COTTAGE GROVE CLUB TO TALK CAR SHORTAGE

Call Issued for Mass Meeting of Representatives of Commercial Associations and Lumbermen of the State to Discuss Present Conditions.

Cottage Grove, Or., Nov. 12, 1995.

"To the Commercial Organizations and the Lumbermen of Oregon, "Gentlemen: It is needless to say to you that the Pacific coast is again suffering from a lack of cars, which is paralyzing the general business and dealing a death blow to the lumber interests of the whole of western Ore-

gon.

This condition seems to be simply a repetition of the disaster of three years ago. Repeated requests to the officials of the Harriman system for information as to whether better car service can be expected, receive the answer that they do not know. They will promise no bet-ter service for this territory.

"Under these conditions we believe that the time has arrived when we must

do something to help ourselves. The situation is so big and the trouble so far-reaching that it is beyond the influ-

situation is so big and the trouble so far-reaching that it is beyond the influence of the individual or the single community, and the necessary pressure can only be brought to bear by the united effort of every one affected.

"We, have therefore prepared this call for help, which we are sending to you with the request that you give the matter the earnest consideration which it deserves and appoint a representative to meet with us at Eugene at an early date, which will be set later. Our object is to discuss the situation and take such steps as may seem best, in the content of the corresponding month of 1905 were only \$70,455 bushels, while New Orleans when the deck of the Dix were nearly all saved; they jumped into the water at once. Those inside were utterly help date, which will be set later. Our object is to discuss the situation and take such steps as may seem best, in the following are missing: W. Mone in the meeting, for the relief house escaped.

The following are missing: W. Mone in the following such steps as may seem best, in the opinion of the meeting, for the relief of a condition that has become most burdensome and threatens to kill one of the greatest industries of the state.

"The Eugens Commercial club is with Buszatti, Ralph Clark, Mrs. Granger,

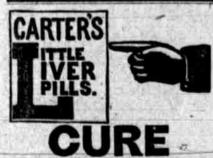

"Be sure and have at least one representative present and as many more as can get to Eugene. Help us to make this meeting a warm one.".

Paris, Nov. 19.—The Echo De Paris

NO PEEK-A-BOO WAISTS SHORTAGE DUE TO KIDNEY TROUBLES WANTED IN INDIANA

High School Girl Denied Blessings of Education Because of Her Clothes.

(Journal Special Service.)

Columbus, Ind., Nov. 19.—Short sleeves and peek-a-boo shirtwaists may be all right in fashion picture books, but they are not to be tolerated in public schools of this town, according to Principal Sewall Wirtz. Because several young girls chose to follow the dictates of fashion and toss defiance to the educational authorities they have been expelled from the school.

Principal Wirtz first stirred up a hornets' nest a few days ago when he laid

The car shortage question is to be taken up in earnest by the Cottage Grove Commercial club working in harmony with the Eugene Commercial club, a call for a mass meeting of representatives of the commercial associations and lumbermen of Oregon having been is sued for a date yet to be decided.

The question of car shortage has become, so serious in the opinion of the Cottage Grove club that some steps must be taken or the commercial and lumber interests of the state will suffer irreparable damage. The meeting which has been called is for the purpose of considering ways and means to remedy the existing evils and if possible to form some association for taking combined and harmonious measures to secure relief. The official call issued by the Cottage Grove club is se follows:

TWO SCORE DROWN

Principal Wirtz first stirred up a hormats down he held down the dictum that abbreviated costumes ago when he laid down the dictum that abbreviated costumes must go. One girl was especially rebellious, but as she was threatened with as separated with a succious but as shown as at succipal wirts was astounded and angered next morning when she appeared with sleeves that came to her wrists, but which were silt the entire length of her arms. An order of expulsion was at once given, and several girl sympathisers of the school.

The sentiment of the town is given and they too are denied the privilege of the school.

The sentiment of the town is allyided on the principal's action, and there is a probability of a legal fight before the controversy ends.

Shortly afterward Pius went to the throne room; where he received Monsignor Kennedy, rector of the American college, who presented to his holiness Mr. and Mrs. Louis J. McCloskey of Philadelphia, and Paul S. King of New York, who noticed that the pope was pale and labored under some emotion. Then the pope went to the hall of the consistory, where he received about 200 persons, including 25 students of the South American college, to whom he delivered a short address. None of them knew anything about the explosion.

Anarchy Seeks Victims. Shortly afterward Plus went to the

Anarchy Seeks Victims. It is announced that the bomb con-sisted of a large tin box, such as peopie keep valuables and papers if, locked and bound tightly with wire, and filled with gun powder and nails, wrapped in papers dated Nov. 16 and 17. The nails were large and heavy, and some were thrown but a short distance from the

The explosion is the third outrage The explosion is the third outrage of an anarchistic character in Italy in four days. *On Saturday Professor Giovanni Rossi was murdered in Naples en Nov. 14. A bomb was exploded in front of the Cafe Aragno in this city. Saxerio Lagana, who stabbed Prof. Rossi, is from Reggio, Calabria, and has not been arrested. He has addressed a letter to the chief of police, in which he says that at the funeral of in which he says that at the funeral of his victim tomorrow he will kill others. "I will not give myself up," he wrote, "until I have killed another professor and Socialist. The Socialists accuse me of being a spy in the service of the police."

