

VELGUTH GETS SENTENCE

Young Embezzler Pleads Guilty Before Judge Sears and Gets Indeterminate Sentence of One to Ten Years.

At 2 o'clock this afternoon Bernard O. Velguth pleaded guilty to the crime of felonious embezzlement and President Judge Sears of the circuit court gave him an indeterminate sentence of from 1 to 10 years imprisonment in the state penitentiary.

At the opening of court District Attorney Manning announced that he understood that Velguth had decided to change his former plea of not guilty to a plea of guilty.

Attorney W. W. Banks made a long plea for leniency, in which he declared that the carelessness of the gas company in allowing the leaky connections amounted almost to criminal carelessness.

Judge Sears then imposed the sentence and remanded the prisoner to the custody of the sheriff. Sheriff Stevens took the prisoner in charge, and the two, in company with Arthur Velguth, immediately left in a buggy, presumably to take the 4 o'clock train for the Salem penitentiary.

CHILD WRITES PARK STORK TO BRING BABY GIRL

Secretary of Park Commission Opens Letter Addressed to Long-Legged Bird.

New York, Oct. 10.—To Central park there came today a letter addressed to a child's round hand to "Mr. Stork, Central Park, New York." As the stork in the park does not read his own mail, owing to educational deficiency, the letter went to the secretary of the park commission, who gave out a copy of its contents.

Last Saturday night a baby girl arrived at the home of Everett A. Harrin, whose little daughter, Margaret, is a playmate of Irene's, and Margaret wanted it, so Irene yesterday wrote a letter to "Mister Stork" in Central park. The secretary of the park commission says he will try to have the letter translated into the stork language.

hour will increase the total cost of handling grain to about 45 cents per ton. The same wheat is handled on Round dock for 20 cents per ton. There are 30 cents an hour, and at this wage they have plenty of workmen, and get 25 per cent better work done.

What Seafarers Will Do

It is said that with completion of Hill and Harriman railroad projects now under way, the port of Portland and sound ports will be placed on a more even basis than ever before for competition in the export grain trade.

"When Mr. Hill completes his north bank line, and Mr. Harriman his extension to the sound, the exportation of grain will be centralized at one point. It will then become a matter of choice between Portland and Seattle.

Blames the Longshoremen

An owner of dock property, voicing the sentiments of the exporting interests as to the cause of the strike, said: "The longshoremen are at the bottom of the present strike. Two years ago they took away from the grainhandlers the trucking of grain from ships loading coastwise and for government trans-ports. Now they propose to carry this invasion further and take away from the grainhandlers the trucking for vessels loading foreign, which is the bulk of the business. The trucking handle is about one third of the work.

"The longshoremen are destructive to the dock owner or grain owner, have no control over them. They break sacks, destroy property and no one can call them to account. I have seen 500 sacks of grain broken in loading a cargo, and the men who do this are responsible to no one. We cannot discharge an offensive unionist without submitting it to a committee of the union. One day the longshoremen are unloading grain, another day lumber. Consequently they are not so careful, and feel no responsibility to the owner of the property they handle. Work at the docks is going on very well with skilled non-union men. We are having no trouble getting men native-born Americans, experienced in handling grain—from up-country."

TEAMSTERS TAKE SIDE OF HOLY ROLLERISM

(Continued from Page One.)

The long-looked-for crisis was brought about by the loading of a ship by non-union labor. At 7 o'clock this morning, under the direction of Max Troy, foreman of the stevedoring firm of Brown & McCabe, 11 members of the crew of the Genevieve Molinos began loading her at the Oceanic dock. The sailors felt to right heartily. They seemed to understand the work, which went on without incident all the morning.

Two hundred of the Russian colony crowded into a room of the Stimson industrial school and danced the picturesque program, a dance which is much like that of the whirling dervishes. For nearly an hour men and women danced themselves into exhaustion, then reeled on the floor in agonies of supplication or stood with outstretched arms shouting for forgiveness from sin. Strangely enough, when the young women fall from exhaustion they are looked upon by their elders much as the witches used to be, as being unworthy of regard.

Los Angeles, Oct. 10.—Innocent girls, in a mad revel, fell exhausted from religious enthusiasm last night. Holy Rollerism has run riot in the Russian colony and as a result some of the young women are suffering from nervous prostration and epilepsy, due to a paroxysm of madness.

Two hundred of the Russian colony crowded into a room of the Stimson industrial school and danced the picturesque program, a dance which is much like that of the whirling dervishes. For nearly an hour men and women danced themselves into exhaustion, then reeled on the floor in agonies of supplication or stood with outstretched arms shouting for forgiveness from sin.

GRANDPARENTS TELL ABOUT PE-RU-NA

Catarth Fifteen Years

Mrs. R. J. Rogers, LeMoore, California, writes: "I had chronic catarth of fifteen years standing, and death seemed to stare me in the face."

"I tried several so-called catarth remedies, and without avail. I took Mrs. S. A. Rogers' Pe-Ru-NA, and two bottles of this entirely freed me of the rheumatism. I wish to keep both Pe-Ru-NA and Mannin always in the house. This is the best medicine that I can recommend any one to take for rheumatism."

Catarth All Through My System

Mr. Robert Metters, Murdock, Cass county, Nebraska, writes: "I commenced to take Pe-Ru-NA the first of last February. I took it as nearly as possible according to directions. I also got a Pe-Ru-NA ointment for the first time. I learned that my trouble was systemic catarth. I had catarth from my head all through my system. I took Pe-Ru-NA until I was entirely cured. I am 54 years old and feel as young as I did 10 years ago."

Cough and Indigestion

Thomas Beckwith, 11 Mitchell street, Auburn, New York, writes: "I was troubled with a cough and indigestion. Thanks to your advice and Pe-Ru-NA I am in good health now. I was talking with an old friend last week. He told me he took Pe-Ru-NA last winter, and he is in the best of health, working every day and speaks highly of your medicine. I shall feel it my duty to recommend Pe-Ru-NA to all my friends."

A great many testimonials from people of high rank and people in the ordinary walks of life are received every month. Catarth in all its phases, catarth of the different organs of the body; acute catarth, chronic catarth, catarth that has baffled other remedies—all these are giving Pe-Ru-NA unequalled and unsolicited endorsement.

I did 20 years ago. I thank you for your kindness to me and hope you may live long to benefit suffering humanity. I believe Pe-Ru-NA is the best medicine in the world for all catarth diseases.—Mr. J. W. Palmer, 1416 Tower avenue, Superior, Wisconsin.

Rheumatism of Old Age Mrs. Caroline Trunk, 1706 Jefferson avenue, Peoria, Illinois, writes: "I had a very painful trouble for six years, consisting of rheumatism in the neck and in the legs. I used a great deal of medicine, but it did not help me. Then I used Dr. Hartman's Pe-Ru-NA, and two bottles of this entirely freed me of the rheumatism. I wish to keep both Pe-Ru-NA and Mannin always in the house. This is the best medicine that I can recommend any one to take for rheumatism."
