"FIGHTING THE BEEF TRUST"

The Beef Trust had several cars of dressed meats returned to them from Seattle on account of the flood. These meats have been distributed among many markets in Portland, and after laying around in the cars for several days will be offered to the general public for Saturday's trade. Don't eat this meat. Eat Smith's absolutely fresh Oregon meats. Oregon bred, Oregon fed, city dressed—just to the taste of Oregon people.

 According to the testimony of General Nelson A. Miles, U. S. A., the Beef Trust meats killed more soldiers in the Spanish-American war than did the enemy's bullets.

THANKSGIVING COMING
 Select Your Coffee Carefully

There are few things you eat or drink which are as frequently adulterated as coffee. Entirely different substances, such as dandelion roots, beans and various cereals, are roasted ground and made into coffee. It is estimated that over 18,000,000 pounds of such substances are sold as coffee every year to an unsuspecting public. A machine has been patented for making artificial coffee. Artificial coffee! May as well try to make artificial sunlight. But in our coffees you can rely upon a purity and flavor that bespeak the carefully selected and roasted coffee bean.

Ardmore is a heart-warming, strength-restoring, delightfully aromatic **Coffee 3 Lbs., \$1**
