Schuyleman & Co.

Schuyleman cos co. Of this city are offering for sale, and we are told, have sold some lands near Tigardville over which there is a legal contest now in the courts. Those who have bought such lands had best recall their money, and others before buying had better await the final decision in the suit now pending. It will be well for all intending buy-ers—from any desilers—and their at-torneys to see abstracts before agree-ing to buy; no correct coaice will ob-ject to showing and furnishing ab-stracts. Our interest in this is that, having owned and dealt in Tunistin inds for over 29 years, and having di-vided more large places into small tructs, and turned them into homes, than any other person or company in an any other person or company in regon, and given good filles to them il, we are anxious that the same pro-ction shall be given by all-especially

all, we are anxious that the same pro-tection shall be given by all—especially new and strictly speculative—dealsrs, so that the titles like the lands in that valley may be known as first class. We have siways taken great plassure in furnishing perfect tilles, and in case they are not so we perfect them before offering the lands for sale. We now own some fitueen hundred screes in the Tuniatin valley, and they are among the choicent in the valley, and are buying and selling continually. Our knowledge of the country and our acquaintance with lands generally and are buying and selling continually. Our knowledge of the country and our acquaintance with lands remarking have tanght us that the Tunintin valley, in location and quality, is the richest valley on the coast. We are selling our lands for 50 per sore and nywards, adjacent to the new Portland and Balem electric line. Our terms will be found reasonable. We convey buyers to the tracts several times a week. Call and arrange.
