KEEPS ORIENTALS FROM RETURNING

Ruling Made by Judge Dole Will Result in Keeping Chinese in Native Land.

IMMIGRATION OFFICIALS CAN'T SWEAR WITNESSES

Certificates of Those Who Wish to Revisit Native Land and Come Back Will No Longer Be Issued, as They Result in Wholesale Fraud.

(Journal Special Service.)
Honolulu, Nov. 22.—A ruling has been given by United States Judge S. P. Dole which, while upon its face it appears favorable to the Chinese, will probably result in effectually preventing Chinese residents from returning to American soil.

In the Wong Niu case, in which the defendant was charged with perjury, the court held, in effect that any witness swearing falsely in case of Chinese trying to establish the right to return to this port cannot be prosecuted for perjury, because the law does not give the immigration officials power to swear witnesses.

A section of the exclusion act permits Chinese to leave the United States and return provided they have prop-

erty in America to the amount of \$1,000 or have a family there. In fact, under the ruling of Judge Dole the immigration authorities will have no other excuse to follow but to shut down on the temporary absence of Chinese residents of the United States, for the decision would otherwise seem effectually to open the doors to the wholesale entrance of Chinese.

As the result of the ruling, apparently, the certificate which is given Chinese who have the right to leave this country and then return, and which is based upon their ability to furnish evidence that they can comply with the provisions of the exclusion act, will no longer be issued upon evidence of the applicant. If the immigration authorities cannot swear witnesses, and if the latter cannot be prosecuted in the event of perjury, the authorities are helpless to prevent fraud, and the only policy which can be adopted is to refuse the certificates.

EASTERN STAR MATRON TO VISIT BAKER CITY

(Special Dispatch to The Journal.)
Baker City, Or., Nov. 22.—Extensive preparations are being made by the local chapter of the Eastern Star for the entertainment of Mrs. L. B. Sherwin of Ashland, Oregon, grand matron of the order. Committees are busily engaged in arranging special work to be given at that time.

The event will be made one of great importance to members of the Eastern Star in this section of eastern Oregon and delegations from lodges in surrounding towns will be invited to participate in the function.

TROUBLES OF DR. BIGGERS LOOM EVER LARGER

Wife Sues for Divorce and His Gambling Friends Are Said to Be Bulldozing Him.

(Special Dispatch to The Journal.)
Pendleton, Or., Nov. 22.—Sam Endicott and Roy Stewart, when arraigned before Justice of the Peace Parkes upon a charge of larceny, waived examination and were bound over to the circuit court in the sum of \$500. A cash bond was given for each of the accused.

Dr. G. W. Biggers, who had the two men arrested several days ago, appeared in court and stated to his attorney that he did not want to prosecute. However, upon that subject John McCourt, acting district attorney, had some ideas of his own. He informed Biggers that the case against Stewart was being conducted by the state of Oregon and that Biggers had already placed himself on record in the matter when he swore to the complaint charging Stewart and Endicott with having robbed him of his \$1,000 certificate of deposit in a gambling game.

It is rumored that Biggers' reluctance to prosecute was due to the fact that Stewart, Endicott and others had prevailed upon him to give it up by threatening him with various things should he testify against them.

Biggers is now being sued for a divorce by his wife at La Grande and he informed the district attorney that his gambling friends had threatened to furnish her attorneys with evidence of misconduct on his part if he did not drop the case.

Also he says they declared they would testify he had said while here that he was worth \$50,000, whereas he had been claiming to be La Grande people that he was without means.

AMEER OF AFGHANISTAN ON TOUR OF INDIA

Visit a Move to Cement Friendly Relations With Great Britain.

(Journal Special Service.)
Bombay, Nov. 22.—A dispatch from Cabul states that Habibulla Khan, the ruler of Afghanistan, leaves today on his much-discussed tour of India. The visit of the ameer is looked forward to with much interest. It has been officially stated by the British authorities that the visit is without political significance. But the invitation and its acceptance can hardly be regarded as otherwise than a move to further cement the friendly relations between Afghanistan and England and it is sure to be so considered by Russia. The crux of the matter lies in the fact that Afghanistan is the buffer which separates the Russian dominions from England's great empire of India, and so long as Afghanistan remains friendly and under the influence of England the claws of the great Russian bear can never close in on India.

The Indian officials have arranged that the tour of the ameer will be conducted with great pomp and ceremony. In addition to the large retinue that the ameer brings with him he will have an imposing escort of British and Indian soldiery. Nothing will be left undone to impress the young ruler with the strength and power of Great Britain.

MASTODON'S FRAME FOUND NEAR ATHENA

(Special Dispatch to The Journal.)
Athena, Or., Nov. 22.—The bones of a mastodon have just been discovered near here by Frank Swagart. At the place where the discovery was made the decayed bones were in a strata of clay in the creek bank and about 15 feet from the top of the ground. Most of the skeleton was found to be very much decayed, but one of the bones found measured 4 feet in length and over 12 inches in circumference.

SNOW IN MOUNTAINS—FUEL BADLY NEEDED

(Special Dispatch to The Journal.)
Pendleton, Or., Nov. 22.—Heavy snows have fallen in the Blue mountain districts. At Athena, Weston and Adams, the higher mountain towns of Umatilla county, considerable snow was seen yesterday.

At La Grande there is several inches of snow. Baker City and Sumpter have had nearly a foot of it.

The fuel situation is almost serious in some of the smaller places, but small shipments of coal and wood are being