A Boautiful Cathedral. St. Peters is the most famous of the churches in Rome, and by many it is regarded as the most beautiful cathedral in all the world. Its construction dral in all the world. Its construction occupied over a century, and a quarter from the time it was begun in its present form by Pope Julius II. The plans were made by Bramante, who began the construction, which was carried on by Raphael, Sangallo, Michael Angelo, and others. The dome, with its huge cross, is 435 feet high, and is the work of Michael Angelo. The cathedral covers 18,000 square yards, and, exclusive of the portice, is 636 feet in length; the nave is 451 feet high.

AFTER GEORGE OF GREECE Anarchists Said to Be Flotting to Slay

Eim in Rome. Rome, Nov. 19.—Extraordinary pre-cautions will be taken to prevent an-archists from dynamiting King George of Greece when he comes to the city. It is said the police have evidence of a plot to destroy the monarch.

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase

applied the patient seldom survives when once the disease is fastened upon her. We believe Lydia E. Pinkham's Vegetable Compound is the most effi-cient treatment for chronic kidney troubles of women, and is the only medicine especially prepared for this

purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life. saving her life.

For proof, read what Lydia E. Pink-ham's Vegetable Compound did for Mrs. Sawyer.

Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vogetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case."—Mrs. Emma Sawyer, Conyers, Ga.

ported for some time, although last spring burglars seemed to pay most of their attention to the ships in the har-bor.

BAR SMOOTH TODAY

Fleet of Steam and Sailing Schooners Approach Columbia.

The bar at the mouth of the Columbia river is smooth today and a fleet of sailing steam schooners are outside. Most of them are said to be bound for Portland. Their names could not be made out this morning. They have been standing off shore during the re-cent heavy blows, but came in close this morning because conditions were favor-

Nothing has yet been seen of the British bark Iverna. If afloat some-thing should be heard from her in a day or two because conditions are now such off the coast that Captain Collingswood need not fear running in for a pilot. The revenue cutter Theils has not returned from her cruise.

INSPECTOR GOES NORTH

Captain Werlich Will Select Site for New Light Station.

Captain P. J. Werlich, lighthouse in-spector of this district, left for Seattle this morning to start for Alaska on the tender Heather, which is now coaling there for the long trip. Captain War-lieh will inspect a number of stations along the northern coast and will remain away about a month.

One object of the trip is to determine upon a site for a new light on Cape Hinchinbrook at the entrance to Prince William's sound. The place is not very well located for a light because the most desirable sites for the light are difficult to reach from sea.

ALONG THE WATERFRONT

I NEVER GUESS

Experiment or take chances of any sort. I attempt to cure only those diseases that I have been curing for the past sixteen years, and I believe I am justified in saying that I have learned all about them. Were I lacking in knowledge pertaining to my specialty I would never have attained my present success, nor would I to-day be recognized as the leading specialist treating men's diseases. If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

I my practice is the largest because I invariably fulfill my promises.

VARICOCELE

Under my treatment the most aggravated cases of varicocele are cured in a few days' time. There is no pain, and it is seldom necessary that the patient be detained from his occupation. Normal circulation is at once restored throughout all the organs, and the natural processes of waste and repair are again established. If you are afflicted with varicocele, consult me at once. Delays can but bring on aggravated conditions and nervous complications that will impair the vital functions and involve the general health.

Contracted Disorders In the treatment of disorders I offer a service such as no other physician can render. The remedies I
employ have a most thorough and
positive action in cleansing the membranes of all infection and subduling
all inflammation. My manner of application insures absolute thoroughness, and removes every possibility
of relapse or a chronic stage. My
cures are not only thorough, but are
accomplished in the briefest time
possible.

You Pay When CURED

Consultation Free

I AM NEVER IN DOUBT

I am never in doubt as to what the Day after day for sixteen years 1 have been curing case after case of the several diseases peculiar to men. No case comes to me now, the like of which I have not treated scores of times in the past, and I can always say definitely whether I will be able to effect a permanent cure. I never hold out false hopes or make promises that I cannot fulfill, and you can rely absolutely upon any encouragement I may be able to offer you. If I promise you a cure, a cure will follow.

"WEAKNESS"

I cure functional weakness in men. I know of no other physician cur-I know of no other physician curing this allment. Most doctors treat wrongly. They give stimulants and tonics. These things can't cure. "Weakness" is a symptom of prostatic disorder, and the treatment must be local. This is a truth that I myself revealed. I have perfected the only system of local treatment that cures "weakness." A few doctors over the country claim to cure by the same method, but their treatment is only an imitation of the genuine "Josien" method. The genuine is here and is administered by its originator. Don't hope to find it elsewhere.

Specific Blood Poison

No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies that re-move the last poisonous taint.
