NEGRO WINS PRIZE FOR BEST PAINTING AT ANNUAL EXHIBIT

Chicago, Oct. 14.—Henry O. Tanner, a negro who found his way to the top of the ladder of fame in the world of art through the philanthropy of Philadelphia, is awarded the N. W. Harris prize of \$500 for his best painting on display at the annual exhibition of American artists, which was opened officially at the Art Institute this afternoon. His latest work, "The Disciples at the Tomb," carried away this high honor for a colored man for the first time.

under the instruction of Benjamin Constant, and he has been represented in the Paris salon yearly without exception. His "Raising of Lazarus" was purchased by the French government and placed in the Luxembourg gallery. His specialty is biblical pictures, an extended trip to the holy land having given him material aid in his artistic accomplishments. His "Annunciation" and "Nicomachus Coming to Christ" are among the most celebrated works.

PENDLETON BOYS TAKE LONG RIDE ON PONIES

Pendleton, Or., Oct. 14.—Two young boys, aged 10 and 8 years, Will Cain and Willie Mittin, rode Indian ponies from this city to Weston yesterday, a distance of 21 miles. The children disappeared and for a time it was feared that they had been kidnaped. The country was searched, and finally it was learned that they had been seen on a wheat wagon. They jumped from the wagon at the Umatilla reservation. The sheriff and deputies were notified and they located the boys late at night at Weston. They reached that place late Saturday night upon two Indian cayuses. Where they got the

horses is not known, but it is presumed that they ran across them somewhere on the reservation. In view of the ages of the boys, it is remarkable that it turned out so fortunately for them. If you are looking for something interesting keep your eye on The Journal classified under "Personals."

DOAN'S OINTMENT CURES ECZEMA AND ITCHING PLEA

Portland People Recommend It.

One application of Doan's Ointment cures any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Portland testimony to prove it: Jacob Heasong, farmer, living at the corner of East Twenty-eighth street and Keely avenue, Portland, Oregon, says: "In recommending Doan's Ointment to those who suffer from hemorrhoids I can only repeat the statement I made some three years ago. I had suffered from this trouble for some years, and in hot weather it was a great worry to me. I could not sleep at night. Other preparations having given me little or no relief, I finally began using Doan's Ointment and it required only a few applications to bring soothing and healing relief. The facts above stated are as I told them just after my first trial of the remedy. I think just as much of the preparation today."

Remember the Name—DOAN'S—and take no other.

impassable condition of the street and because of the fact that all the refuse of the city is being dumped in their front yards. And still others are protesting against the cruelty used with horses by the angry garbage haulers. Those mostly suffering by this condition are the scavengers themselves, who are ruining their teams and using up their outfits. They have notified Mayor Lane and the engineering department that if the city does not make possible within the next 48 hours they will refuse to work until something is done, and they have also informed Dr. Wheeler of the health department that on Friday morning the city will have no scavengers unless some attempt is made immediately to improve the present condition of the thoroughfare to the crematory.
