The next day he had her at Oregon City in imaginary pursuit of one Frank Miller, whom he told Miss from the control of the Miss La Fore claims that Sabo repre-sented himself to her as a secret-service Fore, believing that she knew who Miller was and where he was located, and upon the promise from Sabo that she would receive \$50 of the \$100 reward which Sabo said was offered for the capture of the deserter, accompanied Sabo to these cities. In was only when Miss La Fore sought to secure the reward at the federal building Monday that she found out the decention.

that she found out the deception.

As the case now stands, Sabo is serv ing 90 days on the rockpile, with a fine of \$206 attached; Secret-Service Operative Thomas B. Foster is awaiting the time until the gay deceiver is free, that he may go after him for impersonating a federal officer; Mrs. Sabo is heartbroken and preparing to get a divorce while Miss La Fore, equally heart-broken at being deceived, is in hiding.

it impossible for the cars to Five cars on Burnside and the same number on Third street were blocked by Teschner's refusal to back his team off the tracks. Patrolman

else," declared P. McDonald, secretary of the State Federation of Labor this morning.

The public owns the city and its public utilities. It is their street railway system to command, and the city has simply for its own convenience granted a franchise to a corporation which controls it. The business men and the public at large are, therefore, as vitally interested in this matter as the men who are holding out for their rights."

It is the view expressed this morning that the Federated Trades' council has sufficient power to force a conclusion of the existing difficulties. It is not deemed advisable to go to extremes and call a general strike, and the terms asked for by both the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen, and those now being emission of the striking carmen and the public at large are, therefore, the had dumped the load of which controls it. The business men and the public at large are, therefore, the had dumped the load of which controls. The would do so after he had dumped the load of which controls, the string and problems, and machine-shop products, carming and meat packing, printing and publishing. Canning and preserving, foundry and machine-shop publishing.

Teschmer retorted that he would do so after he had dumped the load of which cont

che extremes and call a general strike, and the terms asked for by both the striking carmen and those now being employed by the company are not granted, the next move will be to enlist the initiative and referendum—this latter to effect a change in the clauses of the charter of the city and then the building of a municipal road in competition with the present lines. When such a crisis is reached, it is declared that every labor man and all his friends will vote the same ticket.

Future developments in the labor, situation as well as the inseribing of the last chapter of the present troubles between carmen and employers, hinges to a great extent upon the final out come of the meeting tonight of the Federated Trades' council. Any terms made now with the company will demand a reinstatement of the 46 union men who have been discharged, to gether with the granting of one or two of the points included in the first petition presented to the railway officials. The council tonight will act upon the ground that its men are asking for personal rights, aside from the money consideration involved.

The men have wanted nothing but a fair fight with the company, "said Mir.

Case is selected the action packet in the devent of turther riots:

Case of police—In order to make plain to the officers their duty in regard to the effect that the rights of persons and property must be protected at all hazards. "The men have wanted nothing but a fair fight with the company," said Mr. McDonald this morning. "None of those arrested Saturday night belonged to the union, and from the start it has been the determination of both union officials and members to win on the grounds of peaceable negotiations."

Other unions throughout the city are remaining loyal to the street car men. As fast as meetings can be held, the regulations against union men riding on the street cars is being adopted. Members are prohibited from using the service and a penalty of \$25 is imposed for violation of the edict.

Out of 109 arrests arising from the riots last Saturday night but four cases remain for disposition in the police court, a record of which the court officials are proud. The cases heard this morning and their disposition is as follows: Alex Sims, disorderly conduct, fined \$15; Oscar Hosenmayer, refusing to move on, fined \$5; J. H. Fox, drunkenness, fined \$2,50. The cases of Ed Bowen and P. H. Heintz were continued for sentence. M. Walling will have his trial tomorrow and J. G. Nash Friday morning. The charges against L. Sall-

Consequence of Proposition Submitted.

