

JASPER JENNINGS MAY HOPE

Order for New Trial Unites With Other Considerations in His Favor.

SYMPATHY INSTEAD OF FORMER REPROBATION

Acquittal of Dora Jennings, His Sister, Operates Powerfully in His Behalf—His Mother's Devotion—History of Most Mysterious Crime.

(Special Dispatch to The Journal.) Grants Pass, Or., Nov. 23.—The happiest woman in Oregon is the mother of Jasper Jennings, because her son is

Jasper Jennings and Jailer Colby.

to be granted another trial by the decision of the supreme court rendered two days ago.

The mother came all the way from Virginia to be at the first trial of her son, and has remained here, waiting for a decision from the supreme court. With the mother are the brothers and sisters of Jasper, all hopeful that the boy will go free, as did his sister Dora, who was jointly indicted with him, but who was set free by the jury after a trial lasting more than a week.

History of Jennings Case.
The Jennings case is one of the most sensational and also one of the most perplexing ever tried by the Josephine circuit court. One night during September of last year N. M. Jennings, a miner and woodcutter, who lived with his sons and daughters in a little cabin at Granite Hill mining camp, near here, was brutally murdered in his bed. His wife, who had deserted him, was in Virginia. All of the children, with the exception of Jasper, were at home at the time. Dora, an 18-year-old daughter, and her younger sister occupied a bed in the same room where the old man slept. Jasper was at a neighbor's house. Neither of the two girls heard the shot fired that killed the old man, notwithstanding that the one who fired it must have been in the room, and the rifle was held over their bed. The boys, who slept in a room just overhead, with only a thin board floor between, heard no sound.

Dora's Acquittal Aids Jasper.
The case was fought bitterly in court, the prosecution contending that Jasper and Dora murdered their father for his money. Jasper was convicted on his own contradictory testimony and his failure to account for his rifle, which was taken from his cabin that night and hid in a thicket near the house, where it was found.

After being out less than an hour

PRESS OPINIONS ON THE CURABILITY OF BRIGHT'S DISEASE AND DIABETES.

"From recent developments in San Francisco and from comments in the press it is evident that not alone relief but a permanent cure of both these dreaded diseases can now be effected."

"A representative of the News has just returned from San Francisco. He is bringing the reports that the long-sought cure for Bright's Disease has been found, he says personally a number who had recovered and come back fully convinced."

"Future history will record this decade as marking the first definite control of Bright's Disease and Diabetes and the dawn of the obscure but lamented Nephritis will be indissolubly connected with it."—Overland Monthly Magazine.

"That chronic Bright's Disease and Diabetes, deemed fatal the world over, are now cured by the compounds discovered in San Francisco by Fulton is being established by a public opinion as in California."—Buffalo Daily Times.

"Many broad physicians are using the new remedy, but the fact that medical ethics prevent them from proclaiming the discovery to the world because the formula is the personal property of individuals in this instance is a disgrace to the medical profession."—Town and Country Magazine, San Jose.

"My own delicate opinion is that a permanent cure has been discovered. I believe it to be the duty of every lover of his kind to spread this good news and thus save from death some of the thousands who yearly perish from these diseases."—Rev. W. B. Urry in the California Christian Advocate.

The above was written by the Christian Advocate to investigate these compounds. After a week of careful investigation he wrote the above to the Advocate.

"There is in this city a remedy for Diabetes and Bright's Disease which has put several of our dying children into the land of the living. It is a remedy that should convince any fair-minded man."—Honolulu Daily Advertiser.

The above is from an editorial on medical legislation. A reader wrote for the name; they replied Fulton's Compound. He sent us the fact with a copy of the editorial.

The above brings to mind the case of J. H. Gracilar of this city and irresistibly leads to the belief that the cure has been found. He was in the last stages and was told his days were numbered—today he is hale and hearty."—Eureka, California, Daily Times.

"It is amazing that in this intelligent age there should be an almost certain specific for Bright's Disease and Diabetes and yet few know of it. Let it be recorded that these diseases with care and proper treatment yield almost to a certainty. This item is from an editorial on medical legislation. A reader wrote for the name; they replied Fulton's Compound. He sent us the fact with a copy of the editorial."

"If the question of the curability of chronic Bright's Disease was on trial in the Superior Court hundreds of citizens of this city, including capitalists, professional and business men, could go into the witness-box to swear to their recoveries and among them would be the publisher of the following:—San Francisco Wine and Spirit Review.

"The publisher knows of two cases in which permanent cures have been effected and of two others who had abandoned hope and are now regaining their health. This statement is made with a view of aiding those who may be afflicted with Bright's Disease and have despaired of recovery."—Livermore, California, Herald.

