JOHNSON MARVEL OF PLUNGERS

Remarkable Career of Davy, Who Has Wagered One Million This Year.

OVER EIGHT HUNDRED THOUSAND DOLLARS SHORT

Typical Soldier of Fortune Goes Broke Today and Has Another Fortune Tomorrow — One Winning Netted Him Eighty-Five Thousand.

(Journal Special Service.)

New York, Oct. 18.—"Davy" Johnson is the premier plunger of the year. Not that he has been the most successful, for he is a lover, but this wonderful money prodigal of the sporting world has bet three or four times as much as any other individual operator in the betting rings during the annual campaign just waning to a close. In about a month, or to be correct, November 16, New Yorkers will see their last day of racing for the year. On that date the curtain will drop at Aqueduct, Long Island, and by nightfall thousands of men and horses will be headed for the Bennings track, near Washington, the one stopping place in the flight to the winter racing grounds at New Orleans, Louisiana and the Californias. After the running of the heavy betting Municipal handicap at Belmont Park, many of the foremost speculators and bookmakers stepped down and out until the balmy zephyrs of springtime do blow six months hence.

Bet a Million Dollars.

Johnson has run the full gamut of luck and fortune in his 27 years of gambling, but never did he have a more exciting summer than the one just at an end. On his own estimate Johnson bet as much as $1,000,000 since last May. Something like $800,000 has remained with the ring. During the last few weeks Johnson has been in luck, and fully $200,000 of this vast sum has been won back as a consequence. Johnson's surpassing faculty seems to be in an ability to bring new grist to the mill. From Wall street he brought a score of plethoric bank rolls during the season, only to burn them up as fast as they came to hand. He can go broke today and turn up tomorrow with $100,000 backing. At least that is what the bookmakers and the insiders say, and, of course, they should pretty nearly know. For an idea of just what a terrific game this Johnson played all year it is only necessary to realise that he won exactly $52,500 on August 8 at Saratoga, New York, while on the day that Comedienne, a 20 to 1 shot, closed out Roseben at Gravesend, he dropped almost $60,000.

He had varying success, but at Gravesend and Brighton Beach he won all of $200,000 after having lost what conservative insiders estimate $1,000,000 in five months of racing. Johnson is a powerfully set man, weighing all of 200 pounds. In appearance he resembles Ellis Corey of the steel trust, for he wears big gold-rimmed spectacles and stubby mustache. He is 49 years of age and has been gambling on the racetracks, in the club houses, and on the ocean liners for 27 years. At one time he was a joint owner of the Casino at Long Branch, New Jersey, where he made a fortune. About 15 years ago he took up the turf and has been a spectacular figure there ever since. He is a natural gambler. "Taking a chance" with him is a chronic condition. Large of heart and genuine in principle, Johnson is the typical soldier of fortune, numbering his friends in thousands and tossing his destiny about as a prattling child would a tin soldier.

OREGON IS ON LOOKOUT FOR ASTORIA ELEVEN

(Special Dispatch to The Journal.)

University of Oregon, Eugene, Oct. 18.—Today considerable interest was aroused among the students when it was learned from a reliable source that both Abercrombie, a former Wisconsin football man, and Ross, the ex-Multnomah man, are to play with Astoria under assumed names Saturday. Ross is coaching the team. Two new Indian players are also among the Astoria players, who with the Fort Stevens men and the old squad, make the club boys a hard problem.

The 'varsity boys are doing fine work in their secret practice, learning new plays that will carry them a long ways to victory. Hard bucking will stop tonight.

Unveiling Is Postponed.

Washington, Oct. 18.—The unveiling of the statue of General George B. McClellan, which was to have taken place today in connection with a reunion of the Society of the Army of the Potomac, has been indefinitely postponed. The postponement of the unveiling was rendered necessary because of the destruction by fire of the polishing works of the contractor who is to construct the pedestal for the statue.

YOUNG CORBETT FIGHTS DRAW WITH TERRY

Philadelphai Sports Enjoy Lively Exhibition of Fisticuffs Between Other Day Boxers.

(Journal Special Service.)

