliseum last night and was accorded an ovation. He speaks in Nevada, Missouri, today.
 Mr. Bryan declared that he was more interested in the success of the political ideas which he had been advocating than in furthering his own candidacy for any office.

HARRIMAN FAILS TO GET SEATTLE FRANCHISE

 "Heretofore the object has seemed so good that churches and schools have been glad to accept such funds and ask no question," Mr. Bryan continued. "The discussion arising recently indicates that the time is coming when the unjustly rich man must spend his money himself."

DELANEY RESIGNS OFFICE TO BECOME CANDIDATE

Quits Duties as Corporation Counsel So as to Keep From Prosecuting Hearst.

(Journal Special Service.)
 New York, Oct. 10.—The sudden retirement of John J. Delaney from the corporation counsel's office, presumably to accept a place on the Hearst-Murphy ticket for the supreme court, came just in time to relieve him from the duty of pressing a motion in the court of appeals designed to take from the city and place upon Hearst a liability for \$5,000, 900 damages growing out of the disastrous explosion of fireworks following

QUITS DUTIES AS CORPORATION COUNSEL SO AS TO KEEP FROM PROSECUTING HEARST.

Hearst's celebration of his election as congressman in Madison Square Garden four years ago.
 Had Delaney remained in office longer it would have been his duty to push this motion, which attaches the corporation counsel's office declare can end in no other way except to place upon Hearst the burden of defraying the damages for the loss of

14 lives and the injuring of scores of persons. Some of the suits involving this \$2,000,000 will have to be tried before justice elected on November 6.
 The question upon which the \$5,000,000 decision hangs is whether the demonstration given by Mr. Hearst was a political parade, or merely a private advertising affair.
