

# OLD ST. VINCENT'S HOSPITAL BUILDING DAMAGED BY FIRE

Hotel Northern as It Looks After the Fire.

The old St. Vincent's hospital building, for 12 years a landmark at Twelfth and Marshall streets, was badly damaged by fire last evening. For several years the property has been used as a hotel and rooming house, being known as the Hotel Northern. The structure covers nearly half a block, but is entirely of wood, and though only the roof and top story were destroyed, it is possible that the building will never be repaired.

The building was a triumph of achievement in the hospital line when it was built in 1874. It was four stories high with a cupola front and back, was built with broad stairways and wide halls and contained 116 rooms. For 21 years the Sisters of Providence ministered to the sick and the injured in the big wooden structure. Then the new brick hospital at the head of Hoyt street was completed and the old place was abandoned. Four years ago it was

sold to Beno & Ballis and for the past two years the place has been run as a hotel and rooming house, Mrs. R. G. Banks conducting the latter on the three upper floors and Mrs. E. C. Bowerman running a restaurant on the ground floor.

All but five of the rooms were occupied when the fire broke out last night and over 300 persons were temporarily rendered homeless. Had the conflagration originated on the ground floor or had it started at night a number of lives would undoubtedly have been lost. As it was, the fire broke out in the roof at about 6:30 o'clock, when many of the roomers were at supper and all easily escaped and saved practically all of their possessions.

It is supposed that the cause of the fire was a defective flue as the flames were first seen high on the roof. They spread rapidly over the top of the whole structure, but were slow to eat their

## Mrs. Cora B. Miller Makes a Fortune

Says She Will Now Give Away \$10,000  
Worth of Medicine to Women

Until a few years ago Mrs. Cora B. Miller lived in a manner similar to that of thousands of other very poor women of the average small town and village. She now resides in her own palatial brown-stone residence, and is considered one of the most successful business women in the United States.

Several years ago Mrs. Miller learned of a mild and simple preparation that would readily cure female diseases and after curing herself and many of her friends she decided to treat those who might call for it. She started with only a few dollars' capital, and the remedy, possessing the most wonderful merit, producing marvelous cures when doctors and other remedies failed, the demand grew so rapidly she was several times compelled to seek larger quarters. She now occupies one of the city's largest office buildings, which she owns, and almost one hundred clerks and stenographers are required to assist in this great business.

Millions of Women Use It.

More than a million women have used Mrs. Miller's Specific, and no matter where you live, she can refer you to ladies in your own locality who can and will tell you of the wonderful merits of this cure for women's diseases. Despite the fact that Mrs. Miller's business is very extensive, she is always willing to give aid and advice to every suffering woman who writes to her. She is a generous, good woman and has decided to give away to women who have never used her medicine \$10,000.00 worth of absolutely FREE.

Every woman suffering with leucorrhoea or whitish discharges, ulcerations, displacement or falling of the womb, profuse, scanty or painful periods, uterine or ovarian tumors or growths, also pains in the head, back and bowels, bearing-down feelings, nervousness, cramps, etc., should give the Specific, which is always willing to give aid and advice to every suffering woman who writes to her. She is a generous, good woman and has decided to give away to women who have never used her medicine \$10,000.00 worth of absolutely FREE.

Remember, this offer will not last long, for thousands and thousands of women who are suffering will take advantage of this generous means of getting cured. So if you are ailing, do not suffer another day, but send your name and address to Mrs. Miller for the book and medicine before the \$10,000.00 worth is all gone.

way downward. A second alarm brought additional apparatus to the spot in a few minutes and the flames were extinguished before they had gone below the top story. The entire loss will not exceed \$5,000, covered by insurance. There was no suffering among the dispossessed roomers. Many of them even had permanent lodgings engaged before bedtime.

## LOS ANGELES PEOPLE SHIVER IN GASLESS NIGHT

(Journal Special Service.)

Los Angeles, Nov. 27.—Los Angeles is in the grip of an unusual cold spell. People shivered and went to bed hungry last night because of the inadequacy of the gas supply and the shortage of coal and wood. Throughout the city the gas famine was complete. The cause for the absence of gas pressure is assigned by the company to the breaking down of a number of generators.

For thousands and thousands of women who are suffering will take advantage of this generous means of getting cured. So if you are ailing, do not suffer another day, but send your name and address to Mrs. Miller for the book and medicine before the \$10,000.00 worth is all gone.

## PET DOG DIES AND SHIP'S SAILORS WEEP

There is sorrow on board of the British steamer Manchester Port today because yesterday afternoon Captain Ackerman's pet dog, a beautiful Japanese pug, valued at several thousand dollars—now that he is dead—expired after a brief illness. The pet was buried after dark last night in the vicinity of the Port of Portland drydock and a little board marks his grave. The dog has been with the steamer for a long time.

The Manchester Port is under charter to load wheat and lumber for Hamburg. Last night she was shifted from the drydock to the mills of the Eastern and Western Lumber company to line preparatory to loading grain. She looks as bright as on the day when she started on her maiden voyage, because she was cleaned and painted while on the dock.

## HOLIDAY RATES

## STRONG EFFORT TO PASS PHILIPPINE TARIFF

Administration to Concentrate  
Forces on Securing Relief  
for Islands.

(Journal Special Service.)

Washington, Nov. 27.—President Roosevelt will make an extraordinary effort to secure the passage of a Philippines tariff bill. If the senate committee which has the bill in its keeping is not open to argument, means as strenuous as any Roosevelt ever has employed will be adopted to bring about the passage of such a measure.

The president and secretary of war are deeply concerned over the effect that a second failure to pass this bill, which they consider a measure of justice to the Philippines, would have on the minds of the island inhabitants. They are especially fearful of the effect of a failure because, before another year is up, they consider a measure of justice to the Philippines, would have on the minds of the island inhabitants. They are especially fearful of the effect of a failure because, before another year is up, they consider a measure of justice to the Philippines, would have on the minds of the island inhabitants.