"I feel that I am in duty bound to let your readers know of this thing. If there is any charge sent me the bill, for I feel this is the least I can do to help my fellowman. I do not know the party who puts up these compounds, neither do I know anybody connected with the sale of them. I do know, however, that they will help the human family."—Matt Harris, Vice-President Van Arsdale Hiram Lumber Company of San Francisco, in American Lumberman of Chicago.

"This is not too good to be true. The cure is so fast. We sent for the compounds and have them in stock. There are two distinct treatments, one for Bright's Disease and one for Diabetes. Full literature on application."—WOODARD, CLARKE & CO., PORTLAND, ORE.

The jury returned a verdict of murder in the first degree.

Dora was tried twice. The first time the jury, after being out all night, failed to agree and were discharged; the second time they came to an agreement after a brief deliberation, returning a verdict of not guilty.

The freeing of the sister will no doubt have a strong bearing on the second trial of Jasper, and his attorney, who hopes to win the case with ease. Considerable sympathy is now being shown for the boy, where there was absolutely none before. Jasper will be returned to the county jail here noon, and will be tried during the January term of circuit court. He will be defended by H. D. Norton, his former attorney.

Grants Pass is busy with improvements.

ELECTION DEFENSE MEANS

West Virginian Says There Can Be No Decadence in High Places Among Us.

LOFTY SENSE OF DUTY STIRS PUBLIC SERVANTS

Ambassadors of Great Britain and Germany Speak for Closer Commercial Relations at Chamber of Commerce Banquet.

(Journal Special Service.) New York, Nov. 23.—At the annual banquet of the New York chamber of commerce last night Ambassadors Speck von Sternberg of Germany and Sir Henry Mortimer Durand of Great Britain were the speakers of the evening.

Senator Stephen B. Elkins also spoke. Senator Depew was among those present.

Elkins Defends Senate.
Senator Elkins defended the senate as follows:

"In some quarters, among those not well informed, it seems fashionable to talk about the decadence of the senate. The decadence of the senate can only follow the decadence of the people and would mark a backward movement in the social condition of the nation. So long as the people grow in virtue and in intelligence, live in an advancing civilization and under a free government there can be no decadence in high places, but instead an ever-increasing virtue and a loftier sense of duty in our public servants."

"In times of excitement and aroused passions, in peace and in war, next to the supreme court, the senate is the sure refuge and the safe reliance of the people in preserving their liberties and in all crises proving the greatest guardian of the fortunes of the republic."

For Closer Relations.
Baron Von Sternberg said, in part:

"We are inviting you to closer commercial relations. I refer to the hand stretched over to us the other day, which we so gladly accepted. We are now stretching a friendly hand across the north Atlantic which you may grasp if you will. You have just sent a commission of experts to Germany to make a thorough study of the tariff situation in Germany and to thoroughly acquaint the Germans with the American situation. May this step bring great advantages to the commercial and industrial life of both our countries. Germany has expressed her hearty gratitude over this step, in which she notices the sincere efforts of the Washington administration to bring about an improvement of our commercial relations. Not only shall we endeavor to give freely of the information they seek, but we shall try to understand from them more clearly the point of view of the people whose interests they represent, thus arriving, I hope, at a mutually satisfactory agreement."

Durand Sorry to Go.
Sir Henry Durand expressed his regret at retiring from post as ambassador and concluded:

"No Englishman ever came to this country or left it with heavier good will toward America than I."

Referring to the health of King Edward of England, Emperor William of Germany and President Fallieres of France were drunk.

RIGHT UGLY JOB AWAITS RETURN OF ROOSEVELT

He Must Reckon With San Francisco's Attitude on Japanese in Public Schools.

(Journal Special Service.) Washington, Nov. 23.—When President Roosevelt returns to Washington he will find waiting for him a report of the secretary of commerce and labor on the situation in San Francisco over the question of attendance of Japanese pupils in the public schools.

The president will not be pleased with the report, for, it can be stated, Secretary Metcalf's mission resulted in failure so far as removal of the international problem is concerned.

President Roosevelt will be told that no difficulty stands in the way of obtaining a decision in the courts to the effect that a treaty with a foreign country in the supreme law of the land and as such is superior to all laws and ordinances the state of California and the city of San Francisco can pass.

The question resolves itself, of course, into one of action. It is not likely the president will relish the work of forcing the people of the coast to do that which they have resolved not to do, but unless they make up their minds to yield no other course than legal force seems open to the national administration.

CARUSO HEARING IS ADJOURNED UNTIL MONDAY

(Journal Special Service.) New York, Nov. 23.—The actions of the prosecution show that the past character of Enrico Caruso, the world's greatest tenor, is in for searching inquiry. A woman whose name was not mentioned was called while Caruso was on the stand yesterday. The singer was asked to identify her, and replied that he could not. The woman was not placed on the stand, but the questions indicated that the prosecution will attempt to show that the defendant introduced her last February during a performance at Paris.

