

# ENDEAVORERS HEAR ADDRESSES AND ELECT THEIR OFFICERS

Delegates to Christian Endeavor Convention.

Nearly 100 delegates are in the city attending the Christian Endeavor district convention, which has been in session since Friday evening at the First Congregational church. Many good speakers have been engaged for the session and a very profitable convention has so far developed. The theme for the entire three days has been "A Larger Vision; the Inward Look, the Outward Look, and the Upward Look," and the meetings of the convention have been very well attended.

Northwest Endeavor was discussed and the publication will have to be discontinued if financial aid is not soon forthcoming. The evening program was opened with a solo by Miss Cramer, after which Rev. Paul Rader discussed on the "Upward Look," the evening topic. William Shaw was delayed by a late train and arrived only in time to direct a few well-selected remarks not altogether complimentary to Seattle, from which place he had just come, by way of introduction to his Portland audience, which he will address this evening. On account of the circumstance Mr. Rader was given the entire evening and used his time to advantage.

According to Mr. Rader, attention is the chief requisite of life; men are needed to lead, not to push; looking upward is not stargazing, but striving for goal, emulating character and accomplishment. Work and preparation is the great thing which alone will lead to success and Mr. Rader wished these sentiments to be applied to the Christian Endeavor as a body as well as an individual admonition. When Mr. Shaw had delivered his remarks the assembly retired to the committee-rooms, where a social meeting was held and the delegates were personally made acquainted with the distinguished visitor. This evening Mr. Shaw will address the congregation at the First Congregational church and it is also expected that Rev. F. Burgette Short will make an address, as he was not able to speak yesterday on account of being ill at that time.

## ALL FREIGHT AFFECTED

(Continued from Page One.)

night Secretary, Hall announced that the labor boycott will continue until the present waterfront trouble is settled. Until that time a vast majority of the 300 members of No. 265 will remain idle unless they secure jobs at other kinds of labor. The amount of shipping that will actually be affected is almost tremendous. The vessels that will be immediately affected are the British bark Galatia, which is loading lumber at the mills of the Eastern & Western Lumber company; the French bark Jacobson, discharging cement and general freight from Antwerp at Greenwich wharf; the British bark Inverness-shire, discharging cement and general freight from Antwerp at Greenway dock; the French bark Genevieve Molinas, discharging the remainder of her general cargo brought out from London; the French bark Bougainville, which arrived at Astoria last night from Newcastle, Australia, with a cargo of coal; the French bark La Tour d'Auvergne, now in the stream with a cargo of cement and general freight from Antwerp; the French bark La Perouse, now at Astoria with a cargo of cement, coal and general freight from Swansea, England; and some ships loading at lumber mills on the lower river. Mr. McCabe also has the contract.

## SILENCE OF MRS. SNYDER

(Continued from Page One.)

worry to Washington county officials, related sufficiently to express her belief in Perry's guilt and at the same time gave her reasons for her belief. Her testimony may be sufficient to convict her husband's slayers. As a result of their efforts to extort the woman's story from her, officials last night declared that they had by no means ended their investigations. Though no official statement was given out with reference to what transpired during the secret session, it is stated that a warrant is to be issued for Perry's arrest. It is also said that instructions were wired to Kansas City last night to prevent his escape from that city, if he has not already departed.

## Piles

Cured Quickly and Painlessly—No Risk, No Danger. A Free Trial Package to Convince Sent by Mail to All Who Write. Common sense is just a necessary element for the use of medicine as in business or the affairs of life. People are getting to know more than they used to. Not so long ago, it was the fashion to make all sorts of claims for a medicine, and wind up by asking the reader to go to a drug store and buy a bottle. People won't stand for that kind of thing now. They want proof—tangible proof. They want to try the remedy first and if they find it to be what is claimed they will be glad enough to go and buy it. That is why we say to every person suffering from piles or any form of rectal disease, send us your name and we will gladly send you a free trial package. For we know what the result will be. After using the trial you will hurry to your nearest druggist and get a 50c box of Pyramid Pile Cure, now admitted by thousands to be one of the most wonderful remedies in the world for piles. I suffered an old misery for four months when my wife begged me to send for a 50c box. When it was half gone I knew I was better and it didn't take any begging to get me to send for a second box. I think I am about well now, but if I feel any symptoms of a return I will order at once. I order it from the Pyramid Drug Co. to be sure of the real. Tell all about this fine remedy for piles. "And if there is anything in this letter you want to use do so. I received your letter a few days ago. To get a free trial package send in to the Pyramid Drug Co., 50 Pyramidal Building, Marshall, Michigan. It will come by return mail and the results will both delight and astonish you."

## DEFENDS THE FIRM

"This firm has nothing whatever to do with the exporting business," said Mr. Spencer. "The Columbia docks are owned by the Lewis estate, which is entirely distinct from this firm. The directors of this firm are not the directors of the Lewis estate, and therefore can in no way direct the actions of the Lewis estate in this strike trouble. This firm has always been kindly in its attitude toward labor." The boycott against the stevedoring firm of Brown & McCabe by the longshoremen will probably cause a hardship to fall on a number of building contractors because many of the vessels now in the harbor are laden with cement for which the contractors have been patiently waiting for some time. There are approximately 50,000 barrels of cement in the holds of the vessels that arrived from Europe during the past week and none of these vessels have yet discharged much of their freight.

## GAS CLERK

said, they had planned to treat their prisoner to a free shower bath of cold Bull Run water, but they were foiled in this because no one knew where the baths were located. Then they went into the hills back of the academy and from there to the top of Council Crest. Here a council was held, but no adequate punishment could be decided upon for the hapless prisoner and he was returned to town, and taken to the alumnae meeting about 8 o'clock. Mr. Short was the secretary of the Alumnae association, but, incensed at his treatment, so it is said, would not take his place at the desk when he did reach the meeting. Instead he sat in the rear of the room and resigned his office before the adjournment.

Two of the high school students said to have been active in the trip made by young Short to Council Crest are Dan Barby and Homer Woodward, though a number of others were in the crowd. All of them were smaller than their victim, but he evidently thought it an unwise proceeding to attempt to put to rout an army. It is said that the upper classmen of the high school decided that while Short was a student he was "too smart" and thought that the best way to discipline him would be to humiliate him a little. They are very well satisfied with the first experience, so it is said, and promise that if Mr. Short shows up around the high school too promiscuously he will be given the second dose.

### ROSEBURG PRISONERS ADMIT THEIR GUILT

(Special Dispatch to The Journal.)  
Roseburg, Or., Oct. 13.—In the circuit court here yesterday Stephen Owens pleaded guilty to a charge of selling liquor without a license and was fined \$200 by Judge Hamilton. The offense was committed at Scottsburg.

### PURCHASE SITE FOR MAMMOTH RESERVOIR

(Special Dispatch to The Journal.)  
Ontario, Or., Oct. 13.—The Cooperative Christian association of Portland has purchased the farm of John McPherson and son, situated on upper Willow creek, eight miles above Malheur City, consisting of about 800 acres, for a consideration of \$20,000. The McPherson place is said to be one of the best reservoir sites in Malheur county, and it is the intention of the association to build a mammoth reservoir here to store the water of Willow creek and distribute it by canal on the lands purchased by the association between the reservoir and Ontario, a distance of about 60 miles. A valuable Jersey cow was shot by some careless hunter near Albany.
