Says What He Intends to Do While Serving State of Oregon in Congress.

IS INTERESTED IN OREGON CITY LOCKS

Declares He Will Do All in His Power to Have Government Buy Present Ones or Build New-Friendly to Coos Bay.

W. C. Hawley, congressman-elect from the first Oregon district, outlined his plans yesterday at the Perkins hotel for the work he expects to do when he enters upon his congressional duties. The most important of these, according to Mr. Hawley, will be in connection with the purchase of the locks at Oregon City or the building of new ones by the government. The chief objection to the present locks is that they are owned by a private corporation, which places by a private corporation, which places an embargo upon each vessel that passes through, with the result that the tollage has to be finally paid by the shipper. In speaking of his plans, Mr. Hawley said:

shipper. In speaking of his plans, air. Hawley said:

"I favor government ownership of the locks and will seek to accomplish that end when I am in congress. The best course of procedure that I think of at this time to accomplish their purchase will be to secure an appropriation for a survey of the river at Oregon city by government engineers and an inspection of the present locks for the purpose of ascertaining their value. If the locks are deemed worthy of purchase by the engineers and a fair price can be arranged with the owners, I think that the best way to sooke the solution of navigation on the Williamette river will be to buy them. If the locks are not shown to be solid and in condition to be repaired, then I will favor new locks and the survey by the engineers would be made with that idea in view.

"Next to the opening of navigation in the Willamette river the most impor-ant work that I will have to do will a in the interest of the Coos bay enterprise. Of course the jetty work at the mouth of the Columbia river will be in the hands of the senators from Oregon and I will do all in my power to aid them in securing the necessary appropriations. The Klamath project

appropriations. The Klamath project and other enterprises that affect the whole state will also have my support. To hark back to the Willamette river scheme, there was an editorial in The Journal recently which I thought was very good and well worth consideration from the public. It was timely and stated the problem clearly."

Mr. Hawley will go to Washington soon for the purpose of preparing himself for his work in the next congress. He has not decided definitely when he will leave for the east, but probably not until after the first of the year. He said that he wanted to become partments in Washington so that he will not be a total stranger to them when he assumes his office.

RICHARD MARTIN TO DRAW PLANS FOR ARMORY

Building Will Be Completely Remodeled to Suit Needs of Guardsmen.

Richard Martin, the architect, has been employed by the county court to pre-pare the plans and specifications for the complete remodeling of the interior of the armory at Tenth and Couch

of the armory at Tenth and Couch streets.

Among the more important additions will be a model dancing hall and a swimming pool, 24x50 feet. It is also proposed to install an electric and gas lighting systems, and a complete heating and ventilating plant. It is understood that the county court has agreed to appropriate \$15,000 with which to make these alterations and additions.

The improvements will not be made on as large a scale as was first intended by those who have the matter in hand. The plans originally contemplated an excavation under the asphalt paving of the ground floor to form a basement in which a modern, up-to-date gymnasium and swimming tank might be placed. But it was found that this work together with improvements considered more necessary would cont \$35,000, a sum which the court did feen able to appropriate at this time, necessitating the abandonment for the present of the gymnastum feature. The alterations decided upon will be pushed to completion as rapidly as possible.

SHOOTING OF DICH IS TO BE INVESTIGATED

Salem, Nov. 25.—At the request of Night Policeman Busick, the health and police committee of the city council will investigate the shooting of Frank Dich, the young German whom the policeman accidentally shot near the passenger depot here Sunday.

the young German whom the policeman accidentally shot near the passenger depot here Sunday night.

Yesterday Attorney A. L. Weizie, of Portland, representing the German consular agent, assisted by Attorney C. M. Imman, of this city, investigated the affair. A statement was obtained by them from Dich, but they did not care to divulge any new information obtained. If any action is taken by the German government, it will be through those of the state of Oregon, as in international affairs no notice of state lines are taken by foreign governments.

Dich's condition late late evening was entirely satisfactory to the attending physicians, but the crisis will not be passed until another day. The communication presented before the council by Officer Busick recites in detail the account of the accidental shooting.

It has now developed that possibly Dich understands and speaks the English language quite well, as he asked Busick for a drink in the English tongue. The report will be made next Monday.

PASTOR GETS WARRANT FOR FAKE BEGGAR

A warrant was issued yesterday for the arrest of John Doe Wynn upon complaint of Rev. A. J. Montgomery, pastor of the Third Presbyterian church, charging him with obtaining money under false pretenses. It is alleged by the complainant that Wynn, whose address is unknown, called on him with a pathetic plea for assistance on the ground that both himself and wife were out of employment and had no funds to pay room rent. Dr. Montgomery did not place any faith in the fellow's stary and refused to assist him. On Monday, while visiting Rev. Henry Marcottee of Westminster Presbyterian church, Dr. Montgomery was surprised to find the same beggar telling the same tale to that minister. Fully convinced that the man was a fraud he then decided to secure the warrant. A warrant was issued yesterday for