The association last evening elected the following directors to serve for three years: Charles Coopey, R. J. Holmes, Thomas B. Kay, Walter A. Goss, O. E. Heintz, J. P. Wilbur, George Lawrence, T. J. Armstrong. Reports were read by the president, Fletcher Linn, and Secretary C. H. McIsaac. Mr. Linn referred to the steady increase of manufacturing institutions that are being established in Oregon. In Portland there is a large increase in the manufacture of chairs. The Oregon Chair company has erected a building 60 by 180 feet adjoining the Oregon Furniture Manufacturing company's plant at Fulton, and is spending nearly \$100,000 installing a factory that will employ 125 men. The Doernbrecher Manufacturing company will establish, at East Twenty-eighth atreet and the Sandy road, a chair factory to cost \$50,000 and emchair factory to cost \$50,000 and em-ploy 50 to 75 men. There are numerous other new manufacturing plants locat-ing in Portland, without bonus or tender of free sites. It is urged that the best support and assistance Portland and Oregon can give to infant indus-tries in this state is to patronize them buying their products in preference imported goods.

Growth of Industry. President Linn's report, quoted from the twelfth census, shows in Portland 3,088 manufacturing establishments at

the twelfth consus, shows in Portland 3.088 manufacturing establishments at the present time, with 17,226 wage-earners, and products valued at \$46,000,587. A comparative summary for the 13 leading industries in the state for 1800 and 1905 shows an increase of 47 per cent. These industries are lumber and timber products, flour and grist mill products, wholesale slaughtering and meat packing, printing and publishing, canning and preserving, foundry and machine-shop products, cheese, butter and condensed milk, paper and wood pulp, bread and bakery products, cars, liquors, malt, woolen goods. In Portland 157 incorporated companies, constituting 36 per cent of the

fined \$15; Oscar Hosenmayer, refusing to move on, fined \$5. J. H. Fox, drunk-enness, fined \$2.50. The cases of Ed Bowen and P. H. Heintz were continued for sentence. M. Walling will have his trial tomorrow and J. G. Nash Friday morning. The charges against L. Salling, R. E. Bullis, T. F. Brown, H. A. Slocum, H. C. Hoyle and T. Glenn were dismissed.

MEXICANS FIRE UPON
THEIR OWN SOLDIERS

(Journal Special Service.)

El Paso, Tex., Dec. 15.—Mexican soldiers, while gathering wood in a forest along the Rio Grande international boundary line, were fired upon from ambush by a party of Mexicans concealed on the American side of the river. One Mexican trooper was wounded, but the troopers did not return the fire, as they had no arms with them at the time. Some Mexicans who fired the shots were seen to run away shortly after the attack. The El Paso officers were notiliar.

After Julius Sabo Gets Through Consolidation May Result as Highwaymen Take Advantage of Fact That Police Are Absent From Beats.

Notifies the Police. After satisfying themselves that the youth did not possess any other valuables, he was ordered to walk across the street with his hands in the air and not to make an outery under penalty of death. After walking a short distance Abrahamson ran to his home and notified the police. Detectives Mallet and Baty were detailed to interview him and secure a description of the bandits.

This the officers were investigating Thile the officers were investigating the case and hardly more than 20 min utes after the robbery, J. A. McElroy o 245 Second street was stopped at the point of a gun at Second and Mill streets by two men answering in every particular with the highwaymen who had robbed Abrahamson. McElroy was relieved of \$20 but the footpads in their

relieved of \$20 but the footpads in their haste overlooked a wallet containing \$120, which was in a hip pocket.

A few minutes later First Officer Gillman of the steamer Franklin, while walking across the steel bridge on his way to his vessel was held up by a lone highwayman, but instead of complying with the thug's command to stop, took to his heels and raced to a place of safety. Gillman was unable to furnish a description of the crook other than he was of medium stature and carried a revolver.

