

TRAIN SCHEDULES TO BE CHANGED

Time Card Manipulators Are in Session Today in Offices of W. J. Buckley.

THROUGH TRAINS TO BE SOMEWHAT SLOWER

All Tracks in Northwest Have Been Repaired and S. P., O. R. & N. and N. P. Are All Running as Per Schedule.

Time card manipulators are in session at the offices of General Superintendent M. J. Buckley, of the Harriman lines in the Pacific northwest, and new running schedules for all O. R. & N. main line and branch line trains will shortly be announced. The new schedules for through trains will be somewhat slower, Mr. Buckley said.

The changes are necessitated by the extra heavy trains now operating on the through cards. It is impossible to run these trains of 10 and 12 heavy coaches as fast as we formerly operated the average passenger train of six coaches. The Lewis and Clark expedition brought with it the heavy through train, which was necessary to accommodate the travel. We expected that after the exposition the trains would be reduced in length, but travel has kept up and is steadily increasing. We have become weary waiting for the shortening of trains, and we are now going to fill the schedule to the actual time these trains can make.

The O. R. & N. has had singular good fortune to escape all trouble from floods. Its trains have operated regularly, and in addition the O. R. & N. has furnished the rails for operating all the travel of the northern roads during the week of flood troubles.

After a tie-up lasting since Tuesday, November 13, the Northern Pacific

MAX FIOMAN

The Favorite Comedian, Who Is Playing an Engagement at the Helig Theatre, in the Delightful Comedy "The Man on the Box."

Railroad company is again operating its overland trains from the sound to St. Paul, and trains are overloaded with traffic of all kinds. The line between Portland and Seattle is clearing away large accumulations of freight and baggage that were piled up in Portland, awaiting transportation to sound points.

The Southern Pacific company has restored its Bantam bridge, and repaired tracks at various points, and overland trains are now running regularly. The new overland train, No. 12, between Portland and San Francisco started last

evening, leaving Portland at 11:30 o'clock. It was well patronized and is expected to prove extremely popular, as its time schedule cuts two hours from the old time card. It will arrive at San Francisco at 9:45 tomorrow morning.

The Great Northern will on December 9 put on an owl train between Vancouver, B. C. and Seattle. It will prove a convenience to Portland people traveling between this city and British Columbia points. The train will leave Vancouver at 11:30 p. m. and arrive at Seattle at 7 next morning.

SAVED BY QUICK WORK

BY MEANS OF DESPERATE FIRE-FIGHTING AND PERFECT GENERALSHIP WAREHOUSE IS SAVED.

The Hairbreadth Escape of the Magnificent Stock Now Stored at Our Wholesale Warehouse, 13th and Northrup Sts., Makes Us All the More Anxious to Dispose of It. Over \$140,000.00 Worth Must Go, and That Quickly, in This Emergency Sale.

These were anxious moments around the retail establishment yesterday evening when word came up from our wholesale department of the Hotel Northern fire, which is on the same block with our piano shops, stables, and piano storage depot. Only the most efficient fire-fighting and managing, and the most expertly fire-walk of the piano warehouse saved the stock. But we don't need another warning. To carry so tremendous a stock and the more costly kind of pianos at that, intended for the great reopening in October of our Portland establishment, is a serious and no matter how much upside down we may find ourselves in the new retail quarters that are now being gotten under way, we are going to commence piano selling, big enthusiastic, double-quick piano-selling, right away. The prices at which we are advertising these instruments for sale will, we are sure, accomplish the object. As stated in our previous announcement, it is not a question of profit now. We have the pianos, for they have been accumulating since September and October, when we had no right to expect possession of this building, and they must find buyers quickly now.

ALL THE NOTABLES THERE. We present tonight and tomorrow the very finest of high-grade instruments. Beautiful Webers and Hazeltons of New York. The most famous Kimball, Chicago's greatest piano, and then the finest and most glorious of them all, the Chickering of Boston, and there are also beautiful Hobe, Cables and Crown Orchestral pianos and Marshall & Wendell and dozens of others, each make the very finest in a respective class. And all of these pianos were specially selected for display during the opening week of the new building, under the better and the busier Eilers Piano House.

WE CUT THE PRICE. But that is not all. We not only present the very choicest of instruments, but we are offering them at a price far below the usual retail selling price, and at a figure that will barely cover the factory cost and freight. It is not a question of profit-making, with us now, we must get rid of the goods.

