THE SAVINGS BANK

has had more to do with the prosperity of the American people than any other one force. It has taught and encouraged habits of saving and thrift and has enabled the earners of wages and small salaries to purchase property, build homes, establish themselves in business and provide for the future.

THE CITIZENS BANK has been foremost among those engaged in this good work. As it has in the past assisted many, it is anxious to do still more for others.

LET IT HELP YOU One dollar, deposited in this bank, begins to draw 4 per cent interest at once.

Your money is held in absolute security and your interests are carefully guarded.

Make a deposit at once if you would open the way for opportunity, prevent loss and gain prosperity.

You will receive courteous treatment and a growing account will enable you to take advantage of the benefits and influence of the bank.

Y. M. C. A. NIGHT CLASSES

Individual Instruction—Fees Reduced One-Half for the Best of This Term.

The night classes of the Y. M. C. A. have a 35 per cent larger attendance than ever before. In six of seven subjects no additional students can be taken, but there is still some room in the majority of the classes.

The instruction is largely individual, especially in the technical, business and practical subjects. The fees have been reduced one-half for the rest of the term and students may enter any night, but to receive the greatest benefit should enter early because the term is now just half over.

Algebra, architectural or mechanical drawing, arithmetic, bookkeeping, carpentry, chemistry, electricity, grammar, geometry, mining, penmanship, reading and spelling, shorthand, shorthand, surveying, Spanish, telegraphy, typewriting, vocal music, wood turning.

Call or write Y. M. C. A. for free illustrated catalogue, giving complete information.

A Busy Sale.

At the Boston store, First and Salmon, there opened up this morning the sale of the bankruptcy stock of goods from Rodgers & Sons, Peoria, Illinois.

Men's and women's clothing, shoes, hats and underwear, were bought for 25 cents on the dollar and still being sold at a ridiculously low price.

The sale opened this morning under very favorable auspices. Despite the rainy weather the store was well filled all morning. The advertisement advised the retail trade to come in the morning.

This advice seemed to be taken, judging from the busy condition of the store. The store will be opened this evening until 10:30.

Seaside Sunday Excursions.

The A. & C. R. R. will run an excursion to Seaside and return every Sunday at the round-trip rate of \$1.50. Take advantage of the low rate and see the ocean. Tickets for sale during the week at 348 Alder street and at the union depot, Sunday morning.

DAY'S EVENTS ON EAST SIDE

Complete Arrangements Made for New Schoolhouse in St. Johns.

SITE SECURED FOR PROPOSED BUILDING

Mount Scott People Demand More Lights Along the Car Line—Milwaukie Grange May Buy Property—Other East Side Notes.

East Side Department

Complete arrangements for the new \$20,000 school building which is to be erected in St. Johns during the coming year were decided upon by the school board at its last meeting.

The property comprises 14 lots, with a frontage of 233 feet on Chapel street, 233 feet on Stewart street, and 323 feet on Holbrook avenue. It is admirably adapted in many ways for school purposes, being a pretty location as well as being situated on the highest point in that part of the city.

The district paid \$2,400 for the site, and for this amount Mr. Holbrook agrees to clear the land of brush and stumps and make the excavations for the foundations, so that the land will be delivered to the school board all ready for the masonry to go to work.

The plans and bids for the schoolhouse will be the next thing in order. The board has decided that they will build an eight-room building, arranged so that in case it becomes necessary to enlarge the building, other rooms may be added without destroying the uniformity and architectural symmetry of the structure.

About a month ago the district of St. Johns voted to bond the district for the required amount to build the schoolhouse and the vote was unanimous—a circumstance unprecedented in the chronicles of St. Johns.

The women of St. Johns have launched a movement to erect a drinking fountain and they are giving a series of entertainments and socials for that purpose. It will be the object of the women to obtain something that will be an ornament to the city, although as yet the exact design of the fountain has not been chosen.

The people of the Mount Scott district for a long time have been aware of the dangers that have existed along the line of the O. W. P. from the lack of lights at the various stations.

The terrible accident of last night in which Miss Alice Turner was instantly killed has suddenly emphasized this need and the improvement association will immediately request that lights be placed at the stations along the line.

The stations themselves are inadequate, considering the amount of patronage the O. W. P. receives in this district, and the people there earnestly desire that better service be provided.

When the resident of any of these stations returns from his day's work in the city he is compelled to alight from the brightly lighted and comfortable car in the dark and rainy night, where probably the street is eight or ten inches deep, it is far from pleasant and an improvement of these conditions would greatly enhance the value of property in these communities.

The Mount Scott basketball team that has been meeting for practice regularly at the Kern Park skating rink, has elected a captain and is looking for games. Following is the make-up of the aggregation: Captain and center, Frank Kendrick; guards, Harry Cheyo and Arnold Letistre; and forwards, Harry Clapp and Clare Bolster.

The Milwaukie Grange have been desirous of buying a hall and it is hardly now that an opportunity has presented itself. The deal will probably be closed today.

BUT ONE BIRTH FOR EVERY THOUSAND PEOPLE

Monthly Report of the Board of Health Gives Interesting Statistics.

Less than one birth for every 1,000 persons occurred in Multnomah county during October, according to the last monthly report of the state board of health, just issued.

The report gives the number of births at 181 and the number of deaths as 152. The fact that outside of Portland, physicians do not report all the births which they attend, accounts for the rather small total for the county.

In Multnomah county there were nine deaths from tuberculosis, eight from typhoid fever and two from diphtheria. Typhoid fever is still frequent in Lane, Polk and Umatilla counties, as the total of deaths from this disease for the state was 18. The report as compiled by Dr. Robert C. Yennay, secretary of the state board of health, also shows that 184 marriages took place in Oregon during October.

Building Permits. The following permits have been issued: Royal, two-story dwelling, Williams avenue, between Mason and Skidmore, cost \$2,000; J. McDermott, repairs, Milwaukie, corner Holgate, cost \$250; Mrs. Cordelia Krebs, two-story dwelling, Williams avenue, between Skidmore and Polk, cost \$3,000; F. G. Greig, one-story dwelling, East Seventeenth, corner Clackamas, cost \$1,200; H. E. Steiner, three one-story dwellings, Albina avenue, corner Humboldt, cost \$1,000; D. B. Ladd, repairs, Cambridge, between Union and Grand avenues, cost \$100; Harrington, repairs, North Seventh, between Davis and Everett, cost \$40; O. L. Roper, better two-story dwelling, between Bladina and Prescott, cost \$50; A. S. Ellis, two one-story dwellings, Milred, between East Eighth and East Ninth, cost \$800 each; Mrs. C. E.