Acting upon the descriptions given by McEiroy and Abrahamson, Detectives Mallet and Baty took up the search for the footpads. In Blagier's First street saloon their attention was attracted by two young men engaged in a game of pool. The pair corresponded exactly with the men wanted and the officers determined to watch them. At the same time the men became suspicious of Baty and Mallet and held a whispered consultation. The shorter of the two, who gave the name of L. W. Gracco when gave the name of L. W. Gracco when arrested, started toward the rear of the place, while his companion. William Crook, deathly pale, remained at the pool table. Mallet followed Gracco and upon searching him found a 38-caliber resolvent in his his rocket.

delay to police headquarters. Crook, who is 19 years of age, and the son of M. S. Crook, a well known St. Johns grocer, was booked on a charge of vio-lating the law forbidding minors to visit saloons, while Gracco was charged with

his budget to the question of higher salaries for city employes. He suggested that all firemen and policemen in the city were entitled to \$100 - a

MRS. SAGE MAKES TROUBLE TOLD COMMISSION

Tract Worth Three Hundred Washington Towns Seize Oppor-Thousand to New York

\$1.00

University.

(Journal Special Service.)
New York, Dec. 18.—Mrs. Russel Sage has purchased and presented to New York university, a valuable plot of ground known as the Schwab farm, consisting of 15 acres, adjoining the university grounds.

Chancellor MacCracken today and although he did not make known the name of the donor, it was subsequently learned that Mrs. Sage was the person

electing H. A. Fairchild president.

Telegrams were received from Dayton stating there was no coel on hand and no prospect of getting any. Pomeroy sent in a similar report. The situation is improving at Elienaburg. Wenatchee reports the coal condition is becoming alarming, and much freight ordered months ago has not yet been received.

Governor Mead's letter to the committee appointed reads: learned that Mrs. Sage was the person to whom he referred.

Mrs. Sage intended the tract of land as a Christmas gift. She is a great friend of Heien Gould, who is a graduate of the New York University law school and who gave the university its Hall of Fame and library building. Mrs. ment to ascertain the reasons for the shortage, to determine what relief can be secured and to formulate a plan for remedying the present deplorable con-

school and who gave the university its Hall of Fame and library building. Mrs. Sage and Miss Gould have long been intimate friends of Chancellor and Mrs. MacCracken.

The cost of the land was \$300,000.

Chancellor MacCracken has frequently made it plain that he has great plans for the future of New York university, which would be greatly advanced by increasing the area of the college campus to \$7 acres.

Mrs. Sage today lent \$1,500,000 to a land purchase company on a piece of property on Wall street. That company is now erecting a building on the tract. The mortgage on the property is at four and one-half per cent and it is due in \$910. Mrs. Sage recently lent \$2,500,000 on the New York Hippodrome and \$1,650,000 on the Hotel Breslin. All of these loans were at four and one-half per cent and are due in 1910.

MAYOR FILES
ANNUAL BUDGET

Gives Statement of Estimates for Coming Year to the Council.

Mayor Lane filed his annual budget of estimate and receipts this afternoon at the council meeting. He reported that the expenses of the fire department for the year 1905 had been \$306,604 and estimated that it would require \$469,498.25 for the coming year. The police department spent \$128,514.50 in 1905, and will need \$87,415 in 1907.

The street repair fund for 1906 used \$85,000 and will need \$87,415 in 1907.

The mayor paid special attention in his budget to the question of higher salaries for city employes. He sug-

BROKER CHARGED AS EMBEZZLER OF BONDS

(Journal Special Service.)
Chicago, Dec. 19.—Charles Breiten-bach, a broker, is charged in a warrant issued this afternoon with falling to account for \$23,000 worth of bonds of the Boston & Colorado Copper Mining company, which Frederick H. Collins, president of the company, of Boston, says the defendant sold, having been entrusted with the sale of \$105,000 worth.

FULTON'S AMENDMENT APPROVED BY COMMITTEE

Washington, D. C., Dec. 12.—Senator Fulton today received the approval of the public lands committee of his amendment to the timber and stone bill by which 20 per cent of the receipts from the sales of lumber shall be given to the dounties from which the timber is sold.
