## SPANISH WAR VETERANS WANT THE ARMY CANTEN RESTORED

Local Camp Sends Letters to Senators Fulton and Gearin Urging Them to Work for the Restoration.

Letters urging Senators Charles W. Fulton and John M. Gearin to take active steps at the next session of congress to secure the repeal of the law prohibiting the sale of beer and light wines in army cantens will be sent to the senators by Camp Scout Young No. 2, United Spanish War Veterans. Similar letters will be sent to the representatives of this state in the lower house of congress.  
At a meeting of the camp at Auditorium hall, Third and Taylor streets, last night, it was decided by a unanimous vote that the letters should be sent.  
Resolutions declaring that the organization desires to go on record as standing with the regular army in favor of the restoration by congress of the sale of beer and light wines in army cantens, was read. The resolutions declare that the military experience of the Spanish war veterans has clearly demonstrated that genuine temperance is effectively promoted by the operation of a canteen where light drinks are sold under proper restrictions; that the members of the organization have seen and realized the evil effects of

preventing soldiers from purchasing mild beverages within their own post, and forcing them when they desire a stimulant, to procure it in surroundings destructive of physical and moral health.  
It is stated by the resolution that the officers of the regular army, almost without exception, favor the return of the canteen, but are so situated that they cannot work to that end; and that the U. S. W. V. considers it within their province to aid them toward securing the desired legislation.  
These resolutions were adopted by unanimous vote. The movement in the U. S. W. V. is concerted. All the camps in the country with a total membership of over 100,000, are acting together in recommending to congress that the anti-banquet law be repealed.  
The legislative committee of the national encampment has been instructed to present to congress a memorial indicating the opposition of the organization to the present restrictions on the canteen. In addition to the letters addressed to the senators and representatives to congress from Oregon, Camp Scout Young communicated to the national headquarters the hearty sympathy

with the movement of the local camp. A petition to congress is being circulated among the members of the camp, asking that the anti-banquet law be repealed. This position will be signed by nearly every member of the camp. Personal letters to Oregon congressmen urging them to give the matter their attention will be written by a number of the influential members of the camp.

Condon men are agitating the project of a beet sugar factory; all that is needed is capital.

## FLEISHMAN RETURNED TO FACE HIS CRIME

Brought Back From British Columbia to Be Tried for Larceny.

Morris Fleishman, the trusted employe of Woodward, Clarke & Co., who decamped with \$999 of the firm's money and deserted his young wife, was brought back from Vancouver, B. C., last night by Detective Sergeant Jones. Fleishman, upon reaching police headquarters, telephoned to his wife, apprising her that he had returned and was willing to face the consequences of his crime. He absolutely refused to make a statement relative to cause of the theft. This morning beyond expressing a desire for something to read and complaining of the chilly cell he occupies, he would not discuss the case. When arrested in Vancouver \$876 of the money alleged to have been stolen

## A Woman Should Buy a White Sewing Machine

Because:

- It Sews Faster with Less Exertion.
- It Holds More Thread in the Shuttle.
- It Uses the Short Needle, Thus Lessening the Breakage.
- Its Attachments Are Superior to Those of Other Machines.
- It Uses the Triple Feed, Which Has a Great Advantage, Because It Feeds Faster and Better.

Aren't These Reasons Enough Without Mentioning Any More?

For further particulars, see

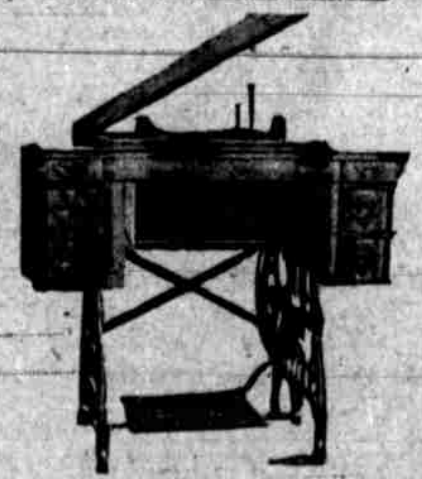

### H. D. JONES

The Man That Sells the WHITE, King of Sewing Machines.

SEWING MACHINES RENTED

USED MACHINES CHEAP

Have that husband buy you one for Christmas

was found in Fleishman's possession. This sum is being forwarded by express to the local authorities.  
W. F. Woodward of Woodward-Clarke & Co., called to see his former employe today to secure an order from him for

the money in the hands of police. Fleishman absolutely refused to accede to the request until he had consulted his lawyer, Upton. Mr. Woodward stated to Chief Grimsbacher that Fleishman had been systematically

stealing from the cash till in the store for three weeks prior to his flight to British Columbia. According to the head of the drug firm, Fleishman was in the habit of assisting the cashier in making change during the busy

hours of the day and whenever he went behind the cash desk there was invariably a shortage of \$3 to \$10. It is the intention of the firm to prosecute Fleishman to the full extent of the law.
