TRYING TO SHIELD COAL SWINDLERS

Interior Department Regards Investigations of Board as Impertinence.

PROTEST UNION PACIFIC IN ITS IMMENSE FRAUDS

Once Passed Upon Matter and Does Not Like Having Its Conclusions Questioned—Statute of Limitations Saves Concern.

(General Special Service.) Washington, Oct. 15.—The interior department is disposed to regard as impertinence the action of the interstate commerce commission in developing evidence in the stupendous frauds in connection with the acquisition by the Pacific railroads of immense holdings in coal lands from the government. The interior department long ago proved to its own satisfaction that these lands were secured by the Union Pacific in a legitimate fashion, and it manifests small sympathy for any investigation that now threatens to bring its conclusions into question. And besides this, it is explained, there is nothing new to be gained by pursuing the matter because these lands have been patented more than six years.

KENTUCKY WOMAN STRIKES IT RICH MINING

Author of Mrs. Wiggs of the Cabbage Patch Proves Success in Business.

(General Special Service.) Louisville, Ky., Oct. 15.—Mrs. Alice Hegon Rice, a Louisville woman who has gained some fame as a writer of books, the most notable being "Mrs. Wiggs of the Cabbage Patch," is just as successful in a business way as she is as an author. Part of the returns from her books invested in land mines in Hardin county, Illinois, have just reaped a fortune for her. The Hegon family has long owned this property. Recently Mrs. Rice disposed of a certain interest for \$150,000 and with other members of her family owns a large block of \$500,000 capital stock of the new company just incorporated to develop the property. The company is known as the "Cave in the Rock Mining & Milling company."

INCORPORATION LAW IS TO BE REVISED

(Special Dispatch to The Journal.) Salem, Oct. 15.—The following companies have filed articles of incorporation in the office of the secretary of state: Albina Hall association of Portland; incorporators, J. M. Farmer, P. A. Reed, John Van Zante; capital stock, \$5,000. The following were dissolved: Lasselle Brothers & Company of Albany. Lincoln County Right of Way company of Toledo. Under the present laws of Oregon a non-resident partnership that is not incorporated cannot be sued or has no standing in law. Letters have been written to the secretary of state and to the governor by business men in the state calling attention to this defect in the law and it is probable that the next legislature will be asked to remedy it.

SALOONMEN ATTACK WALLA WALLA LAWS

(Special Dispatch to The Journal.) Walla Walla, Wash., Oct. 15.—The case of 14 saloonmen charged with violating the Sunday closing law by keeping open on September 14 are being tried in the justice court before Judge Huffman this week. The defense of the saloonmen is directed wholly to attacking the city ordinance. The case against P. A. Dryden was taken under advisement. Peter Werner, one of the saloonmen, was discharged last night owing to an insufficiency of evidence produced by Chief Brown.