Philadelphia, Oct. 18.—Young Corbett and Terry McGovern fought a six-round draw here last night, and from a bloody standpoint the spectators got their money's worth. Corbett was fat and McGovern was lean, and both men were not in the best of condition so that while considerable slugging was done, the blows lacked power and a knockout could not be recorded. At the end of the six rounds both men were covered with blood and thoroughly exhausted, with the honors about even.

MULTNOMAH WILL PLAY HER LIGHTEST MEN

The lineup of the Multnomah team that will go against Albany A. C. on Saturday was practically decided upon at last night's practice of the local clubmen, although nothing definite will be given out before the game. The intention of the M. A. A. C. management as nearly as can be learned is to play the lightest men on the squad on Saturday. The Albany team is light and fast and as the locals do not wish to take any unnecessary chances light fast men will be sent into the game.

Guy Mount, Manager of the Oregon 'Varsity Football Team.

PACIFIC 'VARSITY WILL TACKLE COLUMBIA TEAM

(Special Dispatch to The Journal.)

Forest Grove, Or., Oct. 18.—Manager Sparks of the Pacific university football team has just finished the arrangements for a game with the Columbia university team to be played on Saturday. Coach Coons has had his men out every evening since the game with Hill last Saturday and the weak points of the 'varsity has been looked after. The game with Columbia is to be a hard one, but the outlook seems certain with the home team. Games have also been arranged with the team of the State Normal school at Monmouth for a week from Saturday. The schedule also calls for a game with the Oregon Agricultural college team on November 3. This game will be the hardest the home team will go up against this year and no effort is being lost to have the team in the best of condition for that event.

Sutton and Slosson Ready.

(Journal Special Service.)

New York, Oct. 18.—Both George Sutton and George Slosson appear to be in fine fettle for their billiard match, which is to be decided in the Madison Square Garden concert hall tonight. The match is to determine the championship at 18-inch balkline, two shots in.

LOCAL FAN LAUDS COMISKEY

Devotee of National Pastime Has Kind Word to Say of White Sox Manager.

SAYS HE IS GREATEST MANAGER OF ALL TIME

Disputes Statement Made That Captain Chance's Team Should Have Won World's Series at Chicago—Are Players of Today Superior?

Portland, Oct. 18.—To the Sporting Editor of The Journal—Some of the "fans" (I am suspicious of the word, and if it is short for fanatic, don't use it) can not understand how the Chicago National league team lost the world's championship series after winning the National league pennant so easily, and, now that Charles Comiskey and his team are in the limelight, the writer would like to say a few words about this Napoleon of baseball and show that it is always safe to back Comiskey's team, all things being equal. Comiskey was the hardest worker who ever wore a uniform, and is truly a battle-scared hero, because of the chances he took when he was captain and manager of the famous St. Louis Browns, whom he led to victory season after season.

A Sure Player.

He was not only a brilliant player, but a sure one. When a hit was needed to tie or win a game, the crowds at St. Louis would rather see Comiskey at the bat than the famous Tip O'Neil, a phenomenal slugger, who was a picture at the bat, and the only rival Anson ever had as a batsman, if he ever had a rival.

At a critical stage of the game Comiskey, though not a heavy hitter, was almost sure to drive out a liner over the heads of the infielders and break up the contest. Then, when a base had to be stolen, while the crack baserunners, Arlie Latham and Curtis Welch, were there with the goods, they were no surer of stealing it than Comiskey.

Let me stop here to add that there were many arguments in those days as to who was the best second baseman, shortstop and the best in other positions, but never an argument about who was the best fielder. Welch was in a class by himself.

Wonder at First.

On first base, Comiskey was a wonder. He played deeper than anyone else, and no matter how the throws came he got them. His specialty was pickups, with his foot remaining on the bag. He had no rival at this sort of work.

He was as brilliant a kicker as he was a player. He knew when to kick, and how, and seldom got the worst of a bad deal. Anyone could see that he handled his men with ease. They respected him, and I have no doubt worked harder for him than they ever did for any other manager.

