ALL WANT NEW COUNTY OF CASCADE FORMED

Sentiment of Meeting at Hood River Unanimous—Systematic Pushing for It Planned.

(Special Dispatch to The Journal.) Hood River, Nov. 19.—At a big mass meeting held here for the purpose of ascertaining the sentiment in regard to the movement to create a new county...

A number of prominent men spoke on the question and statistics were presented which show that the new county can be governed more economically from the standpoint of taxes if the new county is formed.

Several Portland men who have property at Hood River were in attendance at the meeting and gave assurance that the movement would have considerable support from the Multnomah delegation to the legislature.

The meeting was held under the auspices of the Commercial club and the matter will be taken up as a purely business proposition.

The valuation of the proposed new county is about \$2,000,000 and its area will be 450 square miles.

GIVES A REMEDY FOR POVERTY

Low Legal Rate of Interest and Heavy Income Tax is Suggested by McGarry.

EXPLAINS HIS METHOD BEFORE PEOPLE'S FORUM

Says Principal and Natural Characteristic of American People is to Get Something for Nothing—Other Speakers Give Talks.

A low legal rate of interest and a heavy income tax would solve the problem of extreme poverty and inordinate wealth...

During his remarks the speaker took occasion to say some cutting things about the American people.

Mr. McGarry, the most satirical hero-worshiper on the face of the earth," said he: "Our ideas of national honor are absorbed from those who plunder the country, impoverish the people and defy the government."

The "Legal Pursuit of Happiness," was the subject of the lecture. The attorney said that happiness through the "legal means" was found in a very simple formula...

Problem Confronting Us. The problem which confronts American life, declared the speaker, is an honest distribution of the blessings of prosperity.

During the course of his remarks, Mr. McGarry read a remarkable speech said to have been delivered by John D. Rockefeller to a group of bank clerks...

Many Others Speak. The principal address was followed by a number of five minute speeches.

All agreed with McGarry's estimate of commercial life, but none agreed with his remedy.

In defending the legal profession McGarry insisted that lawyers are bulwarks or defense who stand between the people and predatory wealth.

Next Sunday night there will be a debate on the old subject, "Shakespeare versus Bacon."

Attorney C. E. S. Wood, who was heard in a five-minute speech last night, will deliver an address before the Socialist party next Sunday night.

STORM CAUSE OF FISH FAMINE

No Fresh Fish to Be Found at Any Portland Market at Present.

OYSTERS ARE GETTING VERY SCARCE ALSO

High Water Causes Shortage of Salmon and Dealers Cannot Get Halibut From the Sound Because of Lack of Transportation.

There is not a single pound of fish in the Portland wholesale markets today.

The storms which cut off railroad transportation with Puget sound found this market without a single pound of fresh halibut, as all the supply came from there.

High water followed by an excessive amount of drift forced the abandonment of traps in the lower Columbia and this resulted in the cutting off of all supplies of salmon.

Razor clams and crabs are also absent from the market today, for the storms have been too severe for gathering.

REALTY DEALERS REPORT ACTIVITY IN MARKET

Record-Breaking Business of Last Week Continues to Influence the Market.

Realty dealers report an active inquiry for property today, with a strong probability that the record-breaking movement of last week has not spent itself.

RELIGIOUS LEGISLATION IS SUBJECT OF ATTACK

Elder G. A. Snyder Asks Congregation to Refrain From It.

Elder G. A. Snyder in his sermon at the Auditorium last night called attention to the proposed Sunday law for the District of Columbia, and asked all to sign a petition to the United States senate asking that honorable body to have nothing to do with religious legislation on the ground that such legislation is unconstitutional.

"If the Sunday law zealots succeed in securing the passage of any kind of a Sunday law for the District of Columbia it will be used as a national precedent for further legislation of a similar character."

"It would be a fine stroke of policy for these religious legislationists to push some minor Sunday measure for the District of Columbia through the United States senate. Religious legislation would then be nationalized, and it is impossible to foresee the long train of drastic measures that would follow if once the national precedent were clearly established."

It is well to remember that eternal vigilance is the price of liberty. At the close of the meeting an opportunity was given for those present to sign the petition and a large number of signatures were secured.
