

PORTLAND, OREGON, FRIDAY EVENING, DECEMBER 21, 1906.

DR. BELL RESIGNS PASTORATE

Baker City Preacher to Leave His Church After Fourteen Years of Service.

SPEND WINTER RESTING THEN TAKE TRIP ABROAD

Prominent in Masonic Circles and Candidate for Office of Grand Chaplain at Next Meeting of Grand Lodge.

(Special Dispatch to The Journal.) Baker City, Or., Dec. 21.—After serving in the local pastorate of the First Presbyterian church for 14 years, Dr. J. R. M. Bell, grand chaplain of the Masonic lodge for the past 13 years and one of the most widely known and popular divines in the west today, has tendered his resignation, which has been accepted by the presbytery.

Dr. J. R. M. Bell.

He will continue his pastoral duties here until the first of the year, when he will go to Portland to join Mrs. Bell. He will then determine upon his future home, which will probably be the metropolis or some city in the Willamette valley. Probably he will spend the winter and spring of next year at the home of his daughter in Vallejo, California.

After the Masonic grand lodge meeting in June, Rev. Bell will accompany Professor J. B. Hornum on the Oregon Agricultural college at Corvallis on a trip abroad. They will spend 90 days in seeing the old country and the holy land, but will not join one of the many touring parties, preferring to make the journey independently.

From the Willamette valley, where he served in the pastorates of Corvallis and Roseburg, Dr. Bell came to Baker 14 years ago. He entered the ministry in 1866 at Wytheville and came to Oregon in 1874. Since then he has continued his study and taken letters in Princeton and the Oregon State university.

Dr. Bell has been prominent in Masonic circles and at the next grand lodge meeting he will be a candidate for grand chaplain, which office he has held for 13 years, being the oldest grand chaplain in the point of service in the world, and if elected again will have served longer in the office than any other man since the days of King Solomon, so far as the records of masonry exist.

SILVERTON LIGHT PLANT COMES TO SALEM'S AID

(Special Dispatch to The Journal.) Salem, Dec. 21.—The Capital City in utter darkness would have been the result of an accident at the local plant if the Silverton plant had not come to the rescue. One of the large engines was put out of commission last evening by the working loose of a piston which knocked out the cylinder head, entailing a loss of nearly \$2,000 to the company. While the remaining equipment would handle the load of the plant quite satisfactorily it would have been taxed to its utmost, but with the assistance of the Silverton plant the load can be carried easily. It will be six weeks before the parts for the incriminated machine will again resume work. The Silverton and the Salem electric plants are owned by the Portland General Electric company.

CONTRACTS AWARDED FOR ASYLUM SUPPLIES

(Special Dispatch to The Journal.) Salem, Or., Dec. 21.—Awards for the supplies at the state insane asylum for the next six months were made yesterday. George Pendrich of Salem secured the contract for the meat on a bid of 6 cents for beef and mutton 10 cents, hams 16 cents. If the samples to be submitted are satisfactory. The flour contract was awarded to Balfour, Guthrie & Co. at \$3.05 per barrel; the fish supplies go to W. S. Pitts, the drugs to Z. J. Riggs, hardware to Spencer & Co., tinning to Pearce & Co., all of Salem. On many articles, such as clothing, groceries and other commodities the awards have not as yet been made.

WREATHS worth doing is worth doing well. If you wish to be cured of Rheumatism, use Bullard's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navesota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." For sale by all druggists.

THIS WORK IS GLORIOUS

The letters below are but a part of one week's letters. We are carrying hope and happiness into homes clouded by Bright's Disease and Diabetes. See what an interest the druggists, too, are taking in this work. These letters are from all over the United States. From O. F. Safford, druggist, Flint, Michigan: "Mr. Arthur McIntyre of this city was so bad with Bright's Disease his friends gave up all hope. He was put on the Renal Compound and is today well and in business. Also Mr. Justus C. Goodwin was sick in bed over a year. Had been tapped and after a consultation the physicians gave him up. Has been now on your Renal Compound six to eight months and is at work every day. A great surprise to all."