> Los Angeles, Nov. 29.—Brigadler-Gen eral Charles F. Robe, U. S. A. (retired). is being sued for divorce before Judge Wilbur. In the complaint Mrs. Robe draws some very severe comparisons between the treatment accorded her by General Robe and that to which she was accustomed during the life of her first husband. Charles Kendall, with whom she lived twenty-seven years until his death. One of the illustrations given of General Robe's temperament deals with a theatre party in Grand Rapids, Michigan, in October, 1805. He purchased tickets for himself, wife and daughter, but left out his wife's sister. The latter was very much wounded by the inattention, but he refused to explain. General Robe, it is alleged, took his wife to a Chicago hotel and forget to register her as his wife and only did so when it was called to his attention. Mrs. Robe left General Robe early in 1995, after three years as his wife. He resides at San Diego and she is living in Los Angeles. General Robe waived time to answer and entered his default to the complaint. eral Charles F. Robe, U. S. A. (rettred)

ATTEMPT MADE TO BURN HOW HOLIDAY IS OBSERVED TWO LARGE LAND IN OREGON CITY

Incendiary Tries to Burn Down Business Is Suspended and Peo-Building but Flames Are Dis-

(Special Dispatch to The Journal.)
Oregon City, Nov. 29.—Thanksgiving day is being observed very quietly in Oregon City. Several hundred people went to Portland early this afternoon to attend the annual football game between the Multnomah Amateur Athletic club and the University of Oregon teams. Many students from state colleges are visiting with friends during the Thanksgiving vacation and house parties are the rule.

Services were held in the churches of the city this morning with appropriate sermons, the Baptists, Methodists, Presbyteriahs and Congregationalists holding union Thanksgiving services in the Presbyterian church, where Rev. H. B. Robins, pantor of the First Baptist church conducted the services. Solemn high mass was observed in St. John's Catholic church, with a sermon by the pastor, Rev. A. Hillebrand. Thanksgiving services were held in the St. Paul's Episcopal church, where Rev. P. K. Hammond, the rector, preached the sermon and a substantial offering was taken for the benefit of Good Samaritan hospital. (Special Dispatch to The Journal.)
Helena, Mont., Nov. 29.—A dastardly attempt was made early today to burn the building of the Montana Keeley Institute company at Sunnyside, near here, but fortunately the fire was discovered before it had gained any great hendway, and was extriguished with comparatively slight loss. No one was injured, although seven persons were askeep in the structure at the time. That the fire was of incendiary origin admits of no doubt and it is believed that the author is the same person who committed several damaging outrages at Montana City.

A dance was given at Alhambra last night and among those who attended was a miner named Fleming. Fleming started for his home at about 3:30 a.m. and discovered the flames in its inciplency. He rushed to the institute and with great effort succeeded in pulling away the burning articles, which had been saturated with coal oil. The sleepers were awakened and rushed from the burning institute. The fire was soon extinguished.

Social events have not marked the Thanksgiving season very liberally this year, but an enjoyable dancing party was given last night in the Armory hall to the music of Parson's orchestra by the German Maennerchor. The attendance was large and the occasion was thoroughly enjoyed. In the Armory hall tonight the Uniform Rank, Woolmen of the World, will give a dancing party and Doll's orchestra will furnish the music.

RUNAWAY COW IS KILLED BY POLICE

The cow that wandered away from the stockyards this morning and created and nearby streets, knocked over the poundmen, two ordinary citizens, a woman and a child. One of the men was badly bruised. The cow finally ran into a yard at 739 Raleigh street. She resisted capture and was shot by Pa-trolman Parker.

Waiting-Boom Opened.

(Special Dispatch to The Journal.)

Vancouver, Wash., Nov. 29.—Much to the gratification of the traveling public. a waiting-room has been established at the ferry landing at the foot of Washington street. Heretofore passengers to Portland either had to wait in the cold or repair to the office of a nearby hotel. The new waiting-room was not installed through the efforts of the railway company, but by a private party who expects to run a confectionery store in connection. nnection.

AMPHIBIOUS AUTO

Equally Useful as a Motor-Boat or an Automobile.

(Special Dispatch to The Journal.)
Oregon City, Nov. 22.—Garfield lodge, Independent Order of Odd Fellows, will celebrate its anniversary next Saturday evening at Estacada with a program and banquet. Judge Thomas F. Ryan, who instituted the lodge, will deliver a speech on this occasion and other prominent Odd Fellows of this city will be present. In the near future a lodge of Odd Fellows will be organized at Sandy. A recent invention of a Frenchman is a novel machine which is aptly termed an "amphibious automobile"—because it is equally at home on land or water. This device is similar in construction to the usual motor boat. It has additional features, however, which the ordinary motor craft does not possess. Concealed in the body of boat are four wheels. These wheels, with the assistance of attached springs

COMBINED AUTOMOBILE AND MO-

Raiph the automobilist can instantly convert and into the supporting gear of an ordinary motor vehicle, the rear wheels doing the driving. For touring through the restend gions interspersed with lakes and other bodies of water such a contrivance would prove of inestimable value. Clark are among those who will attend the masque ball given tonight at Aurora by the Aurora band.