Witnesses following the singer were friends testifying that they were at the Zoo with him and saw no act of impropriety. Others said that he was at the hotel as late as 4:30 o'clock on the day specified, so that he could not have been at the monkey-house at 4 as the prosecution alleges.

The hearing was adjourned until Monday.

THOUSAND PER DAY FROM RAINBOW MINE

(Special Dispatch to The Journal.) Durkee, Or., Nov. 23.—When two new concentrators, which have been ordered by Manager W. E. King, arrive at the Rainbow mine, in the Mormon basin district, preparations will be made for an all-winter run. Mr. King says he expects he will be forced to

I NEVER GUESS

Experiment or take chances of any sort. I attempt to cure only those diseases that I have been curing for the past sixteen years, and I believe I am justified in saying that I have learned all about them. Were I lacking in knowledge pertaining to my specialty I would never have attained my present success, nor would I today be recognized as the leading specialist treating men's diseases. If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

My practice is the largest because I invariably fulfill my promises.

VARICOCELE

Under my treatment the most aggravated cases of varicocele are cured in a few days time. There is no pain, and it is seldom necessary that the patient be detained from his occupation. Normal circulation is at once restored throughout all the organs, and the natural processes of growth and repair are again established. If you are afflicted with varicocele, consult me at once. Delays can but bring on aggravated conditions and nervous complications that will impair the vital functions and involve the general health.

Contracted Disorders

In the treatment of disorders I offer a service such as no other physician can render. The remedies I employ have a most thorough and positive action in cleansing the membranes of all infection and subduing all inflammation. My manner of application insures absolute thoroughness, and removes every possibility of relapse or a chronic stage. My cures are not only thorough, but are accomplished in the briefest time possible.

The Dr. Taylor Co.

234 1/2 Morrison Street

Cor. 2nd, Portland, Or.

WE CURE MEN ONLY

LICENSED TO PRACTICE MEDICINE IN OREGON

We Treat the Following Diseases Only

Rheumatism, Acute and Chronic. Blood Poison, Gonorrhea, Varicocele. Neurasthenia, Nervous Decline, Paralysis. Gleet, Syphilis, Filia. Kidney, Bladder and All Urinary Diseases. Established 25 Years in Portland.

A LIFE LONG CURE FOR VARICOCELE

We cure this disease without operation or ligature, and under our treatment the congested condition soon disappears, the parts are restored to their natural condition, vigor and strength, and circulation is reestablished.

STRICTURE

We cure stricture without the knife by an application which acts directly on the parts affected, dissolving the stricture completely. Our treatment is painless and in no wise interferes with your business duties.

Acute and Chronic Discharges, viz: Gonorrhea, Prostatic Diseases, cured by the use of the only scientific method known, injurious to the system in no way, shape or form; but, on the contrary, it builds up the system and the disease part returns to a sound and healthy condition.

If you have violated the laws of health and are conscious of a constant drain which is undermining your system, come to us before you become a nervous and physical wreck. If you are weak, gloomy and despondent, if you are sad, ambitious and energetic, unable to concentrate your thoughts, look vain, vigor and vitality, come to us at once; our treatment will stop all drains and overcome all weaknesses and positively restore you to strength and health. We have cured thousands of weak men.

THOSE WHO HAVE BEEN DISAPPOINTED BY UNRELIABLE SPECIALISTS ARE HASTILY REQUESTED TO STOP OUR METHODS AND TRY OUR OWN. WE KNOW THE TRUTH, WHICH HAS BEEN DONE IN THE BEGINNING WOULD HAVE SAVED THEM TIME AND MONEY. Write if you cannot call.

Hours—9 a. m. to 5 p. m.; Evenings, 7 to 9:30; Sundays, 9 a. m. to 12 noon.

ONLY

I AM NEVER IN DOUBT

I am never in doubt as to what the results from my treatment will be. Day after day for sixteen years I have been curing cases after case of the several diseases peculiar to men. No case comes to me now, the like of which I have not treated scores of times in the past, and I can always say definitely whether I will be able to effect a permanent cure. I never hold out false hopes or make promises that I cannot fulfill, and you can rely absolutely upon my encouragement. I may be able to offer you. If I promise you a cure, a cure will follow.

"WEAKNESS"

I cure functional weakness in men. I know of no other physician curing this ailment. Most doctors treat wrongly. They give stimulants and tonics. These things can't cure. "Weakness" is a symptom of prostatic disorder, and the treatment must be local. This is a truth that I myself revealed. I have perfected the only system of local treatment that cures "weakness." A few doctors over the country claim to cure by the same method, but their treatment is only an imitation of the genuine "Jensen" method. The genuine is here and is administered by its originator. Don't hope to find it elsewhere.