From W. G. Shepard, druggist, Everett, Washington: "I report the following: Woman middle age; in a very bad condition; both albumen and sugar; told by physician case hopeless. After treatment with Diabetic Compound by an entirely comfortable condition and believes cure is complete." From William D. Duncan, druggist, Ottawa, Illinois: "We have a gentleman here, a Mr. Blodgett, who the physician said would live six months. He started on Fulton's Renal Compound and kept getting better. He is still alive and comes into our store almost daily. He says he would have been in his grave if he had not taken it. We also have others."

From J. H. Wright, Mineral Wells, Texas: "Let me state the condition I myself was in. I was taken sick four years ago. Doctor said it was Bright's. A month later the dropsy came. Was then in bed four months. Heard of your Fulton's Compound and sent for a dozen. The sixth found me improving. Sent for two dozen more. The following March was examined by an expert and pronounced sound. Am now in fine health. It is the greatest thing in the world."

From Walter T. Overton, druggist, Geneva, Ohio: "On August 27 you sent me an offer which I turned down, never having heard of your compounds. Since then I have heard of a case of Bright's Disease being cured by it after the doctor had given him up. If not too late I will take that offer."

From Frank Edmondson & Bro., druggists, Atlanta, Georgia: "We started three years ago with a hundred dollar order. Our last order was for a thousand dollars. We have been a number of recoveries here, and we now have a number of patients on the compounds and all are doing well. We know of no preparation that we have the same confidence in."

From H. G. Anderson, druggist, Nespecon, Idaho: "I gladly took all the Renal Compound Mr. Mocklers brought with him. The results in his case and our efforts have gotten several persons on it and we have not had a single one of them say that it is not helping them, on the contrary they are all being helped."

From Sherman & McConnell Drug Company, Omaha: "We believe that Dr. _____ of this city will give you a testimonial in his own case of Bright's Disease. He became almost blind and took the Renal Compound with great satisfaction. He is a regular graduate. We have not the doctor but think he will give them."

From Eddy & Co., druggists, Sonoma, California: "It is surprising the number of people who have been cured, and there are a number whose lives have been prolonged. Our physician has also prescribed the compound for several years with excellent results."

From R. E. Laughlin, druggist, San Jose, California: "Your compounds have effected wonderful cures in this city. One in particular, a Mr. Emerson, was given up by several physicians. He is now strong and well again."

From R. M. Flak, druggist, Springfield, Missouri: "There have been several cures from Bright's Disease in our city. Among them was a Mr. Williams, who had to be carried to the springs for treatment. Is now well and attending to business."

Above are but part of one week's letters, but no room for more. The lovely and stimulating fact is that Bright's Disease, Diabetes and serious Kidney Diseases, universally believed incurable and fatal, are now positively curable in nearly nine tenths of all cases.

For Bright's and serious kidney disease, get Fulton's Renal Compound. Diabetics will ask for "Fulton's Diabetic Compound." Send for booklet. John J. Fulton Co., 5210 San Pablo avenue, Oakland, California. Get from your druggist. Druggists supplied by Clark, Woodard Drug Co., wholesale druggists, Portland, Oregon.

PLAN TO HAVE INJURED SHIPPERS MEET AGAIN

Car Shortage Sufferers Likely to Gather for the Second Time.

(Special Dispatch to The Journal.) Albany, Or., Dec. 21.—A plan to have a second meeting of shippers and those interested in the car shortage question is being formulated by the citizens and residents of the valley. This meeting is to be held in Albany possibly a week before the legislature convenes in session.

Much feeling exists over the situation and a sentiment prevails that legislation that shall be effective is the only solution to the question. The object is to have a large and an enthusiastic gathering as is possible of the valley shippers and those having products tied up awaiting shipments, so as to impress the state law-making body with the necessity of prompt and effective laws to control the situation. It was shown that the county had suffered beyond the possibility of a full estimate from the discrimination practiced by the railroad authorities. The citizens of Linn are determined that the present situation shall never again be possible and intend to make themselves heard regarding the true state of affairs, trusting.

It was decided to appoint a committee of five to meet with the Eugene Commercial club and endeavor to reach an understanding and have the matters adjusted without recourse to the legislative bodies of the state. It is contended by the county that a boundary established in 1887 an error was committed and that Linn is now

Let Santa Claus BRING YOU SOMETHING USEFUL AND PRETTY

The time when people invested good money in trashy, non-lasting presents has passed. Only presents that stand the test of time are appreciated.

Furniture Makes Ideal Gifts

A FEW HINTS
