Of its wholesale cost, and we placed this great purchase on the market last Saturday morning. The instant effect of its advertisement actually crippled our facilities for waiting upon the people. At times we were compelled to close our doors and admit buyers in sections, but additional help will hereafter enable us to give everybody the careful and polite attention that all deserve. HERE ARE NOW ABSOLUTELY THE MOST MONSTROUS SUIT BARGAINS EVER KNOWN IN PORTLAND. Every garment is tailored to perfection. In the lot are such as are worn by Chicago's most stylish gentlemen, as well as those suits intended to endure the hardships of the workman. The line of shoes covers the whole range of footwear for both Men and Women—the common, every-day kind and the dresy creations of the devotees of fashion, and here are sample prices at which we sell:

IN THE MIDDLE OF THE BLOCK BETWEEN TAYLOR AND SALMON

As to the New Hats.

In the first place there is a wide latitude both in shape and trimmings—just so a hat has an "air" it is in style and the more different from other hats, the better—providing that it is becoming. It is not necessary to wear a hat that makes one look hideous just because it is "going to be worn." Buy headgear that is becoming if you have to trust to luck in regard to style.

Fashions should be suggestive but not followed blindly. The smaller hats are best for street wear and they are turned and twisted in every conceivable shape and are so trimmed that it is possible to suit them to all faces. The bandage or bow on the hats this winter and the effect is to tilt the hat over the face or to one side. Flowers and fruit will be used more than ever this winter and some of the hats show both.

Veils and tulle are used in profusion, in fact, some of the hats are beautifully trimmed and then completely covered with a tulle veil. Brown tulle is used on the bandage or bow to contrast to the hair and is especially becoming to women with brown hair.

Soft ribbon trims some of the street hats and makes a good showing at a low cost. The ribbon should be very soft.

Large mushroom shapes are much in evidence at afternoon functions and are extremely becoming. One that was especially noticeable was made of light pink silk braided with a slight darker shade of serpentine braid. The soft crown was surrounded with tiny pink rosebuds and on one side was a bunch of delicate pink lilies. The hat was tilted to one side and was decidedly chic.

Pinapple Salad.

Remove the center of the pineapple without breaking the outer shell and cut the removed portion in dice. Cut a grape fruit in similar dice and cover the whole with a dressing of powdered sugar and sherry or maraschino, adding some of the maraschino cherries for decorative effect. Add the leaves of the pineapple to the top and base.

Amusing Children.

The advertising columns of magazines may afford amusement and pastimes for many a child on a rainy day in furnishing a paper doll house. Provided with a good-size scrapbook, the child then cuts out the pictures of furniture, etc., and pastes them in the book, according to his or her fancy.

Small tables, 14x24 inches, can be bought and are a source of delight for children to use for dishes, drawing or cutting pictures. These tables fold and take up no room in a house or can be packed in a trunk.

Handy to Have Around

either house, barn or shop are our BAY STATE paints. Paint is a great preserver and money-saver, as well as keeping wagons and fences looking fresh and bright. In the home it is indispensable. When your wagons, shelves or doors need refurbishing in shops or stores try BAY STATE paints.

ELECTRIC LINE IS PUSHED TO PORTLAND

Chemawa, Or., Oct. 12.—The Oregon Construction company is rapidly pushing to the north with its electric line. The grading now extends several miles north of Chemawa and ties are being distributed and it will not be many days before they are again laying steel and the cars will be running to the north of Lake Labish.

The work that is being put on this road is first class in every particular. The grading of the roadbed is wide enough for double tracks. There is very little grade and the rails are very heavy. The work over Lake Labish was facilitated by using piling and this will be filled in later.

A NEW DEPARTURE

The Cost of Entertainments Has Been Greatly Reduced by the Holman Undertaking Company.

Heretofore it has been the custom of funeral directors to make charges for all incidental connected with a funeral. The Edward Holman Undertaking company, the leading funeral directors of Portland, beginning July 1, 1906, will depart from this old custom. When the casket is furnished by us its cost will include all charges, such as conveying the remains to our chapel, outside box, embalming, hearse to cemetery and all services which may be required of us except clothing, cemetery and caskets, thus effecting a saving of 25 to 50% on each funeral.
