The reception to Bishop and Mrs. Charles Scadding which was to have been held tomorrow svening at the Hotel Portland has been postponed to next Thursday svening on account of the death of Henry Dixon Jones. The reception, which is being prepared under the auspices of all the Episcopal churches in Portland, will be open to all the friends and admirers of the bishop and Mrs. Scadding.

That would cost at least \$400,-000.

It was also stated that the negotiations were about drawn. When Mr. Pittock was questioned regarding the lease he made a denial of any personal part in the negotiations. When told of the reports, he said: "Some one evidently is doing business for me."

Rumor Again Declares That the Pittock Property Has Been Leased for Long Term.

ALL CONCERNED DENY LEASE HAS BEEN MADE

Interesting Details of Negotiations for Board of Trade Building Site Are Made Public-Other News Events in Real Estate Circles.

In the real estate market yesterday the reports that the Pittock property on Washington street, between West Park and Tenth streets, had been leased for a long term of years, were renewed, despite the statement a week or so ago made by H. L. Pittock that he knew of no negotiations being made to secure the property.

The new reports are more definite; in fact, they carry with them the actual terms of the lease. The market was all satir over these new rumors, which were to the effect that a lease had been arranged for a term of 29 years at a monthly rental of \$2,500 on condition that those securing the lease would erect immediately a building on the property that would cost at least \$400,-000.

It was also stated that the negotia-

He was asked if he had made any negotiations for such a lease, and he re-plied: "I have made no negotiations

plied: "I have made no negotiations whatever."

It is a well-known fact that a number of persons have had their eyes on the property for quite a long time. As much as a year ago agents of Charles Sweeney, it is said, made overtures to secure the property, but satisfactory terms could not be arranged, and the deal fell through. It is now rumored that something like 45 different persons and syndicates have figured on the property, but that the terms could not be adjusted until the present, and that the deal is now about to close. H. M. Cake, who is reported to be handling the legal end of the deal, declares that he knows nothing of any such transaction.

With the filing of the agreement for the leasing purchase of the quarter block at Fourth and Oak street, where the proposed Board of Trade building is to be located, has been brought to light the details of that deal and they are very interesting to realty operators. The property was owned by Dr. F. H. Parker, and according to the agreement the Board of Trade Building association is to pay for the site in 30 years in monthly installments of \$1,100.

Under these terms it means that association will pay \$60 monthly installments, or a total of \$395,600, for the property, and at the end of the 30 years the property belongs in fee simple to the association. Since the details of this lease became known the real estate operators have been figuring the diference in its terms and the lease made by With the filing of the agreement for

erators have been figuring the direrence in its terms and the lease made by the property of Judge Mallory on Stark street between Third and Fourth, now occupied by the Western Union Telegraph company and other tenants. It was leased for 26 years at a monthly rental of \$1,500 a month, and at the end of the lease the property and build-

ing revert to the lessee.

Announcement is made that all the Announcement is made that all the property in what is known as Cedar Hill, at the head of Washington street and close to the City Park, is to be taken from the market and held for a larger increase in values. There are about 75 lots to be withdrawn. Among the heavier owners in this section are F. W. Leadbetter, F. S. Stanley, Miss Henriette Falling, H. M. Cake and the estate of the late O. F. Paxton.
