PRaises SENATOR LA FOLLETTE

Rev. M. A. Matthews Says Wisconsin Man is Sincere and Courageous.

SAYS PEOPLE SHOULD COMBAT THE TRUSTS

Says Most of the Senators Are Controlled by Capitalists and Prove Traitors to the Interests of the Country.

Dr. Matthews made the remark in the course of an interview in which he praised Senator Robert M. La Follette of Wisconsin for his courageous stand on the trust question. Dr. Matthews said:

"The people of the United States should keep on fighting the trusts of this country until they have driven them from their power in the United States senate. The senate, far from being of assistance, is a great hindrance to the government. Most of the senators are under the control of the capitalists and serve their ends. Until this class of senators is removed from the organization no good can be expected from it."

"America is for Americans, and when you stop to think the national elections are decided by the ballots in New York state, and when you go still further and remember that in New York City there is a seething mass of foreigners numbering more than 500,000 men, whose votes are bought at every election, you can see who really decides the elections in this country."

Would Put Them in Irons.

"If I had my way I would put in iron every man who comes to this country and utters one word against the flag, or belittles our form of government, and keep him in irons so long as he is in America. Send him out of the country and let him bewail his fate and pour out his tirade against the laws of this

GABRILOWITSCH IS COMING TO PORTLAND

Noted Pianist of Younger Generation to Be Seen Here Soon in Concert.

Gabrilowitsch, who has just been creating a big sensation in the East when he opened his tour November 5, is soon to be heard at the Hellig under the direction of Lois Steers-Wynn Co-man. It has been said that wherever he plays, he conquers, and those who were so delighted with his marvelous playing here three years ago are determined not to let the opportunity slip of hearing him again.

When a man like Hans Richter, famous among conductors and musicians the world over, becomes tremendously impressed with a pianist's playing at first hearing, small wonder that ordinary music lovers are enthralled by the music of Gabrilowitsch. The story goes that, while still unknown, he found Hans Richter walking impatiently about the salon.

"I will give you just five minutes,"