Then, again, we shall be glad to have you arrange the matter of payments to suit yourself. Everything will be marked at the actual cash cost. But any piano will be obtainable at the cash figure, plus a small interest on terms of payment to suit any reasonable buyer. If you cannot pay all cash, pay a little now and the balance in a few months. If you are not prepared to pay any money now, come in any way. We will send you a piano and you can pay when ready.

HERE IF YOU DON'T BUY. If you are not in a position to buy a piano at all, come in and rent one. We shall charge no carriage to any one renting a piano six months or longer. If you will rent a piano three months we will ask you to pay but one half of the carriage charge. We must get rid of a lot of pianos quickly, and it is not going to be our fault if we don't. In spite of the wonderfully heavy sales in the interior, our big wholesale warehouses, corner Thirteenth and Northrup streets, is full to overflowing. As stated before, the many beautiful instruments for our October reopening are in, the November shipments are soon due to arrive and the piano business is a hot one. There are four monster carloads, over \$20,000 worth—coming today and tomorrow, and there are also two carloads of Weber and Kimball Pianos, and carloads upon carloads of every other kind of high-class instruments on the way.

A HAUGHTY IS INEVITABLE. You see the fix we are in. So, even though it will very much upset piano conditions temporarily, we are going to simply slaughter our pianos until our store is deluged in shape. We will be reopened. We hope it will be but a short time. We surely will terminate the sale the moment there is a better market. The upstairs is to be arranged first, while we are selling pianos in the uncompleted downstairs. Then the downstairs will be finished, and we will sell upstairs. And the work of reconstructing and rebuilding will be rushed forward now with all possible haste.

HERE ARE SOME PRICES. If you are thinking of getting a piano come in tonight or tomorrow. We had occasion once to sacrifice a lot of regular \$275 pianos for \$150. We said we thought they never could again be obtained at such a low figure. But in our present predicament we are going to sell forty-seven of these now for \$177 cash, say \$17 or less down, and \$6, yes, even \$5, a month.

We will take actual factory cost and freight for some very fancy and most costly highest grade uprights that were ordered especially for an exclusive Portland trade. There are some choice pianos in mission design cases among them. We don't want to take chances carrying any of these over the holidays into the next year. Terms of \$15 a month, say \$12 a month, or say \$10 or \$5 every three months, buys them.

Bear in mind that everything sold by Eilers Piano House is guaranteed with warranty, no matter what the price paid. The store will be kept open tonight to accommodate those wishing to select a piano for Thanksgiving. The number, Eilers Piano House, 353-355 Washington street, or 353 for short, corner Park. Phone Private Exchange 25, all departments.

CORVALLIS CITIZEN DIES OF LOCKJAW

Corvallis, Or., Nov. 27.—A. J. L. Cator, who had his ankle shattered by the accidental discharge of a rifle, is dead, of lockjaw. Cator was 68 years old, a native of England, and came to Oregon in 1892.

One Centenarian in 197,000. The labors of Sir George Murray Humphry proved that there is about one centenarian to every 137,000 people, and that of 70 authenticated cases 63 one reached 110 years, three only are said to have been 108 and one 104.

The full exercise of the various powers, mental and bodily, is conducive to great age, so that there need be no fear of entering heartily, actively and with full interest and energy into the assigned work of life, physical or mental.

The inhabitants of any countryside, as in Delahoe in North Cornwall, point with pride to the number of hale and hearty octogenarians, nonagenarians and centenarians living among them as an evidence of their healthy environment and hygienic lives. So in Paris, with its 18,509 octogenarians and 630 nonagenarians, 83 of whom are approaching their hundredth year. Six inhabitants of Paris are more than 102 years of age.

GAS FOR FUEL

Is Cheapest, Cleanest Absolutely Best

Think what a saving in housework the use of gas affords; no fires to build or watch—no handling of coal or wood—no carrying away of ashes—no dirt or dust—no waste of time.

Your baking, broiling, roasting and toasting can be done far better than in any wood or coal range. You can regulate the amount of heat to a nicety—you can have enough to cook an entire dinner or one article. There is no worry about the oven being too hot or not hot enough. And the moment you're through, out goes the fire and the expense stops.

We should be pleased to fully demonstrate any of our cooking or heating appliances, which are displayed in our salesrooms, and our experts in charge will give you full and complete information as to cost of equipment and operating expense—or we will send a man to talk the matter over with you at your residence, if you prefer, and will phone us—Pri. Ex. 26.

Little Girls—Remember the Prize Cooking Contest—December 21 and 22