We used to say in St. Louis that Comiskey could take youngsters off the lots and make champions of them. I never met him until I came to Portland, but had a short talk with him when he was on a trip to the coast a few years ago, and soon realized I was talking with a man who was a master of his profession, and one who would have made his mark at anything he undertook.

Picked White Sox to Win.

I am out of touch with the game now, but recalling Comiskey's record I had a "hunch" that his team would win, and while strolling past the bulletin board of a cigar store I saw the pictures of the two teams and stopped to compare them. All ball players look alike to me in their uniforms, but when I saw the smiling contented faces of Comiskey's men, I made up my mind the grandest old Roman of them all had gathered up another team of world champions.

I suppose the above puts me in the "has-been" class, but while I have the floor, I would like to ask some up-to-date "fans" to explain to me why people think the players of today are better ball players than those of years ago.

I claim they are no better in any department, and point to the fact that the ball and bat is of the same size and character, the bases are where they always were—no further apart—and I see no change worth mentioning. Is it not true that the young athletic ball players of the past played as well as those of today?

OREGON BOWLERS TAKE THREE STRAIGHT GAMES

Three more games were added to the Oregon's victories last night. The Gold Leaf team, with all its rooters, being outclassed when it came to getting pins. The Oregons' first game was a whirlwind, they totaling 1,047 pins, the highest of the season. Keating carried off the honors of the evening, rolling the highest single game, 269, and averaging for the third 228. The scores.

DR. TAYLOR, The Leading Specialist.

I want to impress it upon every weak man that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as **Spermatorrhoea, Lost Vigor, Varicocele, Hydrocele, Gonorrhoea, Syphilis, Stricture and "Weakness"** can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

The Scientific Treatment of Weakness

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautiful engraved chart free if you will call.

Examination Free

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

If you cannot call write for Diagnosis Chart. My offices are open all day from 9 A. M. to 9 P. M. and Sundays from 10 to 1 only.

No Pay Unless Cured

Rheumatism, Acute and Chronic, Blood Poison, Gonorrhoea, Varicocele, Neurasthenia, Nervous Decline, Paralysis, Gleet, Syphilis, Piles, Kidney, Bladder and All Urinary Diseases.

There are some diseases that are impossible to cure and we determine this by a rigid physical examination, and should we find it impossible to cure you we will not charge you one cent for the examination. We follow one rule: "Honesty is the best policy."

Before taking treatment elsewhere, investigate our claims and forms of treatment as to merit and superiority. Talk with the physicians of this institution and you will find them cultured, scientific gentlemen of great learning and experience, and a few moments' conversation will convince you that we thoroughly understand our business.

Weakness of the System—It is caused by strains, over-indulgence, overwork, inheritance to a certain degree, follies practiced in your younger days, giving your present condition one of a most forlorn, depressing aspect, causing sleepless nights, irritable temperament, etc. If this is let continue in its own course without attempt to stop it, the course terminates in a complete mental derangement. We cure such maladies, giving you a permanent cure without any detention from business.

Varicocele is a diseased condition of the scrotal veins. It may be caused by blows, kicks, falls, heavy lifting, mumps, early indiscretion, or may be a symptom only of some special weakness.

The proper treatment consists of local application for the purpose of dispelling the stagnant blood and contracting the swollen veins, as well as internal medication to strengthen the nerves which govern the blood supply to these veins.

Though causing you no trouble at the present time, your Varicocele will, if permitted to go without the proper treatment, impair and destroy the elements of vitality.

We daily demonstrate that Varicocele can be positively and speedily cured without cutting, burning or any other form of operation.

Gonorrhoea—If taken in the beginning is practically an easy thing to cure, providing there is no complication, but should the disease continue it results in gleet, prostatic troubles, and affects the entire urinary tract and its appendages, with a dangerous sequel. Newly contracted cases are cured by us in from 7 to 10 days. You see it hardly pays to let it go, as you have so often done. Come to us and we will give you speedy cure to **stay cured.** If you cannot call, write for symptom blank.

Some advertise a cheap, inferior treatment, charging a cheap fee, therefore p'acing a low value on their services. Ours is not of the cheap variety, but the BEST. That is what you want.
