

# HOT POLITICAL FIGHT BEING WAGED IN TOWN OF VANCOUVER

### Civic Improvement League Making Strong Effort to Win Municipal Offices and Turn Out the Present City Council.

Donald McMaster, Candidate for Councilman at Large of Vancouver.

Lloyd DuBois, Candidate for Mayor of Vancouver.

(Special Dispatch to The Journal.) Vancouver, Wash., Nov. 28.—This city is in the throes of the hottest political contest that it has known in years. Under the leadership of Lloyd Du Bois, publisher of the Vancouver Independent, and Donald McMaster, a prominent attorney, the Civic Improvement League is making a strong effort to capture the city government and turn out the present council that has managed through the aid of the so-called non-partisan convention to perpetuate itself in power for a number of years. Mr. Du Bois is the Civic Improvement nominee for mayor and Mr. McMaster is making the fight for councilman at large on the same ticket. Both are strong, clean men in whom the moral, law-abiding element of the community have entire confidence.

The following is the platform adopted by the Civic Improvement League: "First. We believe that too great license has been given the liquor dealers in the conduct of their business, and that as a result of such looseness in the enforcement of the ordinances passed for the control of the liquor selling business some of our saloons have become a disgrace to our city and a menace to every interest, material as well as moral, and we propose to remedy the evil by granting licenses only to such men as have shown their desire to run orderly and decent places; by reducing the number of saloons and by raising the license fee to a sum not less than \$800 per annum and to revoke the license of every person keeping women in their saloons or in buildings connected therewith, or in any way keeping disorderly places.

"Second. We stand for immediate improvement of our streets and sidewalks in a substantial manner. The business district of Main and Washington streets to be paved with the very best hard pavement.

"Third. We believe in the establishment of a free reading room.

"Fourth. We believe that ordinances are made to be obeyed and that permits for the violation of the fire limit and other ordinances should not be issued to favored individuals. Every citizen should be treated fairly and impartially and no man should be granted a permit to violate an ordinance that his neighbor is made to obey."

"We believe in the establishment of a free reading room.

## CANDIDATES READY FOR BLOODY FRAY

### Each Declares He Is Neck Ahead and Denies He Is in Portland for Political Purposes—Jack Matthews in the Background.

The main battle in the contest for the presidency of the state senate is now on, for the ring has been cleared of the preliminary bouts, the principals in the big fight have met and shaken hands while seconds and backers looked on in grinning complaisance.

This morning at the imperial hotel, the transient guest was forced to detour around a group composed of E. W. Hodson, senator from Washington and candidate for president; C. W. Hodson of Portland, also candidate for president; E. V. Carter of Ashland, former speaker of the house, was also there, while lesser lights of the political world fitted past the orbit of vision of W. F. Matthews, known to the proletriat as "Jack," who sat in a padded chair near by and held listless conversation with a young man from the rural districts, unknown to politics or politicians.

Mr. Hodson and Mr. Hodson met with warmth and clasped hands fervidly. Mr. Carter took second best and shook hands when the others had loosened their grip. Mr. Matthews, being out of politics, held aloof and only greeted the chief near by and held listless conversation with a young man from the rural districts, unknown to politics or politicians.

Dr. Hartman is receiving a multitude of such letters daily from all classes.
